SUPPLEMENTARY INFORMATION: The alternative disclosure arrangement established through regulations 29 CFR 2520.104-49 relieves a sponsor of a non-model Simplified Employee Pension (SEP) of most of the reporting and disclosure requirements under Employee Retirement Income Security Act (ERISA) Title I. In addition, the disclosure requirements set forth in the regulation ensure that an administrator of a non-model SEP provides participants with specific written information concerning the SEP. This information collection requirement generally requires timely written disclosure to employees eligible to participate in a non-model SEP, including specific information concerning: Participation requirements; allocation formulas for employer contributions; designated contact persons for further information; and, for employer recommended Individual Retirement Accounts (IRAs), specific terms of the IRAs such as rates of return and any restrictions on withdrawals. Moreover, general information is required that provides a clear explanation of the operation of the non-model SEP; participation requirements, and any withdrawal restrictions; and the tax treatment of the SEP-related IRA. Furthermore, statements must be provided that inform participants of: Any other IRAs under the non-model SEP other than that to which employer contributions are made; any options regarding rollovers and contributions to other IRAs; descriptions of U.S. Department of the Treasury, Internal Revenue Service disclosure requirements to participants and information regarding social security integration (if applicable); and timely notification of any amendments to the terms of the non-model SEP.
