**SUPPLEMENTARY INFORMATION:**

**Background**

Under 49 U.S.C. 30141(a)(1)(B), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS, and has no substantially similar U.S.-certified counterpart, shall be refused admission into the United States unless NHTSA has decided that the motor vehicle has safety features that comply with, or are capable of being altered to comply with, all applicable FMVSS based on destructive test data or such other evidence as NHTSA decides to be adequate.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notices in the **Federal Register** for each petition that it receives, and affords interested persons an opportunity to comment on the petitions. At the close of the comment period, NHTSA decides, on the basis of the petitions and any comments that it has received, whether the vehicle(s) is eligible for importation. The agency then publishes their decision in the **Federal Register**.

J.K. Technologies, LLC, of Baltimore, Maryland (J.K.) (Registered Importer 90–006) has petitioned NHTSA to decide whether nonconforming 2000 East Lancs Lolyne double decker buses mounted on Volvo B7L chasses are eligible for importation into the United States.

J.K. submitted information with its petition intended to demonstrate that non-U.S. certified 2000 East Lancs Lolyne double decker buses mounted on Volvo B7L chasses, as originally manufactured, conform to many FMVSS, or are capable of being altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2000 East Lancs Lolyne double decker buses mounted on Volvo B7L chasses, as originally manufactured, comply with Standard

Nos. 102 *Transmission Shift Lever Sequence, Starter Interlock, and Transmission Braking Effect*, 103 *Windshield Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 106 *Brake Hoses*, 111 *Rearview Mirrors*, 119 *New Pneumatic Tires for Vehicles other than Passenger Cars*, 121 *Air Brake Systems*, 124 *Accelerator Control Systems*, 205 *Glazing Materials*, 207 *Seating Systems*, 209 *Seat Belt Assemblies*, 210 *Seat Belt Assembly Anchorages*, 217 *Bus Emergency Exits and Window Retention and Release*, and 302 *Flammability of Interior Materials*.

With regard to Standard No. 121 *Air Brake Systems*, the petition asserts: “All elements of the braking system comply with the applicable FMVSS 121 requirements.” Because it is aware that Volvo Buses has not, to date, manufactured any buses for sale in the United States or certified any buses as complying with all applicable FMVSS, NHTSA is concerned that the brake system on the vehicles that are the subject of the petition may not, in fact, have been originally manufactured to comply with all requirements of Standard No. 121. As a consequence, the agency is soliciting specific comments with respect to this issue.

Petitioner also contends that the vehicle is capable of being altered to meet the following standards, in the manners indicated:

Standard No. 101 *Controls and Displays*: modification of: (a) The speedometer face so that speed is displayed in miles per hour; (b) the low pressure warning system dash placards for the primary and secondary braking systems; and (c) the safety belt telltale lamp label to ensure that the controls and displays meet the requirements of this standard.

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: installation of the following U.S.-conforming model components: (a) Front sidemarkers lamps; (b) headlamps; (c) tail lamps with integral rear side marker lamps; (d) clearance lamps; and (e) side mounted reflectors in place of existing nonconforming reflectors.

Standard No. 120 *New Pneumatic Tires for Vehicles Other than Passenger Cars*: installation of a tire information placard.

Standard No. 208 *Occupant Crash Protection*: Installation of an audible seat belt warning system to meet the requirements of this standard.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above addresses both

before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

**Authority:** 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: June 21, 2010.

Conclusions of the Peace Implementation Conference held in London on December 8-9, 1995, including the decisions or conclusions of the High Representative, the Peace Implementation Council or its Steering Board, relating to Bosnia and Herzegovina; or (D) to have materially assisted in, sponsored, or provided financial, material, or technological support for, or goods or services in support of, such acts of violence or obstructionism or any person listed in or designated pursuant to this order; or (E) to be owned or controlled by, or acting or purporting to act directly or indirectly for or on behalf of, any of the foregoing persons.
