

Annual Cost Burden: \$1,893,700.00.
Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: The information collected will be used by the Commission to determine the progress made by licensees to meet specific performance requirements, and the manner in which their spectrum is being utilized, and to determine whether licensees have complied with the Commission's performance benchmarks. The Commission will also use the information to evaluate whether further assessment of the rules or other actions are necessary in the event spectrum is being stockpiled or warehoused, or if it is otherwise not being made available despite existing demand.

FEDERAL COMMUNICATIONS COMMISSION

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information burden

for small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before August 11, 2014. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Submit your PRA comments to Benish Shah, Federal Communications Commission, via the Internet at Benish.Shah@fcc.gov. To submit your PRA comments by email send them to: PRA@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Benish Shah, Office of Managing Director, (202) 418-7866.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0987.
Title: 911 Callback Capability; Non-initialized Handsets (47 CFR 20.18(l)(1)(i-iii), 20.18 (l)(2)(i-iii)).

Form Number: Not applicable.
Type of Review: Extension without change of a currently approved collection.

Respondents: Businesses or other for-profit.

Number of Respondents and Responses: 785 respondents; 225,785 responses.

Estimated Time per Response: 0.0117811 hour (range of 30 seconds for labeling each handset to one hour for each respondent's public education effort).

Frequency of Response: Third-party disclosure.

Obligation To Respond: Mandatory. Statutory authority for this information collection is contained in 47 U.S.C. 154, 160, 201, 251-254, 303, and 332.

Total Annual Burden: 2,660 hours.

Total Annual Cost: None.

Privacy Act Impact Assessment: No impact.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: In 2003, the Commission modified 47 CFR 20.18(l) to further improve the ability of public safety answering points (PSAPs) to respond quickly and efficiently to calls for emergency assistance made from non-service initialized wireless mobile handsets. Non-service-initialized

wireless mobile handsets (non-initialized handsets) are not registered for service with any Commercial Mobile Radio Service (CMRS) licensee. A non-initialized handset lacks a dialable number, but is programmed to make outgoing 911 calls. The Commission addressed issues arising from the inability of a PSAP operator to call back a 911 caller who becomes disconnected when using a non-service-initialized wireless handset. These requirements also apply to manufacturers of 911-only handsets that are manufactured after May 3, 2004.

FEDERAL DEPOSIT INSURANCE CORPORATION

Withdrawal of Determination of Insufficient Assets To Satisfy Claims Against Financial Institution in Receivership

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice.

SUMMARY: The FDIC has withdrawn and set aside its determination that insufficient assets exist in the receivership of Colonial Bank, Montgomery, Alabama, to make any distribution on general unsecured claims and that such claims have no value.

DATES: The FDIC withdrew its determination on June 4, 2014.

FOR FURTHER INFORMATION CONTACT: If you have questions regarding this notice, you may contact an FDIC Claims Agent at (972) 761-8677. Written correspondence may also be mailed to FDIC as Receiver of Colonial Bank, Attention: Claims Agent, 1601 Bryan Street, Dallas, Texas 75201.

SUPPLEMENTARY INFORMATION: On April 15, 2013, the FDIC determined that the assets of Colonial Bank, Montgomery, Alabama, were insufficient to make any distribution on general unsecured claims, and that such claims therefore had no value. Notice of the determination was published in the **Federal Register** on April 19, 2013. 78 FR 23565. The FDIC has now withdrawn its determination because the Receivership's theoretically possible recoveries have been revised upward as a result of changed circumstances and could possibly exceed the previously

calculated \$1.698 billion deficit, which in turn could possibly result in payment on non-deposit claims under the most favorable circumstances.

Dated: At Washington, DC, June 4, 2014.
Federal Deposit Insurance Corporation.

Robert E. Feldman,
Executive Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30Day-14-0896]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is published to obtain comments from the public and affected agencies.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) Enhance the quality, utility, and clarity of the information to be collected; (d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Written comments and/or suggestions regarding the items contained in this notice should be directed to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Community-based Organization (CBO) Monitoring and Evaluation Project (CMEP) of WILLOW (CMEP-WILLOW) (OMB No. 0920-0896, expires 8/31/2014)—Extension—National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention (NCHHSTP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

CDC began formally partnering with CBOs in the late 1980s to expand the reach of HIV prevention efforts. CBOs were, and continue to be, recognized as important partners in HIV prevention because of their history and credibility with target populations and their access to groups that may not be easily reached. Over time, CDC's program for HIV prevention by CBOs has grown in size, scope, and complexity to respond

to changes in the epidemic, including the diffusion and implementation of Effective Behavioral Interventions (EBIs) for HIV prevention. Women Involved in Life Learning from Other Women (WILLOW) is an EBI that focuses on health education and social skills building among women living with HIV.

CDC's EBIs have been shown to be effective under controlled research environments, but there is limited data on intervention implementation and client outcomes in real-world settings (as implemented by CDC-funded CBOs). The purpose of CMEP is to improve the performance of CDC-funded CBOs delivering particular individual- or group-level behavioral interventions. This is done by monitoring changes in clients' self-reported HIV transmission risk behaviors after participating in the intervention.

CDC funded four (4) CBOs to participate in CMEP-WILLOW for five (5) years (September 2010–August 2015). From October 1, 2011 through March 21, 2014, baseline surveys were conducted with 941 participants; 90-day follow up surveys were completed with 700 participants, and 180-day follow up surveys were completed with 609 participants.

CDC is requesting additional time to complete follow up surveys at 90- and 180-days for participants completing the intervention on or before 8/31/2014. Following their participation in the WILLOW intervention, participants will complete an 18 minute, self-administered, computer based interview at two follow-up time points (90- and 180-days following the WILLOW intervention) to assess their HIV-related attitudes and behavioral risks. CBOs will be expected to retain 80% of these participants at both follow-up interviews. CBO agency staff will submit data files to CDC monthly. It is estimated it will take 5 minutes to upload to the CDC's Secure Data Network (SDN).

Throughout the project, funded CBOs will be responsible for managing the daily procedures of CMEP-WILLOW to ensure that all required activities are performed, all deadlines are met, and quality assurance plans, policies and procedures are upheld. CBOs will be responsible for participating in all CDC-sponsored grantee meetings related to CMEP-WILLOW. The total estimated annual burden hours are 200.
