SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection. Mokupapapa Discovery Center (Center) is an outreach arm of Papahānaumokuākea Marine National Monument that reaches 60,000 people each year in Hilo, Hawai'i. The Center was created eight years ago to help raise support for the creation of a National

Marine Sanctuary in the Northwestern Hawaiian Islands. Since that time, the area has been proclaimed a Marine National Monument and the main messages we are trying to share with the public have changed to better reflect the new monument status, UNESCO World Heritage status and the joint management by the three co-trustees of the Monument. We therefore are seeking to find out if people visiting our Center are receiving our new messages by conducting an optional exit survey.

II. Method of Collection

Surveys will be conducted by in-person interview as people exit the Center. Interviewers will record responses on paper, and later transfer them to an electronic database.

OMB Control Number: 0648-0582.

Form Number: None.

Type of Review: Regular submission (extension of a currently approved collection).
