Background and Purpose

In 1994, the Coast Guard (USCG) and the Research and Special Programs Administration (RSPA) of the Department of Transportation, the U.S. Environmental Protection Agency (U.S. EPA), and the Minerals Management Service (MMS) of the Department of Interior, coordinated the development of the National Preparedness for Response Exercise Program (PREP) Guidelines to provide guidelines for compliance with the Oil Pollution Act of 1990 (OPA 90) pollution response exercise requirements (33 U.S.C. 1321(j)). The guiding principles for PREP distinguish between internal and external exercises. Internal exercises are conducted within the plan holder's organization. External exercises extend beyond the plan holder's organization to involve other members of the response community. External exercises are separated into two categories: (1) Area exercises, and (2) Government-initiated unannounced exercises. These exercises are designed to evaluate the entire pollution response mechanism in a given geographic area to ensure adequate response preparedness.

A National Schedule Coordination Committee (NSCC) was established for scheduling these Area exercises. The NSCC is comprised of personnel representing the four Federal regulating agencies—the USCG, U.S. EPA, MMS, and RSPA's Office of Pipeline Safety (OPS). Since 1994, the NSCC has published a triennial schedule of Area exercises. In short, the Area exercises involve the entire response community (Federal, State, local, and industry

participants) and therefore, require more extensive planning than other oil spill response exercises. The PREP Guidelines describe all of these exercises in more detail.

PREP Schedule

In the PREP exercise notice for 2004 through 2006 published on October 16, 2003 (68 FR 59627), we provided in Table 1 a lists of the dates and **Federal Register** cites of past PREP exercise notices.

This notice announces the next triennial schedule of Area exercises. The PREP schedule for calendar years 2005, 2006, and 2007 for Government-Led and Industry-Led Area exercises is available on the Internet at http://www.uscg.mil/hq/nswfweb/nswfcc/prep/PREP_Ex_Schedule_05-07.pdf. If a company wants to volunteer for an Area exercise, a company representative may call either the Coast Guard or EPA On-Scene Coordinator (OSC) where the exercise is scheduled.

PREP Guidelines and Workshop

The NSCC is considering whether or not to hold a public workshop on the state of the PREP. If there are issues or concerns related to the PREP and its Guidelines, please submit your comments using the procedures described under the **ADDRESSES** section of this notice. If sufficient interest exists, the NSCC may hold a public workshop in calendar year 2005.
