SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-66481; File No. SR-NYSEAmex-2012-10]

Self-Regulatory Organizations; NYSE Amex LLC; Notice of Filing of Proposed Rule Change Amending NYSE Amex Rule 476A To Update Its "List of Equities Rule Violations and Fines Applicable Thereto"

February 28, 2012.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on February 16, 2012, NYSE Amex LLC (the "Exchange" or "NYSE Amex") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Amex Rule 476A to update its "List of Equities Rule Violations and Fines Applicable Thereto." The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and www.nyse.com.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below,

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend NYSE Amex Rule 476A to update its "List of Equities Rule Violations and Fines Applicable Thereto" ("Rule 476A List") to (i) make technical, non-substantive changes to conform the list to previously-approved changes in Exchange rules, (ii) update the rules relating to conduct by Designated Market Makers ("DMM"); and (iii) add rules relating to conduct by DMMs.

Background

Under the Exchange's Minor Rule Violation Plan, NYSE Amex Rule 476A ("Rule 476A"), the Exchange may impose a fine, not to exceed \$5,000, on any member, member organization, principal executive, approved person or registered or non-registered employee of a member or member organization for a minor violation of certain specified Exchange rules (a "summary fine"). Summary fines provide a meaningful sanction for rule violations when the violation calls for stronger discipline than an admonition or cautionary letter, but the facts and circumstances of the violation do not warrant initiation of a formal disciplinary proceeding under Rule 476.

Proposed Non-Substantive Changes to Rule 476A List

The Exchange proposes the following non-substantive changes to update the Rule 476A List, as follows:

- Update the title of NYSE Amex Equities Rule 105
- Update rule references that have been renumbered or harmonized with a FINRA rule: NYSE Amex Equities Rules 72(b) to 72(d); 79A.30 to 79A.20; 103.12 to 103.11; and 346(b) to 3270
- Delete references to rules that have been deleted: NYSE Amex Equities Rules 104.12 (DMM investment account rule); 123A.30 (percentage orders); 304(h)(2) (reporting rule violation); 346(c), (e), and (f) (Limitations on member organization employment and failure to obtain Exchange approval rule violations); 421 (reporting rule violation); 440F (reporting rule violation); and 440G (reporting rule violation)⁴

⁴ The Exchange also proposes to fix a typographical error in the entry concerning Rule

- Further harmonize the list with the NYSE Minor Rule Violation Plan ("NYSE MRVP"), upon which the Rule 476A List is based, by adding a [sic] violations not currently included in the Exchange's list: Rule 123C—NYSE Amex Equities—Failure to adhere to entry and cancellation procedures for limit-at-the-close and market-at-the-close orders; and Rule 15—NYSE Amex Equities (Pre-Opening Indications)
- Update the description to rules that have been amended: NYSE Amex Equities Rules 411(b) (replacing the description to reflect the amended rule); and 345(a)—NYSE Amex Equities (deleting the reference to Securities Trader Supervisor)

Proposed Updates to Rule 476A List for DMM Conduct Rules

The current Rule 476A List includes rules that govern DMM conduct, e.g., NYSE Amex Equities Rules 104(a)(1)(A) and 104.10. The Exchange proposes to update the Rule 476A List with current rules governing DMM conduct, and, in conformance with the existing NYSE MRVP, add NYSE Amex Equities Rule 123D ("Rule 123D") to the Rule 476A List. The Exchange further proposes to expand the references to NYSE Amex Equities Rules 104 ("Rule 104") and 123D to add new elements to the Rule 476A List.

The Exchange believes that the updates proposed below will provide the Exchange with sufficient flexibility to address DMM failure to meet their obligations. The Exchange recognizes that DMMs may, for many reasons, fail to meet their affirmative obligations as prescribed under Rules [sic] 104 or duties under Rule 123D. In some circumstances, formal disciplinary measures in accordance with Rule 476 are warranted. However, in other instances, formal discipline may be unwarranted, and the Exchange believes that the addition of these Rules to Rule 476A List will provide a more flexible and appropriate tool to enforce potential failure by DMMs to adhere to the requirements set forth in those rules, while preserving the Exchange's discretion to seek formal discipline under the appropriate circumstances. The Exchange believes that the proposed updated rule references cover the same subject matter as are already addressed in the Rule 476A List, albeit in outdated references. In addition, the Exchange believes it is also appropriate to add new elements relating to Rule

[sic] 104 and 123D to the Rule 476A List.

Rule 104

Rule 104 requires, *inter alia*, DMMs registered in one or more securities traded on the Exchange to engage in a course of dealings for their own account to assist in the maintenance of a fair and orderly market, insofar as reasonably practicable, by contributing liquidity when lack of price continuity and depth, or disparity between supply and demand exists or is reasonably to be anticipated.⁵

The Rule 476A List currently includes Rule 104(a)(1)(A), which requires DMMs to maintain a bid or an offer at the National Best Bid and National Best Offer ("inside") at least 10% of the trading day for securities in which the DMM unit is registered with a consolidated average daily volume of less than one million shares, and at least 5% for securities in which the DMM unit is registered with a consolidated average daily volume equal to or greater than one million shares.

The Rule 476A List also includes an outdated reference to Rule 104.10. When the Exchange adopted the New Market Model, it adopted current Rule 104 (on a pilot basis), which does not include a rule reference of 104.10 that is the same as the former Rule 104.10.⁶ However, the subject matter formerly covered in Rule 104.10 continues in the current Rule 104. For example, the text of former Rules 104.10(5) and (6) has been moved in substantially similar form to current Rules 104(g), (h), and (i).

More generally, although the Exchange has deleted former Rule 104.10(1)—(3), the subject matter of those rules has been carried forward in various sections of current Rule 104. For example, former Rule 104.10 specified the functions of DMMs, including the maintenance, in so far as reasonably practicable, of a fair and orderly market. This topic is now covered by Rules 104(a) and (f).

More specifically, former Rule 104.10(1) stated that the maintenance of a fair and orderly market implies the maintenance of price continuity with reasonable depth and the minimizing of the effects of temporary disparity between supply and demand. This subject matter is now covered in Rule

⁵ Rule 104 currently operates on a pilot basis, set to end on July 31, 2012. The Exchange believes that the Rule 476A List should reference those rules that are currently operational, even if operating on a pilot basis.

⁶ See Exchange Act Release No. 59022 (Nov. 26, 2008), 73 FR 73683 (Dec. 3, 2008) (SR-NYSEALTR-2008-10) (adopting the NYSE New Market Model rules at the Exchange).

343—NYSE Amex Equities and replace the term "officer" with "office."

104(f)(ii). Former Rule 104.10(2) concerned a DMM trading for his or her own account when there is [sic] lack of price continuity, lack of depth, or disparity between supply and demand exists or is reasonably to be anticipated. This subject matter is similarly covered in Rule 104(f)(ii). Finally, former Rule 104.10(3) provided that DMM dealings for his own account must constitute a course of dealings reasonably calculated to contribute to the maintenance of price continuity with reasonable depth, and to minimizing the effects of temporary disparity between supply and demand. This is similarly covered in Rule 104(f)(ii). The Exchange further believes that Rule 104(f)(iii), which provides more details about Depth Guidelines, is also related to former Rule 104.10(3). In particular, the Exchange was publishing Depth Guidelines when Rule 104.10 was in effect and the only change in the New Market Model's version of the rule is to codify this aspect of DMM obligations.

The Exchange also believes that the subject matter of former Rules 104.10(1)–(3) is now covered in current Rules 104(a)(2)–(5). Current Rules 104(a)(2)–(5) describe with specificity how a DMM can meet his or her responsibilities and duties to maintain a fair and orderly market, including facilitating openings and re-openings, the close of trading, trading when a liquidity replenishment point is reached, and trading when a “gap” quote procedure is being used. These rule provisions simply provide detail of how a DMM is to meet its fair and orderly obligation. These were functions that specialists formerly performed when they were subject to former Rule 104.10(1)–(3), the difference now being that these functions have been codified in the rule text.

The Exchange further proposes to add to the Rule 476A List Rules 104(b), (c), (d), and (e). The Exchange believes that, similar to Rule 104(a), (f), (g), (h), and (i), the requirements applicable to DMMs in Rules 104(b), (c), (d), and (e) relate to the functions of the DMMs. Because these are DMM obligations for which potential violations can range in severity, including these elements of Rule 104 in the Rule 476A List is consistent with the current inclusion of other aspects of Rule 104.

In addition, the Exchange believes it is appropriate to add Rule 104(a)(1)(B) to the Rule 476A List. Rule 104(a)(1)(B) governs the DMM's new pricing obligations, which were implemented by all equities markets on December 6,

2010.⁷ Accordingly, this provision was not previously included in the Minor Rule Violation Plan. The Exchange believes it is appropriate to add this element of Rule 104 to the Minor Rule Violation Plan to provide greater flexibility with respect to the type of disciplinary measures that may be invoked if there were a violation of this rule. For example, a potential situation that may warrant a summary fine rather than formal disciplinary action could be if a DMM fails to maintain a quote consistent with Rule 104(a)(1)(B), but which does not result in any harm to the market.

As noted above, summary fines provide the Exchange with flexibility to impose an appropriate level of discipline for violations that are more serious than an admonition letter, but for which the facts and circumstances do not warrant formal discipline. The Exchange believes that providing flexibility for violations related to the DMM's new pricing obligations and Rules 104(b), (c), (d), and (e) is in keeping with the spirit of the existing Rule 476A List, which already includes DMM conduct rules.

To reflect these changes, the Exchange proposes to include a single reference to “Rule 104–NYSE Amex Equities requirements for the dealings and responsibilities of DMMs” to the Rule 476A List, which would include all of the subsections of Rule 104 as described above.⁸ The Exchange further notes that these summary fines may be imposed, as applicable, on either an individual DMM, or the DMM unit, as specified in the subsections to Rule 104.

Rule 123D

The Exchange also proposes to include a reference relating to delayed openings in the Rule 476A list, which is consistent with the existing NYSE MRVP. The Exchange further proposes to expand the reference to Rule 123D and include other elements of that rule as being eligible under the Exchange's Minor Rule Violation Plan.

The NYSE MRVP currently provides that “violations of Exchange policies regarding procedures to be followed in delayed opening situations” are eligible for summary fines under the Minor Rule

Violation Plan. Such policies are codified in both NYSE Rule 123D and NYSE Amex Equities Rule 123D. The Exchange proposes to add the requirements of DMMs that are set forth in Rule 123D relating not only to delayed openings, but also to openings, re-openings, trading halts, and tape indications to the Rule 476A List. The Exchange believes that the additional flexibility of determining the appropriate level of discipline for DMM violations of Rule 123D conforms to the purpose of the existing Rule 476A List. In particular, the Exchange notes that adding Rule 123D in its entirety as it relates to DMM conduct is consistent both with the NYSE's proposed rules and with the inclusion of NYSE Rule 15 in the NYSE MRVP, which similarly governs DMM's conduct with respect to pre-opening indications and which, as discussed above, is being proposed to be added to the Rule 476A List.

2. Statutory Basis

The Exchange believes that the proposed rule changes are consistent with, and further the objectives of, Section 6(b)(5) of the Securities Exchange Act of 1934, as amended,⁹ (the “Act”), in that they are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The proposed rule changes also further the objectives of Section 6(b)(6),¹⁰ in that they provide for appropriate discipline for violations of provisions of the Act, the rules and regulations thereunder, and Exchange rules and regulations.

The Exchange believes that the proposed rule changes are designed to prevent fraudulent and manipulative acts and practices because they will provide the Exchange with greater regulatory flexibility to enforce the DMM requirements set forth in NYSE Amex Equities Rules 104 and 123D in a more informal manner while also preserving the Exchange's discretion to seek formal discipline for more serious transgressions as warranted. In addition, the proposed rule change removes impediments to and perfects the mechanism of a free and open market by updating the Minor Rule Violation Plan by updating rule cite references, deleting references to obsolete rules, and for DMM-related rules, both updating the rule references to reflect

⁷ See Exchange Act Release No. 63255 (Nov. 5, 2010), 75 FR 69484 (Nov. 12, 2010) (SR–NYSEAmex–2010–96).

⁸ The Exchange notes that it has separately proposed to delete NYSE Amex Equities Rule 104(a)(6). See Securities Exchange Act Release No. 65735 (Nov. 10, 2011) (SR–NYSEAmex–2011–86). The Exchange further notes that other elements of Rule 104, *i.e.*, Rule 104(j) and supplementary material .05, are not related to DMM obligations, but rather reflect operational aspects of the Exchange.

the current rules that govern the topics currently identified in outdated rule references in the Minor Rule Violation Plan as well as adding additional elements of the rules governing DMM conduct.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action
