Final Results of Review

As noted above, the Department received no comments concerning the *Preliminary Results*. Therefore, consistent with the *Preliminary Results*, we continue to find the net subsidy for DSM to be 0.29 percent *ad valorem*, which is *de minimis*. See 19 CFR 351.106(c)(1). As there have been no changes to or comments on the *Preliminary Results*, we are not attaching a decision memorandum to this **Federal Register** notice. For further details of the programs included in this proceeding, see the *Preliminary Results*.

Final Partial Rescission

The Department preliminarily rescinded the administrative review with respect to DSEC. The Department did not receive any comments from interested parties regarding its decision to preliminarily rescind the administrative review of DSEC. Therefore, for purposes of these final results, we are rescinding the administrative review of DSEC.

Assessment Rates/Cash Deposits

The Department intends to issue assessment instructions to U.S. Customs and Border Protection ("CBP") 15 days after the date of publication of these final results of review to liquidate shipments of subject merchandise by DSM entered, or withdrawn from warehouse, for consumption on or after January 1, 2006, through December 31, 2006, without regard to countervailing duties. We will also instruct CBP not to collect cash deposits of estimated countervailing duties on shipments of the subject merchandise by DSM entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review.

For all non-reviewed companies, we will instruct CBP to continue to collect cash deposits at the most recent company-specific or country-wide rate applicable to the company. Accordingly, the cash deposit rates that will be applied to non-reviewed companies covered by this order are those established in the CVD order. *Notice of Amended Final Determination: Certain Cut-to-Length Carbon-Quality Steel Plate From India and the Republic of Korea; and Notice of Countervailing Duty Orders: Certain Cut-to-Length Carbon-Quality Steel Plate From France, India, Indonesia, Italy, and the Republic of Korea*, 65 FR 6587 (February 10, 2000). These rates shall apply to all non-reviewed companies until reviews of companies assigned these rates are completed.

Return or Destruction of Proprietary Information

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 12, 2008.

Certain Preserved Mushrooms from the People's Republic of China: Extension of Time Limit for Preliminary Results of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: (March 19, 2008).

FOR FURTHER INFORMATION CONTACT: Zev Primor, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4114.

SUPPLEMENTARY INFORMATION: On September 27, 2007, the Department of Commerce ("Department") published a notice of initiation of a new shipper review of the antidumping duty order on certain preserved mushrooms from the People's Republic of China, covering the period of review of February 1, 2007, to July 31, 2007, and Dujiangan Xingda Foodstuff Co., Ltd. ("Xingda"). See *Certain Preserved Mushrooms from the People's Republic of China: Initiation of New Shipper Review*, 72 FR 54899 (September 27, 2007).

Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended ("Act"), and 19 CFR 351.214(i)(1), the Department shall issue preliminary results in a new shipper review of an antidumping duty order within 180 days after the date on which the new shipper review was initiated. The Act and regulations further provide, however, that the Department may extend that 180-day period to 300 days if it determines that this review is extraordinarily complicated. See section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2).

The Department finds that this review is extraordinarily complicated and that it is not practicable to complete this

new shipper review within the foregoing time period. Specifically, the Department must issue supplemental questionnaires to obtain additional information about (1) Xingda's complex methodology for allocating consumption rates of factors of production, and (2) the *bona fides* of its U.S. sale.

Accordingly, the Department finds that additional time is needed in order to complete these preliminary results.

Section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2) allow the Department to extend the deadline for the preliminary results to a maximum of 300 days from the date of initiation of the new shipper review. The current deadline for the preliminary results is March 19, 2008. For the reasons noted above, we are extending the 180-day deadline for the completion of the preliminary results of this new shipper review by an additional 60 days, to 240 days from September 21, 2007, the date of initiation, until no later than May 19, 2008.¹ The deadline for the final results of this new shipper review continues to be 90 days after the date on which the preliminary results were issued.

This notice is issued and published in accordance with sections 751(a)(2)(B)(iv) and 777(i)(1) of the Act, and 19 CFR 351.214(i)(2).

Dated: March 13, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Notice of Antidumping Duty Order: Sodium Hexametaphosphate From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (the "Department") and the International Trade Commission ("ITC"), the Department is issuing an antidumping duty order on sodium hexametaphosphate ("SHMP") from the People's Republic of China ("PRC"). On March 12, 2008, the ITC notified the Department of its affirmative

determination of material injury to a U.S. industry. *See Sodium Hexametaphosphate from China* (Investigation No. 731-TA-1110 (Final), USITC Publication 3984, March 2008).

EFFECTIVE DATE: March 19, 2008.

FOR FURTHER INFORMATION CONTACT: Erin Bernal or Scot Fullerton, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1442, or (202) 482-1386, respectively.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the "Act"), on February 4, 2008, the Department published the *Final Determination of Sales at Less Than Fair Value: Sodium Hexametaphosphate From the People's Republic of China*, 73 FR 6479 (February 4, 2008) ("*Final Determination*").

Scope of Order

The merchandise subject to this investigation is sodium hexametaphosphate ("SHMP"). SHMP is a water-soluble polyphosphate glass that consists of a distribution of polyphosphate chain lengths. It is a collection of sodium polyphosphate polymers built on repeating NaPO₃ units. SHMP has a P₂O₅ content from 60 to 71 percent. Alternate names for SHMP include the following: Calgon; Calgon S; Glassy Sodium Phosphate; Sodium Polyphosphate, Glassy; Metaphosphoric Acid; Sodium Salt; Sodium Acid Metaphosphate; Graham's Salt; Sodium Hex; Polyphosphoric Acid, Sodium Salt; Glass H; Hexaphos; Sodaphos; Vitrafos; and BAC-N-FOS. SHMP is typically sold as a white powder or granule (crushed) and may also be sold in the form of sheets (glass) or as a liquid solution. It is imported under heading 2835.39.5000, HTSUS. It may also be imported as a blend or mixture under heading 3824.90.3900, HTSUS. The American Chemical Society, Chemical Abstract Service ("CAS") has assigned the name "Polyphosphoric Acid, Sodium Salt" to SHMP. The CAS registry number is 68915-31-1. However, SHMP is commonly identified by CAS No. 10124-56-8 in the market. For purposes of the investigation, the narrative description is dispositive, not the tariff heading, CAS registry number or CAS name.

The product covered by this investigation includes SHMP in all grades, whether food grade or technical grade. The product covered by this investigation includes SHMP without regard to chain length i.e., whether regular or long chain. The product covered by this investigation includes SHMP without regard to physical form, whether glass, sheet, crushed, granule, powder, fines, or other form, and whether or not in solution.

However, the product covered by this investigation does not include SHMP when imported in a blend with other materials in which the SHMP accounts for less than 50 percent by volume of the finished product.

Antidumping Duty Order

On March 12, 2008, in accordance with section 735(d) of the Act, the ITC notified the Department of its final determination, pursuant to section 735(b)(1)(A)(i) of the Act, that an industry in the United States is materially injured by reason of less-than-fair-value imports of subject merchandise from the PRC. Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection ("CBP") to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise for all relevant entries of SHMP from the PRC. These antidumping duties will be assessed on all unliquidated entries of SHMP from the PRC entered, or withdrawn from the warehouse, for consumption on or after September 14, 2007, the date on which the Department published its preliminary determination. *See Preliminary Determination of Sales at Less Than Fair Value: Sodium Hexametaphosphate from the People's Republic of China*, 72 FR 52544 (September 14, 2007) ("*Preliminary Determination*").

Section 733(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months except where exporters representing a significant proportion of exports of the subject merchandise request the Department to extend that four-month period to no more than six months. At the request of exporters that account for a significant proportion of SHMP, we extended the four-month period to no more than six months. *See Postponement of Final Determination of Antidumping Duty Investigation: Sodium Hexametaphosphate from the*

¹ Because 240 days from September 21, 2007, falls on May 18, 2008, which is a Sunday, the deadline for completing the preliminary results of this new shipper review shall be the next business day, May 19, 2008.
