SUPPLEMENTARY INFORMATION:

A. Purpose

The Data Universal Numbering System (DUNS) number is the nine-digit identification number assigned by Dun and Bradstreet Information Services to an establishment. The Government uses the DUNS number to identify contractors in reporting to the Federal Procurement Data System (FPDS). The FPDS provides a comprehensive mechanism for assembling, organizing, and presenting contract placement data

for the Federal Government. Federal agencies report data on all contracts in excess of the micro-purchase threshold to the Federal Procurement Data Center which collects, processes, and disseminates official statistical data on Federal contracting. Contracting officers insert the Federal Acquisition Regulation (FAR) provision at 52.204–6, Data Universal Numbering System (DUNS) Number, in solicitations they expect will result in contracts in excess of the micro-purchase threshold and do not contain FAR 52.204–7, Central Contractor Registration. The majority of offerors submit their DUNS through CCR as required by FAR 52.204–7, and not under the FAR provision at 52.204–6.

B. Annual Reporting Burden

The estimated annual reporting burden has been adjusted since published in the **Federal Register** at 74 FR 37991, on July 30, 2009. The adjustment is based on use of Fiscal Year 2011 Federal Procurement Data System data, and consideration for the fact that the majority of vendors are required to report their DUNS number into the Central Contractor Registration per FAR 52.204–7, and not FAR.204–6, as required by this information collection.

Respondents: 38,679.

Responses per Respondent: 3.

Annual Responses: 116,037.

Hours per Response: .02416.

Total Burden Hours: 2,804.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat (MVCB), 1275 First Street NE., Washington, DC 20417, telephone (202) 501–4755. Please cite OMB Control Number 9000–0145, Use of Data Universal Numbering System (DUNS) as Primary Contractor Identification, in all correspondence.

Dated: September 6, 2012.

William Clark,

Acting Director, Federal Acquisition Policy Division, Office of Acquisition Policy, Office of Governmentwide Policy.
