ACTION: Notice of a public workshop.

SUMMARY: NMFS will hold a workshop for participants in the Bering Sea and Aleutian Islands Crab Rationalization Program who are required to submit a crab Economic Data Report.

DATES: The workshop will be held on Friday, July 17, 2009, from 9:00 a.m. to 5:00 p.m. Pacific standard time.

ADDRESSES: The workshop will be held at the Pacific Seafood Processors Association office Conference Room, 1900 W. Emerson Place, Number 205, Seattle, WA 98119.

FOR FURTHER INFORMATION CONTACT: Dr. Brian Garber-Yonts, AFSC, 206-526-6301 or Steven K. Minor at 360-440-4737.

SUPPLEMENTARY INFORMATION: NMFS Alaska Fishery Science Center staff and the Pacific Northwest Crab Industry Advisory Committee are holding a workshop for Crab Rationalization Program fishing industry members to review, discuss, and comment on draft revised crab economic data report (EDR) forms to improve the quality of information collected in the Bering Sea and Aleutian Islands Crab Rationalization Program. The revised EDRs are intended to address critical data quality limitations resulting from the design of the existing forms. The workshop is intended to ensure that NMFS receives consistent and accurate information. Participation from individuals involved in completing the EDR forms is important. This workshop is part of a process to respond to the North Pacific Fisheries Management Council's Crab Rationalization Program economic data collection requirements. The workshop discussion also will address "Best Practices" recommendations for recordkeeping and data validation documentation issued by the EDR auditor.

This is NOT a committee meeting or a presentation or discussion of any analysis. It is a workshop for industry input on EDR forms. It is open to the public and any interested stakeholders.

Copies of the draft revised EDR forms and other relevant documents can be downloaded from the NMFS Alaska Regions BSAI CRAB EDR website at: http://www.fakr.noaa.gov/sustainable_fisheries/crab/rat/edr/default.htm

This workshop is physically accessible to people with disabilities. Requests for special accommodations should be directed to Brian Garber-Yonts (see **FOR FURTHER INFORMATION CONTACT**) by DATE.

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Council) Ad Hoc Salmon Plan Amendment Committee (SPAC) will hold a meeting to initiate planning and develop draft alternatives for an amendment to the Salmon Fishery Management Plan (FMP) to address the Magnuson-Stevens Act (MSA) requirements for annual catch limits (ACL) and accountability measures (AM). This meeting of the SPAC is open to the public.

DATES: The meeting will be held Tuesday, August 4, 2009, from 8:30 a.m. to 5 p.m. and Wednesday August 5, 2009, from 8:30 a.m. to 3 p.m.

ADDRESSES: The meeting will be held at the National Marine Fisheries Service Southwest Fisheries Science Center, 110 Shaffer Road, Santa Cruz, CA 95060; telephone: (831) 420-3900.

FOR FURTHER INFORMATION CONTACT: Mr. Chuck Tracy, Salmon Management Staff Officer, Pacific Fishery Management Council, telephone: (503) 820-2280.

SUPPLEMENTARY INFORMATION: The reauthorized MSA established new requirements to end and prevent overfishing through the use of ACL and AM. Federal FMPs must establish mechanisms for ACL and AM by 2010 for stocks subject to overfishing and by 2011 for all others, with the exceptions of stocks managed under an international agreement or stocks with a life cycle of approximately one year.

On January 16, 2009, NMFS published amended guidelines for National Standard 1 (NS1) of the MSA to provide guidance on how to comply with new ACL and AM requirements. The NS1 Guidelines include recommendations for establishing several related reference points to ensure scientific and management

uncertainty are accounted for when management measures are established.

The purpose of this meeting is to develop recommendations for the scope of issues to be addressed in the FMP amendment process and to develop a work plan and begin drafting alternatives to address those issues.

Although non-emergency issues not contained in the meeting agenda may come before the SPAC for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: July 1, 2009.

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Ni-Resist Piston Inserts From Argentina: Preliminary Affirmative Countervailing Duty Determination

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that countervailable subsidies are being provided to a producer and exporter of Ni-resist piston inserts from Argentina. For information on the estimated subsidy rate, see the "Suspension of Liquidation" section of this notice.

DATES: *Effective Date:* July 6, 2009.

FOR FURTHER INFORMATION CONTACT: Kristen Johnson, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, Room 4014, 14th Street and Constitution

Avenue, NW., Washington, DC 20230; telephone: (202) 482-4793.

SUPPLEMENTARY INFORMATION:

Case History

On January 26, 2009, the Department received the petition for the imposition of countervailing duties filed in proper form by the petitioner.¹ This investigation was initiated on February 17, 2009. *See Ni-Resist Piston Inserts From Argentina and the Republic of Korea: Initiation of Countervailing Duty Investigations*, 74 FR 8054 (February 23, 2009) (*Initiation Notice*), and accompanying Argentina Initiation Checklist.² On March 20, 2009, the Department postponed the deadline for the preliminary determination by 65 days to no later than June 29, 2009. *See Ni-Resist Piston Inserts From Argentina and the Republic of Korea: Notice of Postponement of Preliminary Determination in the Countervailing Duty Investigations*, 74 FR 11910 (March 20, 2009).

Normally for an investigation, the Department selects a respondent(s) based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of investigation (POI). In this case, the Harmonized Tariff Schedule of the United States (HTSUS) category that includes subject merchandise is broad and includes products other than products subject to this investigation. We thus determined that such CBP data would not be informative to our respondent selection. In the petition, petitioner identified Clorindo Appo SRL (Clorindo) as the sole Argentine producer/exporter of subject merchandise to the United States during the POI. We did not receive comments from interested parties on respondent selection. Therefore, we selected Clorindo as the mandatory respondent in this investigation. *See Memorandum from the Team through Melissa Skinner, Director, AD/CVD Operations Office 3, to John M. Andersen, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, titled "Respondent Selection"* (March 4, 2009).

On March 4, 2009, we issued the initial countervailing duty (CVD) questionnaire to the Government of Argentina (GOA) and Clorindo. On March 4 and 27, 2009, petitioner submitted new subsidy allegations. On March 20 and April 6, 2009, the

¹ Petitioner is Korff Holdings, LLC d/b/a Quaker City Castings.
