BILLING CODE 9110-12-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-885]

Certain Portable Electronic Communications Devices, Including Mobile Phones and Components Thereof; Commission Determination Not To Review an Initial Determination Granting Joint Motion To Terminate the Investigation In Its Entirety Based on Settlement; Termination of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination ("ID")

(Order No. 23) of the presiding administrative law judge ("ALJ") granting joint motion to terminate the investigation in its entirety based on settlement.

FOR FURTHER INFORMATION CONTACT: Michael Liberman, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-3115. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its

Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation under section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, on June 26, 2013, based on a complaint filed by Nokia Corporation of Espoo, Finland and Nokia Inc., of Sunnyvale, California (collectively, "Nokia"). The complaint, as supplemented, alleges a violation of section 337 by reason of infringement of certain claims of U.S. Patent Nos. 6,035,189 ("the '189 patent"); 6,373,345; 6,711,211 ("the '211 patent"); 7,187,945; 8,140,650 ("the '650 patent"); and 8,363,824. 78 FR 38362 (Jun. 26, 2013). The respondents are HTC Corporation of Taoyuan City, Taiwan, and HTC America, Inc. of Bellevue, Washington (collectively, "HTC"). Subsequently, third party Google Inc. ("Google") intervened as a party in this investigation with respect to three of the six patents, namely the '189, '211 and '650 patents. 78 FR 49764 (Aug. 15, 2013). The complaint was amended to add U.S. Patent No. 7,366,529 and to add Nokia's recently launched domestic industry products. 78 FR 56737 (Sept. 13, 2013).

On February 10, 2014, complainants Nokia and respondents HTC (collectively, "the Moving Parties") filed a joint motion to terminate the investigation in its entirety. On February 25, 2014, the Moving Parties filed a corrected public version of the motion and corrected exhibits in support of the motion, including redacted public versions of the settlement agreements. The Moving Parties aver that intervenor Google does not oppose the motion to terminate the investigation.

On February 25, 2014, the ALJ issued an ID (Order No. 23). The ALJ found that termination of this investigation does not impose any undue burdens on the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers. Order No. 23 at 5. The ALJ granted the motion to terminate. No party petitioned for review of the ID, and the Commission has determined not to review it.

The authority for the Commission's determination is contained in section

337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order to the Commission.

Issued: March 14, 2014.

Lisa R. Barton,

Acting Secretary to the Commission.

BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-850]

Certain Electronic Imaging Devices; Commission Determination To Reverse the Finding of Violation of Section 337; Termination of the Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to reverse the final initial determination ("ID") issued by the presiding administrative law judge ("ALJ") on September 30, 2013, finding a violation of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("Section 337") in the above-captioned investigation. The Commission finds no violation of Section 337. The investigation is terminated.

FOR FURTHER INFORMATION CONTACT: Jia Chen, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 708-4737. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 29, 2012, based on a complaint filed by Flashpoint Technology, Inc.

("Flashpoint") of Peterborough, New Hampshire, alleging violation of Section 337 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain electronic imaging devices by reason of infringement of certain claims of U.S. Patent Nos. 6,504,575 ("the '575 patent"), 6,222,538 ("the '538 patent"), 6,400,471 ("the '471 patent"), and 6,223,190 ("the '190 patent"). The notice of investigation named the following respondents: HTC Corporation of Taoyuan, Taiwan and HTC America, Inc. of Bellevue, Washington (collectively, "HTC"); Pantech Co., Ltd. of Seoul, Republic of Korea and Pantech Wireless, Inc. of Atlanta, Georgia (collectively, "Pantech"); Huawei Technologies Co., Ltd. of Shenzhen, China and FutureWei Technologies, Inc. d/b/a Huawei Technologies (USA) of Plano, Texas (collectively "Huawei"); and ZTE Corporation of Shenzhen, China and ZTE (USA) Inc. of Richardson, Texas (collectively "ZTE"). The '575 patent and respondent Pantech have been terminated from the investigation. The Commission Office of Unfair Import Investigations did not participate in this investigation.

On September 30, 2013, the ALJ issued a final ID finding a violation of Section 337 by HTC. Specifically, the ALJ concluded that two of the accused HTC smartphones, *i.e.*, the HTC Vivid and HTC Droid Incredible 4G LTE, infringe the asserted claims of the '538 patent. The ALJ found, however, that none of the other accused HTC smartphones infringes the asserted claims of the '538 patent and that none of the accused HTC, Huawei, or ZTE smartphones infringes the asserted claims of the '471 patent or the '190 patent. The ALJ found that the smartphones of Flashpoint's licensees Apple Inc. ("Apple") and Motorola Mobility Holdings, Inc. ("Motorola") meet the technical prong of the domestic industry requirement with respect to the '538 patent, but that none of the licensed Motorola or Apple smartphones meet the technical prong of the domestic industry requirement with respect to either the '471 or '190 patents. The ALJ found that Flashpoint established the economic prong of the domestic industry requirement under Sections 337(a)(3)(A), (B), and (C) with respect to all of the asserted patents. The ALJ also found that HTC has not established that the asserted patents are invalid in view of the prior art or the on-sale bar. The ALJ further found that the '190 and '538 patents are not
