SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Office of Special Education and Rehabilitative Services; Grant Applications Under Part D, Subpart 2 of the Individuals With Disabilities Education Act

AGENCY: Department of Education.

ACTION: Notice inviting applications for new awards for fiscal year (FY) 2000; correction.

SUMMARY: On April 28, 2000, a notice inviting applications for new awards under the Office of Special Education and Rehabilitative Services; Grant Applications under Part D, Subpart 2 of the Individuals with Disabilities Education Act was published in the **Federal Register** (65 FR 25155). The notice contained a "chart" (65 FR 25169-25170) that provided closing dates and other information regarding the transmittal of applications for the Fiscal Year 2000 competitions. The chart inadvertently listed the wrong "Estimated number of awards" information for two competitions. This notice corrects the "Estimated number of awards" information.

In addition, the notice incorrectly lists eligible applicants for focus 2 twice

under the Research and Innovation to Improve Services and Results for Children with Disabilities program (65 FR 25156). This notice corrects the *Eligible Applicants* section for the Research and Innovation to Improve Services and Results for Children with Disabilities program (65 FR 25156) by clarifying that the first "For focus 2 * * *" in this section should read, "For focus 1 * * *".
