DEPARTMENT OF COMMERCE**Submission for OMB Review;
Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Tilefish Individual Fishing Quota Program.

OMB Control Number: 0648–0590.

Form Number(s): NA.

Type of Request: Regular submission (revision and extension of a current information collection).

Number of Respondents: 12.

Average Hours per Response: Permit applications, 30 minutes; renewals, 15 minutes; quota transfers and ownership interest declarations, 5 minutes; fee cost recovery, 2 hours.

Burden Hours: 49.

Needs and Uses: This request is for revision and extension of a current information collection.

National Marine Fisheries Service (NMFS) Northeast Region manages the tilefish fishery of the Exclusive Economic Zone (EEZ) of the Northeastern United States, through the Tilefish Fishery Management Plan (FMP). The Mid-Atlantic Fishery Management Council prepared the FMP pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (MSA). The regulations implementing the FMP are specified at 50 CFR part 648 Subpart N.

The recordkeeping and reporting requirements at § 648.294 form the basis for this collection of information. NMFS requests information from tilefish individual fishing quota (IFQ) permit holders in order to process applications

to ensure that IFQ allocation owners are provided a statement of their annual catch quota, and for enforcement purposes, to ensure vessels are not exceeding an individual quota allocation. In conjunction with the application, NMFS also collects IFQ share accumulation information to ensure that an IFQ limited access privilege holder does not acquire an excessive share of the total limited access privileges, as required by section 303A(c)(5)(D) of the MSA.

NMFS requests transfer application information to process and track requests from allocation holders to transfer quota allocation (permanent and temporary) to another entity. NMFS also collects information for cost recovery purposes as required under the MSA to collect fees to recover the costs directly related to management, data collection and analysis, and enforcement of IFQ programs. Lastly, NMFS collects landings information to ensure that the amounts of tilefish landed and ex-vessel prices are properly recorded for quota monitoring purposes and the calculation of IFQ fees, respectively. Having this information results in an increasingly more efficient and accurate database for management and monitoring of fisheries of the Northeastern U.S. EEZ.

Revision: permit application appeals are no longer applicable as the fishery is closed to new applicants.

Affected Public: Business or other for-profit organizations.

Frequency: Annually and on occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board**

[B–61–2012]

Foreign-Trade Zone 90—Onondaga County, NY Application for Expansion and Reorganization Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the County of Onondaga, grantee of FTZ 90, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on August 6, 2012.

FTZ 90 was approved by the Board on November 4, 1983 (Board Order 230, 48 FR 52108, 11–16–1983) and expanded on March 12, 1999 (Board Order 1030, 64 FR 14212, 3–24–1999). The current zone includes the following site: *Site 1* (22 acres)—Woodard Industrial Park, Steelway Boulevard, Clay.

The grantee’s proposed service area under the ASF would be Onondaga, Cayuga, Oswego and Madison Counties, New York, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The proposed service area is within and adjacent to the Syracuse Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project by removing existing Site 1 and designating two new sites as “magnet” sites:

Proposed Site 2 (339.41 acres)—Clay Business Park, NYS Route 31 and Caughdenoy Road, Clay, Onondaga County; and, *Proposed Site 3* (35.98 acres)—Port of Oswego, 1 East Second Street, Oswego, Oswego County. The application would have no impact on FTZ 90’s previously authorized subzones.

In accordance with the Board’s regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application
