Applicants' Representations

1. The Company is an internally managed, non-diversified, closed-end investment company that has elected to be regulated as a business development company ("BDC") under the Act. The Company is currently permitted to issue shares of Restricted Stock under the terms of its Plan in reliance on the Prior Order. Applicants seek to amend the Prior Order in order to permit the Company, pursuant to the Plan, to withhold shares of the Company's common stock or purchase shares of the Company's common stock from executive officers or employees ("Participants") to satisfy tax withholding obligations related to the vesting of Restricted Stock or the exercise of stock options that were or will be granted pursuant to the Plan. In addition, the Company seeks to amend the Prior Order to permit Participants to pay the exercise price of options that were or will be granted to them pursuant to the Plan with shares of the Company's common stock already held by them or pursuant to a net share settlement feature.² The Applicants will continue to comply with all of the terms and conditions of the Prior Order.

2. The Plan authorizes the issuance to Participants of shares of Restricted Stock and options to purchase shares of the Company's common stock, subject to certain forfeiture restrictions. On the date Restricted Stock vests, shares of the Restricted Stock are released to the Participant and are available for sale or

² Net share settlement allows the Company to deliver only gain shares (*i.e.*, shares of its common stock with a fair market value, as the term is defined in the Plan, equal to the option spread upon exercise) directly to the optionee without the need for the optionee to sell shares of the Company's common stock on the open market or borrow cash from third parties in order to exercise his or her options.

transfer and the value of the vesting shares is deemed to be compensation for a Participant.³ As discussed more fully in the application, certain exercises of options result in a Participant being deemed to have received compensation in the amount by which the fair market value of the shares of the Company's common stock, determined as of the date of exercise, exceeds the exercise price. Applicants state that any compensation income recognized by a Participant generally is subject to federal withholding for income and employment tax purposes. Accordingly, arrangements must be made to satisfy the necessary withholding tax obligations.

3. The Company's stockholders approved the terms and provisions of the Plan on June 17, 2008. The Plan explicitly permits the Company to withhold shares of the Company's common stock or purchase shares of the Company's common stock from the Participants to satisfy tax withholding obligations related to the vesting of Restricted Stock or the exercise of options granted pursuant to the Plan. The Plan further provides that Participants may pay the exercise price of options to purchase shares of the Company's stock with shares of the Company's stock already held by such Participants or pursuant to net share settlement.

Applicants' Legal Analysis

1. Section 23(c) of the Act, which is made applicable to BDCs by section 63 of the Act, generally prohibits a BDC from purchasing any securities of which it is the issuer except in the open market, pursuant to tender offers or under other circumstances as the Commission may permit to ensure that the purchase is made on a basis that does not unfairly discriminate against any holders of the class or classes of securities to be purchased. Applicants state that the withholding or purchase of shares of Restricted Stock and common stock in payment of applicable withholding tax obligations or of common stock in payment for the exercise price of a stock option might be deemed to be purchases by the Company of its own securities within the meaning of section 23(c) and therefore prohibited by the Act.

2. Section 23(c)(3) provides that the Commission may issue an order that would permit a BDC to repurchase its shares in circumstances in which the

repurchase is made in a manner or on a basis that does not unfairly discriminate against any holders of the class or classes of securities to be purchased. Applicants believe that the requested relief meets the standards of section 23(c)(3).

3. Applicants state that these purchases will be made on a basis which does not unfairly discriminate against the stockholders of the Company because all purchases of the Company's stock will be at the closing price of the common stock on the NASDAQ Global Select Market (or any primary exchange on which the shares are traded) on the relevant date (*i.e.*, the public market price on the date the Restricted Stock vests or the date of the exercise of any options). Applicants further state that no transactions will be conducted pursuant to the requested order on days where there are no reported market transactions involving the Company's shares. Applicants submit that because all transactions would take place at the public market price for the Company's common stock, the transactions would not be significantly different than could be achieved by any stockholder selling in a market transaction.

4. Applicants submit that the proposed purchases do not raise concerns about preferential treatment of the Company's insiders because the Plan is a bona fide compensation plan of the type that is common among corporations generally. Further, the vesting schedule is determined at the time of the initial grant of the Restricted Stock while the option exercise price is determined at the time of the initial grant of the options. Applicants represent that all purchases will be made only as permitted by the Plan, which was approved by the Company's stockholders. Applicants argue that granting the requested relief would be consistent with precedent and the Commission's recognition of the important role that equity compensation can play in attracting and retaining qualified personnel with respect to certain types of investment companies, including BDCs.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

Florence E. Harmon,
Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-59937; File No. SR-NYSEArca-2009-24]

Self-Regulatory Organizations; NYSE Arca, Inc.; Order Approving Proposed Rule Change To Adopt a Policy With Respect to the Treatment of Aberrant Trades

May 18, 2009.

I. Introduction

On March 18, 2009, NYSE Arca, Inc. ("NYSE Arca" or the "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to adopt a policy relating to its treatment of trade reports that it determines to be inconsistent with the prevailing market and to make such policy retroactive to January 1, 2008. The proposed rule change was published for comment in the **Federal Register** on April 6, 2009.³ The Commission received no comments on the proposal. This order approves the proposed rule change.

II. Description of the Proposal

Trades in listed securities occasionally occur at prices that deviate from prevailing market prices and those trades sometimes establish a high, low or last sale price for a security that does not reflect the true market for the security. The Exchange seeks to address such instances of "aberrant" trades by adopting a policy that is substantially similar to a policy of the New York Stock Exchange ("NYSE").⁴ On February 9, 2009, the Exchange also filed a proposed rule change, which it designated as eligible for immediate effectiveness pursuant to Rule 19b-4(f)(6) under the Act,⁵ to adopt a policy relating to the Exchange's treatment of trade reports that it determines to be inconsistent with the prevailing market.⁶ The policy proposed in the instant rule change is identical to the policy set forth in Release No. 34-59453, except that the instant proposal
