[Docket No. FD 36622 (Sub-No. 1)]

**Evansville Western Railway, Inc.—
Temporary Trackage Rights
Exemption—Illinois Central Railroad
Company**

On July 14, 2022, the Evansville Western Railway, Inc. (EVWR), filed a request under 49 CFR 1180.2(d)(8) for an extension of the temporary overhead trackage rights previously granted in this docket over an approximately 11.7-mile line of railroad owned by Illinois Central Railroad Company, between Sugar Camp, Ill., at milepost 61.9, and Dial, Ill., at milepost 73.6 (the Line).

EVWR was authorized to acquire these trackage rights over the Line by notice of exemption served on June 8, 2022, and published in the **Federal Register** on June 13, 2022 (87 FR 35846). The purpose of the trackage rights is to allow EVWR to load unit coal trains at Pond Creek Mine near Dial until EVWR's service at the Sugar Camp Mine can be restored following the mine's closure due to a mine fire and the unrelated, but necessary, relocation of long wall mining equipment. Currently, the rights are scheduled to expire on the earlier of: (i) July 15, 2022, or (ii) the re-opening of the Sugar Camp Mine "with sufficient production to fulfill the required requested loadings of unit trains of coal." EVWR seeks to extend the temporary trackage rights until the earlier of: (i) August 15, 2022 or (ii) the re-opening of the Sugar Camp Mine "with sufficient production to fulfill the required requested loadings of unit trains of coal."

Under 49 CFR 1180.2(d)(8), the parties may, prior to the expiration of the temporary trackage rights, file a request for a renewal of the temporary rights for an additional period of up to one year, including the reasons for the extension. EVWR states that the Sugar Camp Mine is expected to remain inoperable for several more weeks and that an extension of the temporary trackage rights will allow it to continue service to its shippers by loading unit coal trains at Pond Creek Mine until EVWR's service at the Sugar Camp Mine can be restored. EVWR filed a copy of an executed amendment to the temporary trackage rights agreement with its request for an extension.

In accordance with 49 CFR 1180.2(d)(8), EVWR's temporary trackage rights over the Line will be extended and will expire on or before August 15, 2022, as explained above. The employee protective conditions imposed in the June 8, 2022 notice remain in effect. Notice of the extension

will be published in the **Federal Register**.

It is ordered:

1. EVWR's temporary trackage rights are extended and will expire on the earlier of: (i) August 15, 2022 or (ii) the re-opening of the Sugar Camp Mine with sufficient production to fulfill the required requested loadings of unit trains of coal.

2. Notice will be published in the **Federal Register**.

3. This decision is effective on its service date.

Decided: July 15, 2022.

By the Board, Mai T. Dinh, Director, Office of Proceedings.

Kenyatta Clay,
Clearance Clerk.

**OFFICE OF THE UNITED STATES
TRADE REPRESENTATIVE****Suspension of the Safeguard Action
on Imports of Certain Crystalline
Silicon Photovoltaic Cells (Whether or
Not Partially or Fully Assembled Into
Other Products) Originating in Canada
and Modification of the Harmonized
Tariff Schedule of the United States**

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: Pursuant to authority delegated by the President on July 8, 2022, the U.S. Trade Representative reached an agreement with Canada limiting the export from Canada and the import into the United States of certain crystalline silicon photovoltaic cells (whether or not partially or fully assembled into other products) (CSPV products). The U.S. Trade Representative, in consultation with the Secretaries of Commerce and Energy, has determined that the agreement will ensure that imports of CSPV products originating in Canada do not undermine the effectiveness of the President's safeguard action proclaimed on imports of CSPV products. The U.S. Trade Representative is modifying the Harmonized Tariff Schedule of the United States (HTSUS) to suspend application of the safeguard measure to imports of CSPV products originating in Canada.

DATES: The suspension of the application of the safeguard measure to imports of CSPV products originating in Canada and technical changes is applicable as of February 1, 2022.

FOR FURTHER INFORMATION CONTACT: For questions concerning the agreement,

contact Michael T. Gagain, Office of General Counsel, at Michael.T.Gagain@ustr.eop.gov or 202-395-9529, or Victor Mroczka, Office of WTO and Multilateral Affairs, at vmroczka@ustr.eop.gov or (202) 395-9450.

SUPPLEMENTARY INFORMATION:**I. The Safeguard Measure on CSPV Products**

On January 23, 2018, the President, pursuant to section 203 of the Trade Act of 1974 (Trade Act) (19 U.S.C. 2253), issued Proclamation 9693, which imposed a safeguard measure on imports of CSPV products in the form of a tariff-rate quota on imports of solar cells not partially or fully assembled into other products, and an increase in duties on imports of modules. *See* 83 FR 3541 (Jan. 25, 2018). The measure took effect on February 7, 2018, for an initial period of four years. On February 4, 2022, the President, pursuant to section 203(e) of the Trade Act (19 U.S.C. 2253(e)), issued Proclamation 10339, which extended the safeguard measure on imports of CSPV products for an additional four years, a period which ends on February 6, 2026. *See* 87 FR 7357 (Feb. 9, 2022).

In Proclamation 10339, the President instructed the U.S. Trade Representative to enter into negotiations with Canada pursuant to section 203(f) of the Trade Act (19 U.S.C. 2253(f)). The proclamation provides that if the U.S. Trade Representative concludes an agreement with Canada, and the U.S. Trade Representative, in consultation with the Secretaries of Commerce and Energy, determines that imports from Canada do not undermine the effectiveness of the action extended through Proclamation 10339, then the U.S. Trade Representative is authorized to publish a **Federal Register** notice to revise the HTSUS as appropriate, with respect to imports from Canada. *See* 87 FR at 7360.

**II. The Agreement With Canada and
Suspension of the Safeguard Action on
Imports of CSPV Products Originating
in Canada**

On July 8, 2022, pursuant to the authority delegated by the President under section 203(f) of the Trade Act through Proclamation 10339, the U.S. Trade Representative reached an agreement with Canada limiting the export from Canada and the import into the United States of CSPV products. The text of the agreement is available at https://ustr.gov/sites/default/files/US-CA%20Solar%20Agreement_Signed_English_070822.pdf. The U.S. Trade Representative, in consultation with the Secretaries of Commerce and Energy,

has determined that this agreement will ensure that imports of CSPV products originating in Canada do not undermine the effectiveness of the safeguard action extended by the President through Proclamation 10339. Accordingly, and pursuant to Proclamation 10339 and section 203(f) of the Trade Act, the U.S.

Trade Representative is hereby modifying Note 18 of subchapter III of chapter 99 of the HTSUS (Note 18) to suspend application of the safeguard action on imports of CSPV products to imports of such products originating in Canada. The Annex to this notice modifies the HTSUS to reflect the

suspension in application of the safeguard action to imports of CSPV products originating in Canada.

Greta Peisch,
General Counsel, Office of the United States Trade Representative.
