

Asheville, NC 28804–3454, Room 243 during normal business hours. Visitors are encouraged to call ahead to 828–257–4389 to facilitate entry to the building. Additionally the public may inspect comments received on the World Wide Web, www.srs.fs.usda.gov.

FOR FURTHER INFORMATION CONTACT:

Carol Whitlock, Science Delivery Group, 828–257–4389. Individuals who use TDD may call the Federal Relay Service (FRS) at 1–800–877–8339, 24 hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION:

Title: Publication Comment Card.

OMB Number: 0596–0163.

Expiration Date of Approval: November 30, 2007.

Type of Request: Extension of a currently approved collection.

Abstract: Executive Order 12862, issued September 11, 1993, directed Federal agencies to change the way they do business, to reform their management practices, and to provide service to the public that matches or exceeds the best service available in the private sector. In response to this Executive Order, the Forest Service, Southern Research Station, developed a Publication Comment Card for inclusion when distributing scientific research publications.

Since the early 1920s, the Forest Service scientists have published the results of their studies about national forests and forest resources and products, in addition to their conclusions about the dynamics of natural timber stands and plantations, watershed and wildlife management, and recreational activities. These studies have provided long-term data that have become increasingly valuable to landowners and others involved in natural resource and land management. Data from the Publication Comment Card help Forest Service research stations determine if publications meet customers' expectations and address customers' needs. The collected information also helps scientists and authors provide relevant information on effective, efficient, responsible land management. The Government Printing Office binds the cards into all general technical reports, research papers, research notes, resource bulletins, and other technical publications printed for the Forest Service.

Respondents complete comment cards and return them to the Forest Service in person, via surface mail, or using the Internet. Data gathered in this information collection are not available from other sources. The Forest Service's Science Delivery Group collects and

analyzes the data, providing feedback to individual scientists and authors with the purpose of improving future products. Curtailing this information collection would deprive customers of a convenient mechanism for providing detailed and constructive criticism of research publications.

Estimate of Annual Burden: 5 minutes.

Type of Respondents: Individuals; businesses; landowners; non-profit organizations; local, state, and foreign governments.

Estimated Annual Number of Respondents: 22,000.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 1,833.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the agency, including whether the information will have practical or scientific utility; (2) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the request for Office of Management and Budget approval.

Dated: May 8, 2007.

Ann Bartuska,

Deputy Chief.

BILLING CODE 3410–11–P

DEPARTMENT OF AGRICULTURE

Forest Service

Southwestern Region, Arizona, New Mexico, West Texas and Oklahoma: Proposed Surface Management of Natural Gas Resource Development on Jicarilla Ranger District, Carson National Forest, Rio Arriba County, NM; Additional Filings

AGENCY: Forest Service, USDA.

ACTION: Notice; correction.

SUMMARY: The USDA Forest Service published a Notice of Intent (69 FR 59881–59883, October 6, 2004) to prepare an environmental impact statement for a proposed forest plan amendment for surface management of gas leasing and development on the Jicarilla Ranger District, Carson National Forest. In addition, the proposal includes a leasing analysis for approximately 3,800 unleased acres on the Jicarilla Ranger District.

A draft environmental impact statement has been completed and the Environmental Protection Agency (EPA) published a Notice of Availability (NOA) in the **Federal Register** on February 16, 2007 (72 FR 54900). The end of the comment period presented in the NOA was incorrect and subsequently rectified in an amended notice (72 FR 9521, March 2, 2007).

CORRECTED DATES: The Notice of Intent (NOI) stated the final environmental impact statement (FEIS) was scheduled for completion in early summer of 2005. This Notice corrects the estimated filing date of the FEIS from early summer 2005, to the fall 2007. When completed, EPA will publish a NOA of the FEIS in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT:

Audrey Kuykendall, Forest Environmental Coordinator, Carson National Forest, at (505) 758–6212.

Dated: May 15, 2007.

Martin D. Chavez, Jr.,

Forest Supervisor, Carson National Forest.
