

ADDRESSES: The meeting will be held at Sierra Nevada College, 999 Tahoe Boulevard, Incline Village, NV 89451.

FOR FURTHER INFORMATION CONTACT: Arla Hains, Lake Tahoe Basin Management Unit, Forest Service, 35 College Drive, South Lake Tahoe, CA 96150, (530) 543-2773.

SUPPLEMENTARY INFORMATION: Items to be covered on the agenda include: (1) Discussion of possible changes to the Implementation Agreement, Southern Nevada Public Land Management Act of 1998 Public Law 105-263 (as amended); (2) an update on the Environmental Improvement Program; and (3) Public Comment. All Lake Tahoe Basin Federal Advisory Committee meetings are open to the public. Interested citizens are encouraged to attend at the above address. Issues may be brought to the attention of the Committee during the open public comment period at the meeting or by filing written statements with the secretary for the Committee before or after the meeting. Please refer any written comments to the Lake Tahoe Basin Management Unit at the contact address stated above.

Dated: September 11, 2007.

Terri Marceron,
Forest Supervisor.

BILLING CODE 3410-11-M

DEPARTMENT OF AGRICULTURE

Forest Service

Notice of New Fee Site; Federal Lands Recreation Enhancement Act, (Title VIII, Pub. L. 108-447)

AGENCY: Monongahela National Forest, USDA Forest Service.

ACTION: Notice of new fee site.

SUMMARY: The Monongahela National Forest is planning to charge a \$5.00 fee for overnight camping at the numbered campsites located along the Williams and Cranberry Rivers. These campsites are located on the Gauley and Marlinton Ranger Districts. These campsites include the basic amenities found in rustic Forest Service campgrounds. These campsites have been in use for many years, and were previously free-of-charge. Fee collections will be used to maintain and operate these campsites.

DATES: The proposed fee will be established in April of 2008.

ADDRESSES: Forest Supervisor, Monongahela National Forest, 200 Sycamore Street, Elkins, West Virginia, 26241.

FOR FURTHER INFORMATION CONTACT: Tim Henry, Recreation Forester, 304-799-4334.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, P.L. 108-447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established. This new fee will be reviewed by a Recreation Resource Advisory Committee prior to a final decision and implementation.

Public notification has been conducted on-site and in the local region. Comments received have been supportive of this proposal. People using these campsites desire to see the sites well maintained and available for recreational use. A market analysis indicates that the \$5/per night fee is both reasonable and acceptable for this sort of recreation experience.

Dated: August 20, 2007.

Clyde Thompson,
Monongahela National Forest Supervisor.

BILLING CODE 3410-11-M

DEPARTMENT OF COMMERCE

International Trade Administration

[A-602-806, A-570-919]

Notice of Initiation of Antidumping Duty Investigations: Electrolytic Manganese Dioxide from Australia and the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 17, 2007.

FOR FURTHER INFORMATION CONTACT: Hermes Pinilla at (202) 482-3477 (Australia) or Eugene Degnan at (202) 482-0414 (People's Republic of China), Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

INITIATION OF INVESTIGATION

The Petitions

On August 22, 2007, the Department of Commerce (Department) received petitions concerning imports of electrolytic manganese dioxide (EMD) from Australia and the People's Republic of China (PRC) filed in proper form by Tronox LLC (the petitioner). See *Antidumping Duty Petitions on Electrolytic Manganese Dioxide from Australia and the People's Republic of*

China (August 22, 2007) (Petitions). The petitioner is a domestic producer of EMD. On August 29, 2007, the Department issued a request for additional information and clarification of certain areas of the Petitions. On September 4, 2007, in response to the Department's request, the petitioner filed an amendment to the Petitions. See *Electrolytic Manganese Dioxide from Australia and the People's Republic of China; Petitioner's Response to the August 19, 2007, Questions from the U.S. Department of Commerce* (September 4, 2007) (Supplemental Responses).

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that imports of EMD from Australia and the People's Republic of China (PRC) are being, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act and that such imports are materially injuring, or threatening material injury to, an industry in the United States. The petitioner also alleges that sales of EMD by the Australian producer to Japan were made at prices below the cost of production (COP).

The Department finds that the petitioner filed these Petitions on behalf of the domestic industry because it is an interested party as defined in section 771(9)(C) of the Act and has demonstrated sufficient industry support with respect to the initiation of the antidumping-duty investigations that the petitioner is requesting. See the "Determination of Industry Support for the Petitions" section below.

Period of Investigation

Because the Petitions were filed on August 22, 2007, the anticipated period of investigation (POI) for Australia is July 1, 2006, through June 30, 2007. The anticipated POI for the PRC is January 1, 2007, through June 30, 2007. See 19 CFR 351.204(b).

Scope of the Investigations

The merchandise covered by each of these investigations includes all manganese dioxide (MnO₂) that has been manufactured in an electrolysis process, whether in powder, chip, or plate form. Excluded from the scope are natural manganese dioxide (NMD) and chemical manganese dioxide (CMD). The merchandise subject to these investigations is classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 2820.10.00.00. While the HTSUS subheading is provided for convenience and customs purposes, the written
