

rail service. Although not all Class I carriers are experiencing service problems to the same degree, the Board is also requiring certain reporting requirements to apply to all Class I carriers so that the Board can assess the current service issues across the rail network as a whole. Because the U.S. rail system is an interconnected network, problems in one geographic area can quickly spread elsewhere. The supplemented reporting requirements will give the agency and stakeholders access to data needed for a more-timely understanding of the extent and location of the acute service issues and labor and equipment shortages. The information received by the Board from this collection will be filed in Docket No. EP 770 (Sub-No. 1) and will be publicly available at www.stb.gov and may be found by a search in that docket under the "Proceedings and Actions" pull-down menu.

The Board makes this submission because, under the PRA, a federal agency that conducts or sponsors a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Under 5 CFR 1320.13, emergency processing is appropriate here and the Board is providing an extended two-week comment period through publication in the **Federal Register** concerning each proposed collection of information.

Dated: June 13, 2022.

Aretha Laws-Byrum,
Clearance Clerk.

This notice invites interested persons to apply for the current and upcoming openings. The current opening is for a representative of Native American tribes. The upcoming opening is for a representative of environmental concerns.

DATES: Persons interested in these membership openings will need to apply by July 29, 2022.

FOR FURTHER INFORMATION CONTACT: Keith Lusk, Special Programs Staff, Federal Aviation Administration, Western-Pacific Region Headquarters, 777 S Aviation Boulevard, Suite 150, El Segundo, CA 90245, telephone: (424) 405-7017, email: Keith.Lusk@faa.gov.

SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000 (the Act) was enacted on April 5, 2000, as Public Law 106-181, and subsequently amended in the FAA Modernization and Reform Act of 2012. The Act required the establishment of the advisory group within one year after its enactment. The NPOAG was established in March 2001. The advisory group is comprised of representatives of general aviation, commercial air tour operators, environmental concerns, and Native American tribes. The Administrator of the FAA and the Director of NPS (or their designees) serve as ex officio members of the group. Representatives of the Administrator and Director serve alternating 1-year terms as chairman of the advisory group.

In accordance with the Act, the advisory group provides "advice, information, and recommendations to the Administrator and the Director—

(1) On the implementation of this title [the Act] and the amendments made by this title;

(2) On commonly accepted quiet aircraft technology for use in commercial air tour operations over a national park or tribal lands, which will

receive preferential treatment in a given air tour management plan;

(3) On other measures that might be taken to accommodate the interests of visitors to national parks; and

(4) At the request of the Administrator and the Director, safety, environmental, and other issues related to commercial air tour operations over a national park or tribal lands.”

Membership

The current NPOAG is made up of one member representing general aviation, three members representing the commercial air tour industry, four members representing environmental concerns, and two members representing Native American tribes. Members serve three year terms. Current members of the NPOAG are as follows:

Murray Huling representing general aviation; Eric Lincoln, James Viola, and John Becker representing commercial air tour operators; Robert Randall, Dick Hingson, Les Blomberg, and John Eastman representing environmental interests; and Carl Slater representing Native American tribes, with one current opening. The three-year term of Mr. Randall expires on September 18, 2022.

Selections

In order to retain balance within the NPOAG, the FAA and NPS are seeking candidates interested in filling the one current vacant seat representing Native American tribes and the one upcoming seat representing environmental concerns. The FAA and NPS invite persons interested in these openings on the NPOAG to contact Mr. Keith Lusk (contact information is written above in **FOR FURTHER INFORMATION CONTACT**). Requests to serve on the NPOAG must be made to Mr. Lusk in writing and postmarked or emailed on or before July 29, 2022. Any request to fill one of these seats must describe the requestor's affiliation with federally-recognized Native American tribes or any environmental stakeholder groups, as appropriate. The request should also explain what expertise the requestor would bring to the NPOAG as related to issues and concerns with aircraft flights over national parks or tribal lands. The term of service for NPOAG members is 3 years. Members may re-apply for another term.

On August 13, 2014, the Office of Management and Budget issued revised guidance regarding the prohibition against appointing or not reappointing federally registered lobbyists to serve on advisory committees (79 FR 47482).

Therefore, before appointing an applicant to serve on the NPOAG, the

FAA and NPS will require the prospective candidate to certify that they are not a federally registered lobbyist.

Issued in El Segundo, CA, on June 13, 2022.
