

care costs, higher quality of care, and improved service offerings. Left unremedied, the proposed acquisition likely would cause anticompetitive harm by enabling UHS to profit by unilaterally raising the reimbursement rates negotiated with commercial health plans. These costs are ultimately borne by consumers in the form of higher premiums, co-pays, and other out-of-pocket costs. The loss of competition also reduces UHS's incentive to improve quality and provide better service.

New entry or expansion is unlikely to deter or counteract the anticompetitive effects of the proposed acquisition. While regulatory barriers to opening a new psychiatric facility or unit are lower in Texas and New Mexico than in other states (e.g., there are no Certificate of Need regulations in either state), local zoning regulations, Medicaid and Medicare certifications, and the need to develop strong relationships with local patient referral sources hinder the ability of firms to enter the market. Cuts to Medicaid funding may also affect the financial incentive of a provider to offer inpatient psychiatric services. Thus, it is unlikely that new entry or expansion sufficient to achieve a significant market impact will occur in a timely manner.

IV. The Proposed Consent Agreement

The proposed Consent Agreement wholly remedies the anticompetitive effects in the El Paso/Santa Teresa market by requiring UHS to divest Peak, located in Santa Teresa, New Mexico, and its associated operations and businesses within six months after issuance of the Decision and Order. The potential acquirer of Peak is subject to prior approval of the Commission. The Consent Agreement also provides that, if Peak is not sold to an approved acquirer within six months, a Divestiture Trustee will be appointed and empowered to divest both Peak and Mesilla Valley. The purpose of this provision is to address the uncertainty of whether Peak alone is sufficient to attract an acquirer that would compete as effectively as UHS competed prior to the merger.

Until completion of the requisite divestiture(s), UHS is required to abide by the Order to Hold Separate and Maintain Assets, which includes a requirement that UHS hold Peak separate from its other businesses and facilities, and a requirement to take all actions necessary to maintain the economic viability, marketability, and competitiveness of the both the Peak and Mesilla Valley assets. The Consent Agreement also requires UHS to provide transitional services to the approved acquirer for one year, as needed to assist

the acquirer with operating the divested assets as a viable and ongoing business. In addition, the proposed order allows the Commission to appoint a Hold Separate Trustee to oversee UHS's compliance with the Order to Hold Separate and Maintain Assets. Finally, the proposed order contains a ten-year prior notice requirement for acquisitions of acute inpatient psychiatric service providers in the local area, as well as compliance reporting requirements.

The sole purpose of this analysis is to facilitate public comment on the Consent Agreement. This analysis does not constitute an official interpretation of the Consent Agreement or modify its terms in any way.

By direction of the Commission.

Donald S. Clark,

Secretary.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Advisory Board on Radiation and Worker Health (ABRWH or Advisory Board), National Institute for Occupational Safety and Health (NIOSH)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention announces the following meeting of the aforementioned committee:

Time and Date: 11:00 a.m.–3:00 p.m., November 5, 2012.

Place: Audio Conference Call via FTS Conferencing. The USA toll-free, dial-in number is 1-866-659-0537 and the pass code is 9933701.

Status: Open to the public, but without a verbal public comment period. Written comment should be provided to the contact person below in advance of the meeting.

Background: The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines, which have been promulgated by the Department of Health and Human Services (HHS) as a final rule; advice on methods of dose reconstruction, which have also been promulgated by HHS as a final rule; advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program; and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC).

In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate
