

ANNEX-QUANTITY-BASED SAFEGUARD TRIGGER—Continued

Product	Trigger level	Period
Peanuts	21,598 mt	April 1, 2013 to March 31, 2014.
	20,493 mt	April 1, 2014 to March 31, 2015.
Peanut Butter/Paste	3,789 mt	January 1, 2014 to December 31, 2014.
Raw Cane Sugar	1,033,635 mt	October 1, 2013 to September 30, 2014.
	599,416 mt	October 1, 2014 to September 30, 2015.
Refined Sugar and Syrups	215,423 mt	October 1, 2013 to September 30, 2014.
	198,613 mt	October 1, 2014 to September 30, 2015.
Blended Syrups	145 mt	October 1, 2013 to September 30, 2014.
	60 mt	October 1, 2014 to September 30, 2015.
Articles Over 65% Sugar	238 mt	October 1, 2013 to September 30, 2014.
	269 mt	October 1, 2014 to September 30, 2015.
Articles Over 10% Sugar	14,942 mt	October 1, 2013 to September 30, 2014.
	15,471 mt	October 1, 2014 to September 30, 2015.
Sweetened Cocoa Powder	124 mt	October 1, 2013 to September 30, 2014.
	84 mt	October 1, 2014 to September 30, 2015.
Chocolate Crumb	8,996,737 kilograms	January 1, 2014 to December 31, 2014.
Lowfat Chocolate Crumb	173,391 kilograms	January 1, 2014 to December 31, 2014.
Infant Formula Containing Oligosaccharides	380,061 kilograms	January 1, 2014 to December 31, 2014.
Mixes and Doughs	178 mt	October 1, 2013 to September 30, 2014.
	170 mt	October 1, 2014 to September 30, 2015.
Mixed Condiments and Seasonings	593 mt	October 1, 2013 to September 30, 2014.
	653 mt	October 1, 2014 to September 30, 2015.
Ice Cream	2,241,098 liters	January 1, 2014 to December 31, 2014.
Animal Feed Containing Milk	74,236 kilograms	January 1, 2014 to December 31, 2014.
Short Staple Cotton	2,385,410 kilograms	September 20, 2013 to September 19, 2014.
	2,899,397 kilograms	September 20, 2014 to September 19, 2015.
Harsh or Rough Cotton	60 kilograms	August 1, 2013 to July 31, 2014.
	0 kilograms	August 1, 2014 to July 31, 2015.
Medium Staple Cotton	57,587 kilograms	August 1, 2013 to July 31, 2014.
	57,587 kilograms	August 1, 2014 to July 31, 2015.
Extra Long Staple Cotton	505,834 kilograms	August 1, 2013 to July 31, 2014.
	860,694 kilograms	August 1, 2014 to July 31, 2015.
Cotton Waste	589,849 kilograms	September 20, 2013 to September 19, 2014.
	443,246 kilograms	September 20, 2014 to September 19, 2015.
Cotton, Processed, Not Spun	50,873 kilograms	September 20, 2013 to September 19, 2014.
	4,035 kilograms	September 20, 2014 to September 19, 2015.

BILLING CODE 3410-10-P

DEPARTMENT OF AGRICULTURE

Forest Service

Mendocino National Forest; Upper Lake Ranger District; California; Pine Mountain Late-Successional Reserve Habitat Protection and Enhancement Project**AGENCY:** Forest Service, USDA.**ACTION:** Notice of Intent to Prepare an Environmental Impact Statement.

SUMMARY: The Mendocino National Forest, Upper Lake Ranger District, proposes to conduct fuels reduction and habitat enhancement treatments on approximately 7,830 acres southwest of Lake Pillsbury in the Pine Mountain vicinity. The Planning Area is 10,200 acres in size and comprises both Late Successional Reserve (LSR) and Matrix land designations. Of the approximately 7,830 acres to be treated, ~5690 acres are within the Pine Mountain LSR and ~2,140 acres are in Matrix lands. The

project emphasizes fuel reduction activities and habitat management for the protection and enhancement of late-successional species. The project area was chosen for treatment based on past fire history and the existing conditions that pose a threat to late-successional habitat.

The Pine Mountain LSR is one of the smaller LSRs within the Forest and provides a link between the Blue Slides LSR seven miles to the southeast and the Sanhedrin LSR, 1.25 miles to the north. This LSR also provides a critical link to State and other Federal lands to the south and west. This area is currently part of Northern Spotted Owl Critical Habitat (Unit 11, Subunit ICC 5), a designated land allocation by U.S. Fish and Wildlife Service, and also includes 1.6 miles of critical habitat for anadromous fish. These habitats are located within both the LSR and matrix lands. The Project Area is located approximately 15 miles north of the town of Upper Lake, primarily in T18N, R10W, and portions of T18N, R11W; T17N, R10W; and T17N, R11W, Mount Diablo Base Meridian.

DATES: Comments concerning the scope of the analysis must be received by June 19, 2014. The draft environmental impact statement is expected in August 2014 and the final environmental impact statement is expected in December 2014.

ADDRESSES: Send written comments to Forest Supervisor, 825 N. Humboldt Avenue, Willows, CA 95988. Comments may also be sent via email to comments-pacificsouthwest-mendocino@fs.fed.us, or via facsimile to (530) 934-7384.

A public meeting will be held on May 30, 2014 to enable those with interest in the project to obtain more information, ask questions, and make comments for the development of the EIS and the alternatives. A field trip the following day may be held if enough interest is shown.

FOR FURTHER INFORMATION CONTACT: Frank Aebly, at the Upper Lake Ranger District, 10025 Elk Mountain Road, Upper Lake, CA 95485, (707) 275-2361, or faebly@fs.fed.us.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information

Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

SUPPLEMENTARY INFORMATION:

Purpose and Need for Action

Treatments in the Pine Mountain area are being proposed for several reasons: To reduce the risk to late-successional habitat loss from wildfire through vegetative treatments designed to modify and restore characteristic fire regimes and forest structure; improve forest health, vigor, and resilience to fire, insects and disease as well as enhance the diversity of plant and animal habitat found within the project area while restoring and enhancing late successional habitat; and to manage National Forest lands (including roads and trails) to meet the Aquatic Conservation Strategy Objectives and direction set forth in the Mendocino National Forest Land and Resource Management Plan (LRMP).

Proposed Action

The Proposed Action includes the following treatments to achieve the desired conditions:

- Fuel treatments may be applied as prescribed fire only or as a combination of prescribed fire with mechanical treatments, piling and pile burning.
- Mechanical treatments will include mastication or thinning of trees. Thinning of trees less than 10 inches in diameter at breast height (dbh) will be implemented by Forest Service personnel or through service contracts. Thinning of trees greater than 10 inches dbh will be implemented through a commercial contract. These treatments are intended to achieve ecological objectives such as restoring a fire-resilient stand structure, managing for open habitat (that includes shrubs and hardwoods), hastening the development of desired late successional stand characteristics in plantations as well as accelerating the development and vigor of larger trees outside plantations. Treatments would reduce competition between trees for onsite resources such as moisture, light, nutrients and growing space; and would reduce overly dense stand conditions which have led to declining stand health and uncharacteristic fire regimes.
- Prescribed fire treatments will be applied in chaparral areas, following direction provided by the LRMP, to create a mosaic of age classes which provides for the development of heterogeneous chaparral habitat and interruption of fuel continuity.
- Prescribed fire treatment will be applied in forested areas with excessive accumulations of natural fuels,

following direction provided by the LRMP.

- Shaded fuel breaks will be constructed following direction provided by LSR Assessment to provide a buffer against fires originating from the west and moving eastward with the prevailing winds. The fuel breaks will also assist in prescribed fire activities.

Other proposed activities include road management such as road maintenance, drainage improvement, road decommissioning, temporary road construction and rehabilitation, and non-system trail closures. The Interdisciplinary Team is developing design features and Best Management Practices to protect water, wildlife, aquatic, archaeological, cultural, and botanical resources.

Responsible Official

The Responsible Official for this project is Sherry Tune, Forest Supervisor, 825 N. Humboldt Avenue, Willows, CA 95988.

Nature of Decision To Be Made

The Forest Supervisor will decide whether to implement the proposed action, take an alternative action that meets the purpose and need, or take no action.

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. A public meeting will be held on May 30, 2014, to enable those with interest in the project to obtain more information, ask questions, and make comments for the development of the EIS and the alternatives. A field trip the following day may be held if enough interest is shown.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this project. Comments submitted anonymously will be accepted and considered, however.

Dated: May 7, 2014.

Sherry A. Tune,

Forest Supervisor.

BILLING CODE 3410-11-P

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Commodity Credit Corporation

[Docket No. NRCS-2014-0004]

Notice of Request for Revision of a Currently Approved Information Collection

AGENCY: Natural Resources Conservation Service (NRCS) and the Commodity Credit Corporation (CCC), United States Department of Agriculture (USDA).

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), this notice announces NRCS' intention to request an extension for, and a revision to, a currently approved information collection for Long-Term Contracting.

DATES: *Effective Date:* This is effective May 20, 2014.

Comment Date: Submit comments on or before July 21, 2014.

ADDRESSES: Comments should be submitted, identified by Docket Number NRCS-2014-0004, using any of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.
- Mail: Public Comments Processing, Attention: Docket No. NRCS-2014-0004, Regulatory and Agency Policy Team, Strategic Planning and Accountability, Department of Agriculture, Natural Resources Conservation Service, 5601 Sunnyside Avenue, Building 1-1112D, Beltsville, Maryland 20705.

NRCS will post comments on <http://www.regulations.gov>. In general, personal information provided with comments will be posted. If your comment includes your address, phone number, email, or other personal identifying information, your entire comments, including personal information, may be available to the public. You may ask in your comment that your personal identifying information be withheld from public view, but this cannot be guaranteed.

FOR FURTHER INFORMATION CONTACT: Decunda Duke-Bozeman, Room 6817
