

experimental product or price category is based on;

(2) Explain the relationship between the proposed non-experimental product or price category and market test or experimental product;

(3) Identify any assumptions from the market test that the request uses or is based on;

(4) Include all data from data collection reports filed during the market test in the financial model supporting the request, or separately identify and explain any differences between the data collection reports filed during the market test and the data used in the financial model supporting the request; and

(5) Quantify the product specific costs associated with the development of the market test; that is, costs incurred before the market test was implemented.

(d) The Postal Service must provide advance notice of a request filed under this section.

(1)(i) The requirements in this paragraph (d)(1) apply if the Postal Service seeks to add a non-experimental product or price category based on an experimental product to the competitive product list as an NSA. If the Postal Service seeks to continue the services provided under a market test immediately when the market test ends with no interruption in service, the Postal Service must file a request under this section at least 45 days before:

(A) The market test expires (including any extension period granted); or

(B) The market test is expected to exceed any authorized limitation specified in §§ 3035.15 and 3035.16 during any fiscal year, whichever is earlier.

(ii) In all other instances, the Postal Service must file a request under this section at least 45 days before the requested date for the Commission's decision.

(2)(i) The requirements in this paragraph (d)(2) apply if the Postal Service seeks to add a non-experimental product or price category based on an experimental product to the market dominant or competitive product list as a product other than a competitive NSA. If the Postal Service seeks to continue the services provided under a market test immediately when the market test ends with no interruption in service, the Postal Service must file a request under this section at least 60 days before:

(A) The market test expires (including any extension period granted); or

(B) The market test is expected to exceed any authorized limitation specified in §§ 3035.15 and 3035.16 during any fiscal year, whichever is earlier.

(ii) In all other instances, the Postal Service must file a request under this section at least 60 days before the requested date for the Commission's decision.

(e) The Postal Service shall also file a notice of a request filed under this section in the market test proceeding's docket if the market test proceeding's docket is an active case before the Commission. This notice shall include the applicable docket number(s) for the proceeding evaluating the request.

By the Commission.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R06-OAR-2007-0314; FRL-9988-58-Region 6]

Air Plan Approval; Oklahoma; Interstate Transport Requirements for the 1997 Ozone National Ambient Air Quality Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: Pursuant to the Federal Clean Air Act (CAA or the Act), the Environmental Protection Agency (EPA) is approving a portion of an Oklahoma State Implementation Plan (SIP) submittal that pertains to the good neighbor provision requirements of the CAA with respect to interstate transport of air pollution which will interfere with maintenance of the 1997 ozone National Ambient Air Quality Standards (NAAQS). The good neighbor provision requires, in part, that each state, in its SIP, prohibit emissions that will interfere with maintenance of a new or revised NAAQS in another state. In this action, EPA is approving the Oklahoma SIP submittal as having met the interfere with maintenance requirement of the good neighbor provision for the 1997 ozone NAAQS in accordance with section 110 of the CAA.

DATES: This rule is effective on March 4, 2019.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-R06-OAR-2007-0314. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., Confidential Business

Information or other information whose disclosure is restricted by statute.

Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. SUPPLEMENTARY INFORMATION:

Throughout this document “we,” “us,” and “our” means the EPA.

I. Background

The background for this action is discussed in detail in our November 16, 2018 proposal (83 FR 57701). In that document we proposed to (1) approve the portion of a May 1, 2007 Oklahoma SIP submittal pertaining to the interfere with maintenance requirement of CAA section 110(a)(2)(D)(i)(I) with respect to the 1997 ozone NAAQS and (2) find that the state's conclusion that Oklahoma emissions do not interfere with maintenance of the 1997 ozone NAAQS in another state is consistent with our conclusion regarding this good neighbor obligation. We did not receive any comments regarding our proposal.

II. Final Action

We are approving the portion of a May 1, 2007 Oklahoma SIP submittal pertaining to the interfere with maintenance requirement of CAA section 110(a)(2)(D)(i)(I) with respect to the 1997 ozone NAAQS. We find that the state's conclusion that Oklahoma emissions do not interfere with maintenance of the 1997 ozone NAAQS in another state is consistent with our conclusion regarding this good neighbor obligation. This action is being taken under section 110 of the Act.

III. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);

- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and

- Does not provide EPA with the discretionary authority to address, as

appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by April 2, 2019. Filing a petition for reconsideration by the Administrator of this final rule does

not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)
