### Background

On July 31, 2001, Domestic Producers, as Petitioners in the suspended investigation, requested an administrative review of the agreement suspending the antidumping duty investigation on hot-rolled flat-rolled carbon quality steel from Brazil published in the **Federal Register** on July 19, 1999 (64 FR 38792). On August 20, 2001, the Department published in the **Federal Register** (66 FR 43570) a notice of “Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocations in Part” initiating the administrative review. On February 19, 2002, Domestic Producers withdrew their request for the review. The applicable regulation, 19 CFR 351.213(d)(1), states that if a party that requested an administrative review withdraws the request within 90 days of the publication of the notice of initiation of the requested review, the Secretary will rescind the review. Additionally, the Secretary may extend this time limit if the Secretary decides that it is reasonable to do so. Given that we have received no submissions opposing Domestic Producers’ request for withdrawal of the administrative review and the Department terminated the suspension agreement in the first administrative review of the suspension agreement, we find it reasonable to extend the time period for filing a withdrawal request. Based upon Domestic Producers’ request, therefore, we are rescinding this review of the agreement suspending the antidumping duty investigation on hot-rolled flat-rolled carbon quality steel from Brazil covering the period July 1, 2000 through June 30, 2001.

This notice is issued and published in accordance with section 777(i) of the Act and 19 CFR 351.213(d)(4).

Dated: March 6, 2002.

### Porcelain-on-Steel Cookware from Mexico: Notice of Extension of Time Limit for Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, United States Department of Commerce.

**EFFECTIVE DATE:** March 14, 2002.

**FOR FURTHER INFORMATION CONTACT:** Kate Johnson or Rebecca Trainor at (202) 482–4929 or (202) 482–4007, respectively, Office of AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C., 20230.

### POSTPONEMENT OF FINAL RESULTS OF ADMINISTRATIVE REVIEW:

The Department of Commerce (“the Department”) published the preliminary results of the administrative review of the antidumping duty order on Porcelain-on-Steel Cookware from Mexico on November 13, 2001 (66 FR 56799). The current deadline for the final results in this review is March 13, 2002. In accordance with section 751(a)(3)(A) of the Tariff Act of 1930 (“the Act”), as amended, the Department finds that it is not practicable to complete this administrative review within the original time frame because it is conducting a changed–circumstances antidumping duty administrative review in which it is considering revoking the order on porcelain-on-steel cookware from Mexico and rescinding this administrative review. Thus, the Department is extending the time limit for completion of the final results until May 12, 2002, which is 180 days after the date on which notice of the preliminary results was published in the Federal Register.
