

development of the environmental impact statement.

Early Notice of Importance of Public Participation in Subsequent Environmental Review: A draft environmental impact statement will be prepared for comment. The comment period on the draft environmental impact statement will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

(Authority: 40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21)

Dated: August 3, 2004.

Frank V. Guzman,

District Ranger.

BILLING CODE 3410-11-M

DEPARTMENT OF AGRICULTURE

Forest Service

Notice of Resource Advisory Committee Meeting

AGENCY: Modoc Resource Advisory Committee, Alturas, California, USDA Forest Service.

ACTION: Notice of meeting.

SUMMARY: Pursuant to the authorities in the Federal Advisory Committees Act (Pub. L. 92-463) and under the Secure Rural Schools and Community Self-Determination Act of 2000 (Pub. L. 106-393) the Modoc National Forest's Modoc Resource Advisory Committee will meet Monday, August 30th, 2004, in Alturas, California for business meetings. The meetings are open to the public.

SUPPLEMENTARY INFORMATION: The business meeting August 30th begins at 6 pm., at the Modoc National Forest Office, Conference Room, 800 West 12th St., Alturas. Agenda topics will include the review and rank order for projects submitted for fiscal year 2005. Time will also be set aside for public comments at the beginning of the meeting.

FOR FURTHER INFORMATION: Contact Stan Sylva, Forest Supervisor and Designated Federal Officer, at (530) 233-8700; or Public Affairs Officer Nancy Gardner at (530) 233-8713.

Stanley G. Sylva,

Forest Supervisor.

BILLING CODE 3410-11-P

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

Information Collection Activity; Comment Request

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended), the Rural Utilities Service (RUS) invites comments on this information collection for which RUS intends to

request approval the Office of Management and Budget (OMB).

DATES: Comments on this notice must be received by October 12, 2004.

FOR FURTHER INFORMATION CONTACT:

Richard C. Annan, Acting Director, Program Development and Regulatory Analysis, Rural Utilities Service, 1400 Independence Ave., SW., STOP 1522, Room 5170 South Building, Washington, DC 20250-1522. Telephone: (202) 720-0784 FAX: (202) 720-4120.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget's (OMB) regulation (5 CFR 1320) implementing provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13) requires that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). This notice identifies an information collection that RUS is submitting to OMB for extension.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to: Richard C. Annan, Acting Director, Program Development and Regulatory Analysis, Rural Utilities Service, U.S. Department of Agriculture, STOP 1522, Room 5170 South Building, 1400 Independence Ave., SW., Washington, DC 20250-1522. FAX: (202) 720-4120.

Title: 7 CFR Part 1744, Subpart b, "Lien Accommodations and Subordination Policy".

OMB Control Number: 0572-0126.

Type of Request: Extension of a currently approved information collection.

Abstract: Recent changes in the telecommunications industry, including deregulation and technological developments, have caused Rural Utilities Service (RUS) borrowers and other organizations providing telecommunications services to consider undertaking projects that provide new

telecommunications services and other telecommunications services not ordinarily financed by RUS. To facilitate the financing of those projects and services, this program helps to facilitate funding from non-RUS sources in order to meet the growing capital needs of rural Local Exchange Carriers (LECs).

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1 hour per response.

Respondents: Business or other for-profit institutions.

Respondents: Business or other for-profit and non-profit institutions.

Estimated Number of Respondents: 30

Estimated Number of Responses per Respondent: 2.

Estimated Total Annual Burden on Respondents: 23.

Copies of this information collection can be obtained from MaryPat Daskal, Program Development and Regulatory Analysis, at (202) 720-7853, FAX: (202) 720-4120.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: August 5, 2004.

Blaine D. Stockton,

Acting Administrator, Rural Utilities Services.

BILLING CODE 3410-15-M

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

Seminole Electric Cooperative, Inc.; **Notice of Availability of an** **Environmental Assessment**

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of availability of an environmental assessment.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS), an agency delivering the U.S. Department of Agriculture's Rural Development Utilities Programs, is issuing an environmental assessment with respect to the construction of a 310 megawatt, simple-cycle electric generation facility at Seminole Electric Cooperative's Payne Creek Generating Station. RUS may provide financing assistance to Seminole Electric Cooperative for the project.

FOR FURTHER INFORMATION CONTACT: Bob Quigel, Rural Utilities Service, Engineering and Environmental Staff, Stop 1571, 1400 Independence Avenue, SW., Washington, DC 20250-1571, telephone: (202) 720-0468. Mr. Quigel's

e-mail address is bquigel@rus.usda.gov. Information is also available from James Frauen of Seminole Electric Cooperative. Mr. Frauen may be contacted by telephone at (813) 739-1213. Mr. Frauen's e-mail address is jfrauen@seminole-electric.com.

SUPPLEMENTARY INFORMATION: Seminole Electric Cooperative's proposed electric generation project will involve the construction and operation of nominal 310 MW of simple-cycle combustion turbine electric generating units and associated support facilities at its existing 1,300-acre Payne Creek Generating Station site in Hardee and Polk Counties, Florida. The proposed electric generating facilities will consist of five Pratt & Whitney (P&W) FT8-3 Twin Pac aeroderivative combustion turbine units. Each Twin Pac unit will consist of two simple-cycle combustion turbines coupled with one common electric generator with a nominal generating capacity of 62 MW. The proposed combustion turbine units and associated substation will be constructed in an approximately 8-acre area located adjacent to the east of the existing Payne Creek Generating Station units. A small (*i.e.*, 0.15-acre), isolated freshwater marsh wetland, which will be impacted by construction of the proposed project, is present in the southern portion of the area.

The Payne Creek Generating Station site is located approximately 9 miles northwest of the city of Wauchula, 16 miles south-southwest of the city of Bartow, and 40 miles east of the Tampa Bay area. The site is bordered on the east by County Road 663, a CSX Railroad line, and the CF Industries Hardee Complex phosphate mine.

The simple-cycle combustion turbines will be fired primarily with natural gas via gas pipeline systems which currently provide natural gas for the existing Payne Creek Generating Station units. Low-sulfur distillate fuel oil will serve as backup fuel. The proposed project will require the construction of a new aboveground 1.4-million-gallon fuel oil storage tank to be located adjacent to the existing 1.4-million-gallon storage tank within an expanded spill containment area.

To facilitate interconnection of the proposed project with the Florida power grid, the existing 8-mile-long 230-kV transmission line extending from the Payne Creek Generating Station site to the Vandolah Substation will be upgraded. The line upgrade will consist of replacing the existing conductors with higher current-carrying conductors. Also, both the associated transmission line terminals and

switches will be upgraded. These upgrades will not require any additional right-of-way, replacement of any transmission line structures, or any expansion of the Vandolah substation.

Seminole Electric Cooperative submitted an environmental analysis to RUS which describes the project and assesses its potential environmental impacts. RUS has conducted an independent evaluation of the environmental analysis and believes that it accurately assesses the potential impacts of the proposed project. This environmental analysis will serve as RUS' environmental assessment of the project.

The environmental assessment can be reviewed at Seminole Electric Cooperative's headquarters located at 16313 North Dale Mabry Highway, Tampa, Florida 33618, and at the headquarters of RUS at the address provided above. The environmental assessment is also available for review at the Hardee County Library, 315 North 6th Street, Suite 114, Wauchula, Florida 33873, telephone (863) 773-6438 and the Bartow Public Library, 2150 South Broadway Avenue, Bartow, Florida 33830, telephone (863) 534-0131.

Questions and comments should be sent to RUS at the address provided. RUS will accept questions and comments on the environmental assessment for 30 days.

Any final action by RUS related to the proposed project will be subject to, and contingent upon, compliance with all relevant Federal environmental laws and regulations and completion of environmental review procedures as prescribed by the 7 CFR Part 1794, Environmental Policies and Procedures.

Any final action by RUS related to the proposed project will be subject to, and contingent upon, compliance with all relevant Federal environmental laws and regulations and completion of environmental review procedures as prescribed by the 7 CFR Part 1794, Environmental Policies and Procedures.

Dated: August 5, 2004.

Glendon D. Deal,

Director, Engineering and Environmental Staff, Water and Environmental Programs.
