Information Collection Request Title: Federal Tort Claims Act (FTCA) Program Deeming Applications for Free Clinics—OMB No. 0915–0293—Extension.

Abstract: Section 224(o) of the Public Health Service (PHS) Act (42 U.S.C. 233(o)), as amended, authorizes the “deeming” of certain individuals as PHS employees for the purposes of receiving Federal Tort Claims Act (FTCA) coverage. Section 224(o) relates to employees, officers, and contractors at qualifying free clinics. The Free Clinics FTCA Program is administered by HRSA’s Bureau of Primary Health Care (BPHC). Sponsoring free clinics are required by law to submit deeming applications in the specified form and manner on behalf of named individuals for review and approval, resulting in a “deeming determination” that includes associated FTCA coverage for these individuals.

Need and Proposed Use of the Information: Deeming applications must address certain specified criteria required by law for deeming determinations to be issued, and FTCA application forms are critical to BPHC’s deeming determination processes. These forms provide BPHC with the information necessary to evaluate an application and determine whether an individual meets the requirements for deemed PHS employee status for the purposes of FTCA coverage. FTCA application forms for free clinics do not require any changes with this extension other than to update the applicable

dates. In response to a **Federal Register** notice announcing the FTCA Program deeming applications for Free Clinics published on June 23, 2017 (Vol. 82, No. 120, pages 28667–28668), BPHC received several comments requesting that FTCA eligibility be extended to free clinics as entities. In response, BPHC notes that per Section 224(o) of the PHS Act (42 U.S.C. 233(o)), FTCA coverage cannot be extended to the free clinic as an entity. Rather, coverage is only available to eligible and approved free clinic-sponsored individuals. BPHC notes that the estimated number of responses per respondent has increased from one to three annually due to sponsoring free clinics submitting a greater number of supplemental applications on behalf of individuals who on-board throughout a calendar year.

Likely Respondents: Respondents include free clinics seeking deemed PHS employee status on behalf of their sponsored individuals for purposes of FTCA coverage.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
FTCA Program Deeming Application for Free Clinics	228	3	684	2	1,368
Total	228	3	684	2	1,368
