

technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to

a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this Information

Collection Request are summarized in the table below.

The annual estimate of burden is as follows:

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
NPDB/HIPDB Users Non-Matched Responses	11,832	1	11,832	0.25	2,958
NPDB/HIPDB Users Matched Responses	1,768	1	1,768	0.25	442
NPDB/HIPDB Self-Query Non-Matched Responses	1,080	1	1,080	0.10	108
NPDB/HIPDB Self-Query Matched Responses	120	1	120	0.10	12
NPDB/HIPDB Non-Users (Hospitals)	1,200	1	1,200	0.10	120
NPDB/HIPDB Non-Users (All Others)	400	1	400	0.10	40
Total	16,400		16,400		3,680

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail the HRSA Reports Clearance Officer, Room 10-29, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857.

Deadline: Comments on this Information Collection Request must be received within 60 days of this notice.

Dated: December 17, 2012.

Bahar Niakan,

Director, Division of Policy and Information Coordination.

Proposed Collection; Comment Request; Pediatric Palliative Care Campaign Pilot Survey

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Institute of Nursing Research (NINR), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is

necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact Ms. Adrienne Burroughs, Health Communications Specialist, Office of Communications and Public Liaison, NINR, NIH, Building 31, Room 5B10, 31 Center Drive, Bethesda, MD 20892, or call non-toll-free number (301) 496-0256, or Email your request, including your address to:

adrienne.burroughs@nih.gov.

Comments regarding this information collection are best assured of having their full effect if received within 60-days of the date of this publication.

Proposed Collection: Pediatric Palliative Care Campaign Pilot Survey—0925-New—National Institute of Nursing Research (NINR), National Institutes of Health (NIH).

Need and Use of Information

Collection: NINR developed a Pediatric

Palliative Care Campaign to address the communications challenges faced by health care providers who recommend and provide palliative care to pediatric populations. NINR is launching this effort to increase the use of palliative care for children living with serious illness or life-limiting conditions. The Pediatric Palliative Care Campaign Pilot Survey will assess the information and materials being disseminated as part of the Pediatric Palliative Care Campaign pilot. Survey findings will help (1) determine if the pilot campaign is effective, relevant, and useful to health care providers who recommend and provide palliative care to pediatric populations; (2) to better understand current perceptions, challenges, and information needs of health care providers when it comes to discussing pediatric palliative care so that information and materials can be refined; and (3) examine how effective the campaign pilot materials are in starting and continuing a pediatric palliative care conversation and addressing the communications needs of health care providers around this topic.

This assessment will deliver strategic and actionable guidance for refining the campaign materials so that they can be used by a wider audience of health care providers. OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 26.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total annual burden hour
Physicians	25	1	30/60	13

ESTIMATED ANNUALIZED BURDEN HOURS—Continued

Type of respondent	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total annual burden hour
Nurses	25	1	30/60	13

Dated: December 17, 2012.

Amanda Greene,

Science Evaluation Officer, NINR, National Institutes of Health.
