

(44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

OMB Control Number: 3060–XXXX.

Title: Enhanced A–CAM Cybersecurity and Supply Chain Risk Management Plan Requirements.

Form Number: N/A.

Type of Review: New information collection.

Respondents: Business or other for-profit entities and State, local or Tribal governments.

Number of Respondents and Responses: 450 respondents; 900 responses.

Estimated Time per Response: 10–50 hours.

Frequency of Response: One-time and on occasion reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 154(i), 214, 218–220, 254, 303(r), and 403.

Total Annual Burden: 27,000 hours.

Total Annual Cost: No cost.

Needs and Uses: On July 24, 2023, the Commission released the *Enhanced A–CAM Order* (Order), 88 FR 55918, August 17, 2023, WC Docket No. 10–90 et al., FCC 23–60, which adopted a voluntary path for supporting the widespread deployment of 100/20 Mbps broadband service throughout the rural areas served by carriers currently receiving Alternative Connect America Cost Model (A–CAM) support and in areas served by rate-of-return carriers eligible to receive legacy support by the end of 2028. The Commission extended by 10 years beyond the remaining five years, for a total of 15 years, the term of support for electing carriers and set a methodology for determining support

amounts for locations without 100/20 Mbps broadband service within a potential budget of no more than \$1.27 billion annually, or no more than \$1.33 billion annually if certain conditions are met, using an updated version of the A–CAM. By adopting this program, the Commission furthered its long-standing goals by promoting the universal availability of voice and broadband networks, while also taking measures to minimize the burden on the nation's ratepayers. The Commission also adopted requirements for the Enhanced A–CAM program to complement existing Federal, State, and local funding programs, so that broadband funding can be used efficiently to maximize the deployment of high-quality broadband service across the United States.

To ensure that the Enhanced A–CAM program does not deprive rural consumers in high-cost areas of broadband service that is as secure as the service deployed pursuant to other Federal funding initiatives, the Commission required Enhanced A–CAM carriers to implement operational cybersecurity and supply chain risk management plans by January 1, 2024—the start of the Enhanced A–CAM support term. Enhanced A–CAM carriers must submit such plans to the Universal Service Administrative Company (USAC) and certify they have done so, by January 2, 2024 or within 30 days of approval under the Paperwork Reduction Act, whichever is later. Failure to submit the plans and make the certification shall result in 25% of monthly support being withheld until the carrier comes into compliance. If a carrier makes a substantive modification to its cybersecurity or supply chain risk management plan, the Commission requires that the carrier submit its updated plan to USAC within 30 days of making that modification.

The purpose of this information collection is to collect the operational cybersecurity and supply chain risk management plans required of the Enhanced A–CAM carriers by the start of the Enhanced A–CAM support term and address the burdens associated with that requirement.

Federal Communications Commission.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10418]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information (including each proposed extension or reinstatement of an existing collection of information) and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding our burden estimates or any other aspect of this collection of information, including any of the following subjects: the necessity and utility of the proposed information

collection for the proper performance of the agency's functions; the accuracy of the estimated burden; ways to enhance the quality, utility, and clarity of the information to be collected; and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments must be received by the OMB desk officer by December 22, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, please access the CMS PRA website by copying and pasting the following web address into your web browser: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing>.

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786-4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Annual MLR and Rebate Calculation Report and MLR Rebate Notices; *Use:* Under section 2718 of the Affordable Care Act and

implementing regulation at 45 CFR part 158, a health insurance issuer (issuer) offering group or individual health insurance coverage must submit a report to the Secretary concerning the amount the issuer spends each year on claims, quality improvement expenses, non-claims costs, Federal and State taxes and licensing and regulatory fees, the amount of earned premium, and beginning with the 2014 reporting year, the amounts related to the transitional reinsurance and risk adjustment programs established under sections 1341 and 1343, respectively, of the Affordable Care Act. An issuer must provide an annual rebate if the amount it spends on certain costs compared to its premium revenue (excluding Federal and States taxes and licensing and regulatory fees) does not meet a certain ratio, referred to as the medical loss ratio (MLR). Each issuer is required to submit annually MLR data, including information about any rebates it must provide, on a form prescribed by CMS, for each State in which the issuer conducts business. Each issuer is also required to provide a rebate notice to each policyholder that is owed a rebate and each subscriber of policyholders that are owed a rebate for any given MLR reporting year. Additionally, each issuer is required to maintain for a period of seven years all documents, records and other evidence that support the data included in each issuer's annual report to the Secretary.

Based upon CMS' experience in the MLR data collection and evaluation process, CMS is updating its annual burden hour estimates to reflect the actual numbers of submissions, rebates and rebate notices.

The 2022 MLR Reporting Form and Instructions reflect changes for the 2020 reporting year and beyond. For 2022, it is expected that issuers will submit fewer reports and on average, send fewer notices and rebate checks in the mail to policyholders and subscribers, which will reduce burden on issuers. *Form Number:* CMS-10418 (OMB control number: 0938-1164); *Frequency:* Annually; *Affected Public:* Private Sector, Business or other for-profit and not-for-profit institutions; *Number of Respondents:* 480; *Number of Responses:* 1,677; *Total Annual Hours:* 170,091. For policy questions regarding this collection contact Jiyun Lim at 667-290-9650.
