

regard to antidumping duties. Because the final weighted-average dumping margin for Hyundai Steel Company is zero percent, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.¹¹

Consistent with Commerce's clarification of its assessment practice, for entries of subject merchandise during the POR produced by the above-referenced respondents for which they did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate in the original less-than-fair-value (LTFV) investigation (as amended)¹² if there is no rate for the intermediate company(ies) involved in the transaction.¹³

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁴

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of CORE from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for each specific company listed above will be equal to the weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be

the company-specific rate established in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or the original LTFV investigation, but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 8.31 percent, the all-others rate established in the LTFV investigation (as amended) in this proceeding.¹⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: January 27, 2023.

Certain Corrosion-Resistant Steel Products From Taiwan: Final Results of the Antidumping Duty Administrative Review and Final Determination of No Shipments; 2020–2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that producers/exporters subject to this review made sales of subject merchandise at less than normal value (NV) during the period of review (POR) July 1, 2020, through June 30, 2021. We further determine that Synn Co., Ltd. (Synn) had no shipments of subject merchandise during the POR.

DATES: Applicable February 3, 2023.

this administrative review.¹ We invited interested parties to comment on the *Preliminary Results*. This review covers two mandatory respondents: Prosperity Tieh Enterprise Co., Ltd. (Prosperity Tieh) and Yieh Phui Enterprise Co., Ltd. (Yieh Phui). We received a case brief from Prosperity.² A complete summary of the events that occurred since publication of the *Preliminary Results* is found in the Issues and Decision Memorandum.³ Commerce conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁴

The product covered by the *Order* is flat-rolled steel products, either clad, plated, or coated with corrosion-resistant metals such as zinc, aluminum, or zinc-, aluminum-, nickel- or iron-based alloys, whether or not corrugated or painted, varnished, laminated, or coated with plastics or other non-metallic substances in addition to the metallic coating. For the full text of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of the Comments Received

All issues raised in the case brief are addressed in the Issues and Decision Memorandum.⁵ A list of the issues which parties raised, and to which we respond in the Issues and Decision Memorandum, is attached in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly

at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on a review of the record and analysis of the comments received from Prosperity, we made changes to the preliminary weighted-average dumping margins calculations for Prosperity and Yieh Phui. For detailed information, see the Issues and Decision Memorandum.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce preliminarily determined that Synn made no shipments of subject merchandise into the United States during the POR.⁶ As we have not received any information to contradict this determination, nor comment in opposition to our preliminary finding, we continue to determine that Synn made no shipments of subject merchandise during the POR. Consistent with our practice, we will instruct U.S. Customs and Border Protection (CBP) to liquidate any existing entries of subject merchandise produced by Synn, but exported by other parties, at the rate for the intermediate reseller, if available, or at the all-others rate.⁷

Rate for Respondent Not Selected for Individual Examination

The statute and Commerce's regulations do not address the establishment of a rate to be applied to individual respondents not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the rate for respondents which we did not examine in an administrative review. Section 735(c)(5)(A) of the Act states that the all-others rate shall be equal to the weighted-average dumping margins of those exporters and producers individually examined, excluding any rates which are zero, *de minimis*, or based entirely on facts available (FA). Accordingly, Commerce's practice in administrative reviews has been to average the weighted-average dumping margins for the companies selected for individual examination in the administrative review, excluding rates

that are zero, *de minimis*, or based entirely on FA.⁸ For these final results of review, we calculated weighted-average dumping margins for both mandatory respondents which are not zero, *de minimis*, or determined entirely on the basis of FA.⁹ Accordingly, Commerce assigns to the company not examined in this review (*i.e.*, Sheng Yu Steel Co., Ltd.) a dumping margin of 3.38 percent, which is the weighted average of the dumping margins calculated using the public ranged sales data of Prosperity and Yieh Phui.

Final Results of Review

We determine that the following weighted-average dumping margins exist for the respondents for the period July 1, 2020, through June 30, 2021:

Exporter/producer	Weighted-average dumping margin (percent)
Prosperity Tieh Enterprise Co., Ltd	3.64
Sheng Yu Steel Co., Ltd	3.38
Yieh Phui Enterprise Co., Ltd	2.88

Disclosure

We intend to disclose to interested parties the calculations and analysis performed for these final results within five days of the date of the publication of this notice in the **Federal Register** in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific *ad valorem* duty

⁸ See, e.g., *Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews and Rescission of Reviews in Part*, 73 FR 52823, 52824 (September 11, 2008), and accompanying Issues and Decision Memorandum at Comment 16.

⁹ In the case of two mandatory respondents, our practice is to calculate: (A) a weighted average of the dumping margins calculated for the mandatory respondents; (B) a simple average of the dumping margins calculated for the mandatory respondents; and (C) a weighted average of the dumping margins calculated for the mandatory respondents using each company's publicly ranged values for the merchandise under consideration. We compare (B) and (C) to (A) and select the rate closest to (A) as the most appropriate rate for all other companies. assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of those sales. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.¹⁰ For entries of subject merchandise during the POR produced by the mandatory respondents for which they did not know their merchandise was destined for the United States, or for entries associated with Synn, which had no shipments during the POR, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹¹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be equal to the weighted-average dumping margins established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-

specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer has been covered in a prior complete segment of this proceeding, then the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 3.66 percent,¹² the all-others rate from the *Amended Final Determination*. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: January 27, 2023.

Announcing Issuance of Federal Information Processing Standard (FIPS) 186-5, Digital Signature Standard

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice.

SUMMARY: This notice announces the Secretary of Commerce's approval of Federal Information Processing Standard (FIPS) 186-5, Digital Signature Standard (DSS). FIPS 186-5 specifies three techniques for the generation and verification of digital signatures that can be used for the protection of data: the Rivest-Shamir-Adleman (RSA) Algorithm, the Elliptic Curve Digital Signature Algorithm (ECDSA), and the Edwards Curve Digital Signature Algorithm (EdDSA). The Digital Signature Algorithm (DSA), specified in prior versions of this standard, is retained only for the purposes of verifying existing signatures.

DATES: FIPS 186-5 is effective on February 3, 2023.

ADDRESSES: FIPS 186-5 is available electronically on the NIST Computer Security Resource Center website at <https://csrc.nist.gov>.
