

SAFEGUARDS:

Physical security: Access to records covered by the system will be permitted only to authorized personnel in accordance with requirements found in the Departmental Privacy Act regulations (43 CFR 2.51). Paper records are stored in locked, fire-proof file cabinets or in safes located within locked offices of the Department. Electronic files are locally stored internally in the secure, locked office space as well. Access to the Departmental buildings where these records are maintained is controlled by 24 hour guards and badges, and is limited to authorized personnel.

Technical security: The electronic files are maintained with safeguards meeting the requirements of 43 CFR 2.51 for automated records, which conform to Office of Management and Budget, National Institute of Standards and Technology, and Departmental guidelines reflecting the implementation of the Federal Information Security Management Act. The electronic data are protected through user identification, passwords, database permissions, encryption at rest where available, and software controls. An audit trail is maintained and reviewed periodically to identify unauthorized access.

Administrative security: Before personnel are permitted access to these records, they have been screened by background checks, and they work under supervision of the respective system managers who are Directors of their respective Branch or Office. All personnel are required to receive training in Privacy and in Information Technology Security Awareness before beginning employment, and annually thereafter. Additionally, they have signed rules of behavior before accessing Departmental computer systems.
