**INTERNATIONAL TRADE COMMISSION**

**[Investigation Nos. 701-TA-636 and 731-TA-1470 (Final)]**

**Wood Mouldings and Millwork Products From China; Determinations**

On the basis of the record <sup>1</sup> developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that an industry in the United States is materially injured by reason of imports of wood mouldings and millwork products from China, primarily provided for in subheadings 4409.10.40, 4409.10.45, 4409.10.50, 4409.22.40, 4409.22.50, 4409.29.41, and 4409.29.51 of the Harmonized Tariff Schedule of

the United States, that have been found by the U.S. Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV"), and to be subsidized by the government of China.<sup>2</sup>

**Background**

The Commission instituted these investigations effective January 8, 2020, following receipt of petitions filed with the Commission and Commerce by the Coalition of American Millwork Producers (Bright Wood Corporation, Madras, Oregon; Cascade Wood Products, Inc., White City, Oregon; Endura Products, Inc., Colfax, North Carolina; Sierra Pacific Industries, Red Bluff, California; Sunset Moulding, Live Oak, California; Woodgrain Millwork Inc., Fruitland, Idaho; and Yuba River Moulding, Yuba City, California).<sup>3</sup> The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of wood mouldings and millwork products from China were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on September 2, 2020 (85 FR 54593). In light of the restrictions on access to the Commission building due to the COVID-19 pandemic, the Commission conducted its hearing through written testimony and video conference on December 22, 2020. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on February 10, 2021. The views of the Commission are contained in USITC Publication 5157 (February 2021), entitled *Wood Mouldings and Millwork Products From China: Investigation Nos. 701-TA-636 and 731-TA-1470 (Final)*.

<sup>2</sup> Vice Chair Randolph J. Stayin not participating.

<sup>3</sup> During the final phase of the investigations, Best Moulding Corporation, Albuquerque, New Mexico; Menzner Lumber and Supply Company, Marathon, Wisconsin; and Pacific Wood Laminates, Brookings, Oregon, joined the Coalition of American Millwork Producers.

<sup>1</sup> The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

By order of the Commission.

Issued: February 10, 2021.

**Lisa Barton,**

*Secretary to the Commission.*

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1159]

### **Certain Lithium Ion Batteries, Battery Cells, Battery Modules, Battery Packs, Components Thereof, and Processes Therefor; Commission Decision Finding a Violation of Section 337; Issuance of a Limited Exclusion Order and Cease and Desist Orders; Termination of the Investigation**

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined to affirm the presiding administrative law judge's ("ALJ's") initial determination ("ID") (Order No. 34) finding a violation of section 337 of the Tariff Act of 1930, as amended, in this investigation and has issued a limited exclusion order and cease and desist orders prohibiting importation of certain lithium ion batteries, battery cells, battery modules, battery packs, and components thereof. The investigation is hereby terminated.

#### **FOR FURTHER INFORMATION CONTACT:**

Sidney A. Rosenzweig, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 708-2532. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email [EDIS3Help@usitc.gov](mailto:EDIS3Help@usitc.gov). General information concerning the Commission may also be obtained by accessing its internet server at <http://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone (202) 205-1810.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on June 4, 2019, based on a complaint filed on behalf of LG Chem, Ltd. of Seoul, Republic of Korea and LG Chem Michigan, Inc. of Holland, Michigan. 84 FR 25858 (June 4, 2019). As discussed further below, the complainants, as of the date of this Notice, are LG Chem, Ltd. of Seoul, Republic of Korea, LG Energy Solution, Ltd. of Seoul, Republic of Korea, and LG Energy Solution Michigan, Inc. (collectively,

"complainants" or "LG"). The complaint, as supplemented, alleges violations of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation and sale of certain lithium ion batteries, battery cells, battery modules, battery packs, components thereof, and processes thereof by reason of misappropriation of trade secrets, the threat or effect of which is to destroy or substantially injure an industry in the United States, under subsection (a)(1)(A) of Section 337. The complaint, as supplemented, names SK Innovation Co., Ltd. of Seoul, Republic of Korea and SK Battery America, Inc. of Atlanta, Georgia as the respondents (collectively, "respondents" or "SK"). The Office of Unfair Import Investigations ("OUII") was also named as a party in this investigation.

On November 5, 2019, LG moved for an order entering default judgment against the respondents due to contempt of Order No. 13, which granted in part complainants' motion to compel forensic examination of respondents' computer system due to alleged spoliation of evidence. Respondents opposed the motion and OUII supported the motion.

On February 14, 2020, the ALJ issued the subject ID (Order No. 34) finding that the respondents spoliated evidence, and that the appropriate remedy is to find the respondents in default. The ID noted that complainants do not seek a general exclusion order, and therefore no issues remain to be litigated, and terminated the investigation. ID at 131.

On March 3, 2020, SK filed a petition for Commission review of the ID. On March 11, 2020, LG and OUII filed oppositions thereto.

On April 17, 2020, the Commission determined to review the ID in its entirety. 85 FR 22,753 (Apr. 23, 2020) ("Notice of Review"). The Notice of Review requested the parties to brief certain issues under review. The Notice of Review also sought briefing from the parties, interested government agencies, and any other interested parties on remedy, the public interest, and bonding.

On May 1, 2020, the parties filed their opening briefs on the issues under review, and on remedy, the public interest and bonding. SK also filed a short submission seeking a hearing before the Commission on remedy, the public interest, and bonding. *See* 19 CFR 210.50(a)(v). The Commission also received a number of comments from non-parties on remedy and the public interest. On May 12, 2020, the parties filed reply briefs on the issues under review, and on remedy, the public

interest and bonding. Certain non-parties also submitted reply comments on remedy and the public interest.

On June 26, 2020, LG filed a motion for leave to file a supplemental submission on remedy, the public interest, and bonding. On July 8, 2020, SK opposed the motion. On July 13, 2020, SK filed a notice of new developments related to issues raised in the remedy, public interest, and bonding briefing. On July 28, 2020, SK moved for leave to file a reply in support of its notice. On September 1, 2020, LG filed a notice of supplemental facts. On November 25, 2020, SK filed a motion for leave to file a supplemental submission in connection with remedy and the public interest. The Commission has determined to grant the motions for leave and to make all of the foregoing submissions and responses thereto part of the administrative record. On December 1, 2020, Complainants filed a motion to amend the complaint and NOI to reflect a reorganization of LG Chem, Ltd. in which (i) certain business functions were transferred to a newly created subsidiary named LG Energy Solution, Ltd., and (ii) LG Chem Michigan, Inc. was renamed LG Energy Solution Michigan, Inc. (EDIS Doc. ID 726833). The Commission has determined to grant that motion, has added LG Energy Solution, Ltd. as a complainant, and has changed the name of LG Chem Michigan Inc. to LG Energy Solution Michigan, Inc.

The Commission has determined not to conduct a hearing pursuant to 19 CFR 210.50. The Commission finds that the parties and non-parties have failed to demonstrate why a hearing would be warranted. The Commission has been mindful of the public interest submissions in fashioning an appropriate remedy.

Having reviewed the record of the investigation, including the parties' submissions to the ALJ, Order No. 34, and the parties' and non-parties' submissions to the Commission, the Commission has determined to affirm the ID's finding of default, with modified reasoning clarifying the distinct bases for sanctions under (i) 19 U.S.C. 1337(h) and Commission Rule 210.33, 19 CFR 210.33 and (ii) inherent authority under *Micron Technology, Inc. v. Rambus Inc.*, 645 F.3d 1311 (Fed. Cir. 2011). The Commission finds that both bases apply here. The Commission thereby affirms the ID's finding of violation of section 337.

The Commission has further determined that the appropriate remedy is: (1) A limited exclusion order prohibiting the entry of certain lithium ion batteries, battery cells, battery
