

review), the Secretary, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine, consistent with *FAG Italia v. United States*, 291 F.3d 806 (Fed. Cir. 2002), as appropriate, whether antidumping duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Interested parties must submit applications for disclosure under administrative protective orders in accordance with 19 CFR 351.305. On January 22, 2008, the Department published *Antidumping and Countervailing Duty Proceedings: Documents Submission Procedures; APO Procedures*, 73 FR 3634 (January 22, 2008). Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (e.g., the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

These initiations and this notice are in accordance with section 751(a) of the Tariff Act of 1930, as amended (19 U.S.C. 1675(a)), and 19 CFR 351.221(c)(1)(i).

Dated: July 23, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

National Oceanic and Atmospheric Administration

National Estuarine Research Reserve System

AGENCY: Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Notice of public comment period for the Revised Management Plan for the North Carolina National Estuarine Research Reserve.

SUMMARY: Notice is hereby given that the Estuarine Reserves Division, Office

of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce is announcing a thirty day public comment period on the North Carolina National Estuarine Research Reserve Management Plan Revision.

Four sites in coastal North Carolina comprise the North Carolina National Estuarine Research Reserve; Currituck Banks, Rachel Carson, Masonboro Island and Zeke's Island. Currituck Banks, Rachel Carson and Zeke's Island were designated in 1985, and Masonboro Island was designated in 1991, as the North Carolina National Estuarine Research Reserve pursuant to Section 315 of the Coastal Zone Management Act of 1972, as amended, 16 U.S.C. 1461. The reserve has been operating in partnership with the North Carolina Department of Environment and Natural Resources under a management plan approved in 1998. Pursuant to 15 CFR Section 921.33(c), a state must revise their management plan every five years. The submission of this plan fulfills this requirement and sets a course for successful implementation of the goals and objectives of the reserve. An increase in the vertical placement of the program on the state organizational chart, a new administrative facility, and updated programmatic objectives are notable revisions to the 1998 approved management plan.

The revised management plan outlines the administrative structure; the education, stewardship, and research goals of the reserve; and the plans for future land acquisition and facility development to support reserve operations. This management plan describes how the strengths of the reserve will focus on several areas relevant to coastal North Carolina, including coastal population increase, altered land use, storm water runoff and eutrophication, invasive species, tropical and coastal storm impacts and sea level rise.

Since 1998, the reserve has added a coastal training program that delivers science-based information to key decision makers in North Carolina; has completed a site profile that characterizes the reserve; and has expanded the monitoring, stewardship and education programs. A new administrative building (2007) has been built to support the growth of reserve programs.

ACTION: Notice of Public Comment Period for the Revised Management Plan for the Hudson River National Estuarine Research Reserve.

SUMMARY: Notice is hereby given that the Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce is announcing a thirty day public comment period on the Hudson River National Estuarine Research Reserve Management Plan Revision.

Four sites along the Hudson River comprise the Hudson River National Estuarine Research Reserve; Piermont Marsh, Iona Island, Tivoli Bays, and Stockport Flats. The Hudson River National Estuarine Research Reserve was designated in 1982 pursuant to Section 315 of the Coastal Zone Management Act of 1972, as amended, 16 U.S.C. 1461. The reserve has been operating in partnership with the New York State Department of Environmental Conservation under a management plan approved in 1993. Pursuant to 15 CFR 921.33(c), a state must revise their management plan every five years. The submission of this plan fulfills this requirement and sets a course for successful implementation of the goals and objectives of the reserve. New facilities and updated programmatic objectives are notable revisions to the 1993 approved management plan.
