Northern Wasco People's Utility District; Notice of Preliminary Permit Application Accepted For Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

September 22, 2010.

On August 23, 2010, Northern Wasco People's Utility District (Northern Wasco PUD) filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the White River Falls Hydroelectric project near Maupin, Wasco County, Oregon. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project calls for redevelopment of a hydroelectric project constructed in 1902 and decommissioned in 1963. Northern Wasco PUD proposes to reconstruct, replace, and repair some existing features, as well as build new features at the site.

The proposed project will consist of the following: (1) New head works; (2) anchors placed throughout the existing weir; (3) a new 600-foot-long, 6-foot-diameter penstock to be constructed at the site of the old structure; (4) a new powerhouse with two turbine/generator units with an installed capacity of 3.4 to 4.0-megawatts; (5) a 4.15-kilovolt, 1,800-foot-long, underground transmission line connecting to an existing substation; and (6) appurtenant facilities. The estimated annual generation of the White River Falls project is 16,000 megawatt-hours.

Applicant Contact: Bob Guidinger, Hydro Dept Manager, Northern Wasco PUD, 2345 River Road, The Dalles, OR 97058; *phone:* (541) 298–3325.

Arkansas Western Gas Company; Notice of Compliance Filing

September 23, 2010.

Take notice that on September 17, 2010, Arkansas Western Gas Company (AWG) filed pursuant to an August 20, 2010, Letter Order which required AWG to file within 30 days of the issuance of the August 20 order a stand alone statement of rates that includes all currently effective maximum and minimum rates and fuel charges.

Any person desiring to participate in this rate filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or

protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s).
