PART 160—LENDING AND INVESTMENT

11. The authority citation for part 160 continues to read as follows:

Authority: 12 U.S.C. 1462, 1462a, 1463, 1464, 1467a, 1701j–3, 1828, 3803, 3806, 5412(b)(2)(B); 42 U.S.C. 4106.

12. In § 160.3, add the following definition in alphabetical order:

§ 160.3 Definitions.

* * * * *

Investment grade means a security that meets the creditworthiness standards described in 12 U.S.C. 1831e.

* * * * *

13. In § 160.40, revise paragraphs (a)(1)(i) and (a)(2)(ii) as follows:

§ 160.40 Commercial paper and corporate debt securities.

(a) * * * (1) * * *

(i) Investment grade as of the date of purchase; or

(ii) Guaranteed by a company having outstanding paper that meets the standard set forth in paragraph (a)(1)(i) of this section.

(2) * * *

(i) * * *

(ii) Investment grade.

* * * * *

14. In § 160.42, revise paragraphs (a) and (d) to read as follows:

§ 160.42 State and local government obligations.

(a) Pursuant to HOLA section 5(c)(1)(H), a Federal savings association may invest in obligations issued by any state, territory, possession, or political subdivision thereof (“governmental entity”), subject to appropriate underwriting and the following conditions:

	Aggregate limitation	Per-issuer limitation
(1) General obligations	None	None.
(2) Other obligations of a governmental entity (e.g., revenue bonds) if the issuer has an adequate capacity to meet financial commitments under the security for the projected life of the asset or exposure. An issuer has an adequate capacity to meet financial commitments if the risk of default by the obligor is low and the full and timely repayment of principal and interest is expected.	None	10% of the institution's total capital.
(3) Obligations of a governmental entity that do not qualify under any other paragraph but are approved by the OCC.	As approved by the OCC	10% of the institution's total capital.

* * * * *

(d) For all securities, the institution must perform its own detailed analysis of credit quality. In doing so, the institution must consider, as appropriate, the interest rate, credit, liquidity, price, transaction, and other risks associated with the investment activity and determine that such investment is appropriate for the institution. The institution must also determine that the obligor has adequate resources and willingness to provide for all required payments on its obligations in a timely manner.

* * * * *

15. In § 160.93, revise paragraph (d)(5) introductory text and paragraph (d)(5)(i) to read as follows:

§ 160.93 Lending limitations.

(d) * * *

(5) Notwithstanding the limit set forth in paragraphs (c)(1) and (c)(2) of this section, a savings association may invest up to 10 percent of unimpaired capital and unimpaired surplus in the obligations of one issuer evidenced by:

(i) Commercial paper or corporate debt securities that are, as of the date of purchase, investment grade.

* * * * *

16. In § 160.121, revise paragraphs (b)(1) and (2) to read as follows:

§ 160.93.121 Investments in state housing corporations.

(b) * * *

(1) The obligations are investment grade; or

(2) The obligations are approved by the OCC. The aggregate outstanding direct investment in obligations under paragraph (b) of this section shall not exceed the amount of the Federal savings association's total capital.

[Docket ID FEMA–2011–0002; Internal Agency Docket No. FEMA–B–1230]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this proposed rule is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to

qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before February 27, 2012.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-1230, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make

determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.
