**DATE AND TIME:** Tuesday, May 20, 2008, 4 p.m.–5:30 p.m.

**PLACE**: Corporation for National and Community Service; 8th Floor; 1201 New York Avenue, NW., Washington, DC 20525.

STATUS: Open.

#### MATTERS TO BE CONSIDERED:

I. Chair's Opening Comments

II. Consideration of Previous Meetings Minutes

III. CEO Report

IV. Committee Reports

- MAG Committee
- Program Committee
- Strategic Partnerships Committee
- V. Impact of AmeriCorps Week and the Longitudinal Study

Presentation by Millicent Williams, Executive Director, Serve DC and Sally Prouty, President and CEO of The Corps Network

VI. Public Comments

Accomodations: Anyone who needs an interpreter or other accommodation should notify the Corporation's contact person by 5 p.m. on Monday, May 19, 2008.

FOR MORE INFORMATION CONTACT: Lisa Guccione, Office of the CEO, Corporation for National and Community Service, 10th Floor, Room 10207, 1201 New York Avenue, NW., Washington, DC 20525. Phone (202) 606–6637. Fax (202) 606–3460. TDD: (202) 606–3472. E-mail: lguccione@cns.gov.

Dated: May 13, 2008.

Notice of Availability for the Draft Environmental Impact Statement/ Environmental Impact Report for the Middle Harbor Redevelopment Project of the Port of Long Beach, Los Angeles County, CA

**AGENCY:** U.S. Army Corps of Engineers, Los Angeles District, DoD.

**ACTION:** Notice of Availability (NOA).

SUMMARY: The U.S. Army Corps of Engineers, Los Angeles District (Corps) in coordination with the Port of Long Beach has completed a Draft Environmental Impact Statement/ Environmental Impact Report (EIS/EIR) for the Middle Harbor Redevelopment

project in the Port of Long Beach. The Corps is considering an application for Section 404 and Section 10 permits to conduct dredge and fill activities associated with the proposed consolidation of Piers D, E and F into a single 345-acre marine terminal with a 4,250-foot-long wharf at build-out. This would include redevelopment of 294 acres of existing land, creation of 10.7 acres of new open water and the placement of dredged material in 65.3 acres open water for a net gain of approximately 54.6 acres of new land in the consolidated terminal. The new terminal, which would be constructed over a 10-year time period, is intended to accommodate increasing cargo volumes being produced by the new generation of larger container vessels, and would include four deep-water berths, a container terminal yard, and an intermodal rail yard.

### FOR FURTHER INFORMATION CONTACT:

Comments and questions regarding scoping of the Draft EIS/EIR may be addressed to: U.S. Army Corps of Engineers, Los Angeles District, Regulatory Branch, ATTN: File Number 2004–01053–AOA, P.O. Box 532711, Los Angeles, California 90053–2325. Comments or questions can also be sent to Stacey Crouch, Port of Long Beach, P.O. Box 570, Long Beach, CA 90801–0570. Phone messages or questions should be directed to Antal Szijj at 805–585–2147.

Dated: April 29, 2008.

### Mark Durham.

Acting Chief, Regulatory Division, Los Angeles District, Corps of Engineers. [FR Doc. E8–10908 Filed 5–15–08; 8:45 am] BILLING CODE 3710–KF–P

## **DEPARTMENT OF ENERGY**

Notice of Intent To Prepare an Environmental Impact Statement for Remediation of Area IV of the Santa Susana Field Laboratory and Conduct Public Scoping Meetings

AGENCY: Office of Environmental Management, Department of Energy. ACTION: Notice of Intent To Prepare an Environmental Impact Statement and Conduct Public Scoping Meetings.

SUMMARY: The Department of Energy (DOE) announces its intent to prepare an Environmental Impact Statement (EIS) and conduct public scoping meetings under the National Environmental Policy Act (NEPA) for remediation of Area IV of the Santa Susana Field Laboratory (SSFL Area IV). The SSFL, approximately 2,852 acres in

the hills between Chatsworth and Simi Valley, CA, was developed as a remote site to test rocket engines and conduct nuclear research. Area IV was established at the SSFL in 1953 and occupies 290 acres of the SSFL. The DOE Energy Technology Engineering Center (ETEC) is located on 90 acres within SSFL Area IV.

DOE is preparing the EIS in part as a response to a May 2, 2007, decision by the U.S. District Court of Northern California that DOE was in violation of NEPA for its 2003 decision to issue a Finding of No Significant Impact (FONSI), and to conduct remediation of the ETEC site, on the basis of an environmental assessment (EA) rather than an EIS.

DOE recognizes the need to follow the NEPA process and will evaluate the range of reasonable alternatives for remediation of SSFL Area IV. DOE will evaluate alternatives for disposition of radiological facilities and support buildings, remediation of the affected environment, and disposal of all resulting waste at existing, approved sites. DOE will consider the cumulative impacts from exposure to chemical and radiological constituents in SSFL Area IV from future land uses.

DOE invites public comment on the scope of this EIS during a scoping period that will end August 14, 2008. During this period, DOE officials will conduct public scoping meetings in the region surrounding the SSFL and in Sacramento, California, to provide the public and other stakeholders with an opportunity to comment on the scope of the EIS. DOE recognizes the value of the public's perspectives, and will inform, involve, and interact with the public during all phases of the EIS process.

DOE is issuing this Notice of Intent (NOI) in order to inform and request comments and assistance from Federal and state agencies, state and local governments, Tribal Nations, natural resource trustees, the general public, and other interested parties on the appropriate scope of the EIS, alternatives, environmental issues, and the environmental impacts related to DOE's remediation activities for SSFL Area IV. DOE invites those agencies with jurisdiction by law or special expertise to be cooperating agencies.

DATES: The public scoping period starts May 16, 2008 and will continue until August 14, 2008. DOE will consider all comments received or postmarked by August 14, 2008, in defining the scope of this EIS. Comments received or postmarked after that date will be considered to the extent practicable.
