SUPPLEMENTARY INFORMATION: The Unemployment Insurance Data Validation Program requires States to operate a system for ascertaining the

Some of these data are used to assess performance, including for the Government Performance and Results Act, or to determine States grants for administration of the Unemployment Insurance Program.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205–0431. The current approval is scheduled to expire on July 31, 2013; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. The new information collection requirements would take effect upon OMB approval. For additional information, see the related notice published in the **Federal Register** on July 31, 2012 (77 FR 41452).
