

amount by the total entered value of the sales to that importer.

Cash Deposit Requirements

To calculate the cash deposit rate for each producer and/or exporter included in this administrative review, we divided the total dumping margins for each company by the total net value for that company's sales during the review period.

The following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of wire rod from Trinidad and Tobago entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the company listed above will be the rate established in the final results of this review, except if the rate is less than 0.5 percent and, therefore, *de minimis*, the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent final results in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value ("LTFV") investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 11.40 percent, the "All Others" rate established in the LTFV investigation. *See Wire Rod Orders.*

These cash deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and increase the subsequent assessment of the antidumping duties by the amount of antidumping duties reimbursed.

These preliminary results of this administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 5, 2005.

SUMMARY: The Department of Commerce is fully extending the time limit for the final results of the administrative review of the antidumping duty order on certain hot-rolled carbon steel flat products from Brazil. The period of review is March 1, 2003, through February 29, 2004. This extension is made pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act.

EFFECTIVE DATE: July 12, 2005.

FOR FURTHER INFORMATION CONTACT:

Helen Kramer or Kristin Najdi at (202) 482-0405 or (202) 482-8221, respectively; AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On April 6, 2005, the Department of Commerce ("the Department") published the preliminary results of the administrative review of the antidumping duty order on certain hot-rolled carbon steel flat products from Brazil covering the period March 1, 2003, through February 29, 2004 (70 FR 17406). The final results for the antidumping duty administrative review of certain hot-rolled carbon steel flat products from Brazil are currently due no later than August 4, 2005.

Extension of Time Limits for Preliminary Results Section 751(a)(3)(A) of the Tariff Act of 1930, as amended by the Uruguay Agreement Act (the Act), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an antidumping duty order for which a

review is requested and issue the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time period, section 741(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

The Department has determined it is not practicable to complete this review within the originally anticipated time limit (*i.e.*, by August 4, 2005), in accordance with section 751(a)(3)(A) of the Act, for the following reasons: (1) the cost verification of the affiliated importer located in the United States is scheduled to take place July 20-22, 2005; (2) there is insufficient time for the briefing schedule following the sales and cost verifications; and (3) a domestic interested party has requested a hearing, which must take place after the briefs are filed. Accordingly, the Department is fully extending the time limits for completion of the final results to no later than October 3, 2005.

We are issuing and publishing this notice in accordance with Section 751(a)(1) and 777(i)(1) of the Act.

Dated: July 6, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.
