

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency**

[Docket ID: FEMA–2020–0040; OMB No. 1660–0150]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Rated Orders, Adjustments, Exceptions, or Appeals Under the Emergency Management Priorities and Allocations System (EMPAS)

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: 30-Day notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission will describe the nature of the information collection, the categories of respondents, the estimated burden (*i.e.*, the time, effort and resources used by respondents to respond) and cost, and the actual data collection instruments FEMA will use.

DATES: Comments must be submitted on or before April 12, 2021.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, email address FEMA-Information-Collections-Management@fema.dhs.gov or Marc Geier, Office of Policy and Program Analysis, Federal Emergency Management Agency, 500 C Street SW, Washington, DC 20472, 202.924.0196 or FEMA-DPA@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: This proposed information collection previously published in the **Federal Register** on January 4, 2021 at 86 FR 113 with a 60-day public comment period. No comments were received. The purpose of this notice is to notify the public that FEMA will submit the

information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: Rated Orders, Adjustments, Exceptions, or Appeals Under the Emergency Management Priorities and Allocations System (EMPAS).

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660–0150.

FEMA Forms: No forms.

Abstract: To help ensure the timely delivery of goods and services in support of approved emergency management programs, section 333.13 of the Emergency Management Priorities and Allocations System regulation requires suppliers to accept or reject priority rated orders for these goods and services within established time periods (10 working days for a “DX” rated order and 15 working days for a “DO” rated order). Rated orders may be placed directly by the Federal Government on a contractor or supplier, or they may “flow down” from a contractor to subsequent subcontractors or suppliers. Additionally, FEMA may facilitate sales to third parties. Section 333.13 also requires that certain emergency preparedness rated orders must be accepted or rejected within shorter time periods as specified in section 333.12(b). Section 333.13(d)(3) of the EMPAS regulation requires that, if after acceptance of a rated order the supplier discovers that shipment or performance against the order will be delayed, the supplier must notify the customer immediately in written electronic format, giving the reasons for the delay and advising the customer of a new shipment or performance date. This collection of information involves order communications between a Federal Government prime contractor and its subcontractors, unless FEMA is facilitating a sale to a third party. In those situations, FEMA would collect information on the customer as part of the sale facilitation.

Finally, under section 333.70 each request for adjustment or exception must be in writing and contain a complete statement of all the facts and circumstances related to 44 CFR part 333 or official action from which adjustment is sought and a full and precise statement of the reasons why relief should be provided. Under section 333.71, any person who has had a request for adjustment or exception denied by FEMA under section 333.70 may appeal to the Administrator. Each appeal must be in writing and contain a complete statement of all the facts and

circumstances related to the action appealed from a full and precise statement of the reasons the decision should be modified or reversed.

Affected Public: For Profit Business; Private Non-Profit; State, local or Tribal government.

Estimated Number of Respondents: 26.

Estimated Number of Responses: 26.

Estimated Total Annual Burden

Hours: 8.5.

Estimated Total Annual Respondent Cost: \$533.

Estimated Respondents’ Operation and Maintenance Costs: None.

Estimated Respondents’ Capital and Start-Up Costs: None.

Estimated Total Annual Cost to the Federal Government: \$188.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Millicent L. Brown,

Sr. Manager, Records Management Branch, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

[Docket ID FEMA–2021–0002; Internal Agency Docket No. FEMA–B–2115]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report, once effective, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings.

DATES: Comments are to be submitted on or before June 10, 2021.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2115, to Rick

Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and are used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report

that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.
