#### Comments

CNCS published a Notice in the **Federal Register** on February 8, 2017, FR Doc. 2017-02527—Vol. 82, No. 25, pp. 9726-9727, inviting public comment on our plans to submit this request. We received six requests for additional information and sixteen comments in response to the Notice. All letters and comments are listed in the attached doc. In summary, of the sixteen comments, 14 raised concerns regarding proposed changes to the volunteer questions. Many of the comments were from volunteer commissions and organizations that represent multiple users.

Primarily the respondents objected to a reduction in the number of questions regarding volunteer activity (organization types, activity types). Four respondents commented on the reduced capacity to track longitudinal rates and possible changes in the volunteer rate over the previous 14 year period. Fifteen respondents indicated that the previous instrument should be re-instated.

In considering these comments CNCS offers the following response. The re-designed supplement is intended to focus on the broader concept of civic engagement, of which volunteerism is one component. The re-designed supplement incorporates many of the recommendations made by the National Academy of Sciences, as well as recommendations made by experts in the field of civic engagement, social

capital and volunteering. The Civic Engagement and Volunteering supplement more accurately reflects the mission of the CNCS, building stronger communities and promoting active citizenship through service. The proposed instrument does include some measures that will allow for limited continuity with the previous supplement, however the advantage of a combined supplement is that it will allow the user to assess overall civic activity conditioned by volunteering.

However in response to the comments requesting greater continuity and because the time burden on the new supplement is shorter, CNCS is adding back some original questions regarding volunteer activity and organizations.

**Description:** This information collection will be used to generate civic health reports at the National, State, and Metropolitan Statistical Area (MSA) levels and to disseminate these data to various stakeholders including state and local government offices, researchers, students and civic groups for strategic planning, grant writing purposes and research.

**Type of Review:** New.

**Agency:** Corporation for National and Community Service.

**Title:** Civic Engagement and Volunteering Supplement.

**OMB Number:** TBD.

**Agency Number:** None.

**Affected Public:** U.S. Residents 16 years of age and older.

**Total Respondents:** Approximately U.S. 90,000 residents.

**Frequency:** Bi-annually.

**Average Time per Response:** 5.26 Minutes.

**Estimated Total Burden Hours:** 7,890 Hours
