Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties regarding our *Preliminary Results*, we made certain revisions to the margin calculations for Datong Juqiang,⁵ and consequently, to the rate assigned to the non-examined, separate rate respondents.⁶

Final Determination of No Shipments

In the *Preliminary Results*, we preliminarily determined that Beijing Pacific Activated Carbon Products Co., Ltd.; Jilin Bright Future Chemicals Co., Ltd.; Shanxi Dapu International Trade Co., Ltd.; Shanxi Industry Technology Trading Co., Ltd.; Shanxi Tianxi Purification Filter Co., Ltd.; and Tianjin Channel Filters Co., Ltd., had no shipments of subject merchandise to the United States during the POR.⁷ We received no information to contradict this determination. Therefore, we continue to find that these companies had no shipments of subject merchandise during the POR and will issue appropriate liquidation instructions that are consistent with our "automatic assessment" clarification for these final results.⁸

Separate Rate Respondents

In our *Preliminary Results*, we determined that Carbon Activated, Datong Juqiang, and seven other companies demonstrated their eligibility for separate rates.⁹ We received no argument since the issuance of the *Preliminary Results* that provide a basis for reconsideration of these determinations. Therefore, for these final results, we continue to find that the nine companies listed in the table in the "Final Results" section of this notice are eligible for a separate rate.
