proceedings we have encouraged interested parties to provide an executive summary of their briefs that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹² Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹³

Interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, using Enforcement and Compliance's ACCESS system within 30 days of publication of this notice.¹⁴ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the case and rebuttal briefs. If a request for a hearing is made, we will inform parties of the scheduled date for the hearing at a time and location to be determined.¹⁵ Parties should confirm by telephone the date, time, and location of the hearing no fewer than two days before the scheduled date. Parties are reminded that all briefs and hearing requests must be filed electronically using ACCESS and received successfully in their entirety by 5:00 p.m. Eastern Time on the due date.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), Commerce will issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their case briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

If the weighted-average dumping margin for Hulamin Operations is above *de minimis* (*i.e.*, 0.50 percent) in the final results of this review, we will calculate importer-specific *ad valorem* antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹⁶ If the respondent has not reported entered values, we will calculate a per-unit assessment rate for each importer by dividing the total amount of dumping calculated for the examined sales made to that importer by the total quantity associated with those sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis* (*i.e.*, 0.50 percent). Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁷

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by the respondent for which it did not know that the merchandise was destined for the

United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair value (LTFV) investigation (*i.e.*, 8.85 percent)¹⁸ if there is no rate for the intermediate company(ies) involved in the transaction.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of the final results of the administrative review for all shipments of common alloy aluminum sheet from South Africa entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results, as provided by section 751(a)(2) of the Act: (1) the cash deposit rate Hulamin Operations will be equal to the dumping margin established in the final results of this review, except if the ultimate rate is *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 8.85 percent, the all-others rate established in the antidumping duty investigation.¹⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

¹² We use the term "issue" here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

¹³ See APO and Service Procedures.

¹⁴ See 19 CFR 351.310(c).

¹⁵ See 19 CFR 351.310.

¹⁶ In these preliminary results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012).

¹⁷ See section 751(a)(2)(C) of the Act.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213(h)(2), and 19 CFR 351.221(b)(4).

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Capital Construction Fund Agreement, Certificate Family of Forms and Deposit/Withdrawal Report

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on March 31, 2025 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Capital Construction Fund Agreement, Certificate Family of Forms and Deposit/Withdrawal Report.

OMB Control Number: 0648–0041.

Form Number(s): NOAA Form 34–82 and 88–14.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 1,225.

Average Hours per Response: Capital Construction Fund: Deposit/Withdrawal Report—2 hours; Family of Forms—1.5 hours; and Application/Agreement—2 hours.

Total Annual Burden Hours: 2,020 hours.

Needs and Uses: This is a request for renewal of an approved information collection. The Merchant Marine Act of 1936, as amended by Public Law 91–469 and Public Law 99–514, provides for the administration of a Capital Construction Fund (CCF) Program by NOAA's National Marine Fisheries Service (NMFS). The law requires that applicants enter into formal Agreements with the Secretary of Commerce. The Agreement allows the fishermen to defer taxable income from operation of their fishing vessels if the money is placed into an account to fund the construction, reconstruction, or replacement of a fishing vessel. The program requirements are detailed at 50 CFR part 259. The Agreement is a contract between the Secretary of Commerce and the Agreement holder specifying the obligations of each party. Schedule A specifies the vessel which earned the income which is eligible for deposit into a CCF account. Schedule B specifies the construction, acquisition, or reconstruction objectives planned under the Agreement. The Certificate of Construction/Reconstruction certifies the total cost at completion of Schedule B objectives.

Under a CCF Agreement, the participant cannot deposit more than the amount specified at 46 U.S.C. 53505. NMFS must approve any withdrawals made before they take place. It is essential that a reasonably detailed record be kept of each participant's deposit/withdrawal activity. If withdrawn monies are not used for allowed purposes, the withdrawn amount (a nonqualified withdrawal) is considered income to the participant in the year withdrawn and taxed at the highest marginal tax rate for the entity involved.

Respondents will be commercial fishing industry individuals, partnerships, corporations and limited liability companies which entered into CCF agreements with the Secretary of Commerce. The information collected from applicants for the CCF Agreement (NOAA Form 88–14) is used to determine their eligibility to participate in the CCF Program. The information collected from agreement holders for the

Certificate Family of Forms is used to identify their program eligible vessels, their program projects, to certify the cost of a project at completion and to determine the remaining tax basis of the qualified vessel. The information collected on the Deposit/Withdrawal Report (NOAA Form 34–82) is required to ensure that agreement holders are complying with fund deposit/withdrawal requirements established in program regulations and properly accounting for fund activity on their Federal income tax returns. The information collected on the Deposit/Withdrawal Report must also be reported semi-annually to the Secretary of Treasury in accordance with Public Law 115–97.

The information collection previously listed as 'CCF Family of Forms' was broken into five separate collections in order to provide more granularity into the collection. These are not new requirements and do not change the information collected, rather they provide greater detail into the use and frequency of the information collected.

Affected Public: Businesses.

Frequency: Once for Application and Agreement, annually for Deposit/Withdrawal Report, and varied for CCF Family of Forms.

Respondent's Obligation: Required to Obtain or Retain Benefits.

Legal Authority: The Merchant Marine Act of 1936, as amended by Public Law 91–469 and Public Law 99–514.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0041.
