

which each activity is carried out and in accordance with applicable U.S. Federal, state, and local laws and regulations. A Participant shall conduct its business in the United States in accordance with applicable Federal, state, and local laws and regulations.

(c) Neither a Participant nor its affiliates shall make export sales of U.S. agricultural commodities covered under the terms of an agreement. Neither a Participant nor its affiliates shall charge a fee for facilitating an export sale. A Participant may collect check-off funds and membership fees that are required for membership in the Participant's organization.

(d) The Participant shall not use program activities or project funds to promote private self-interests or conduct private business.

(e) A Participant shall not limit participation in its TASC activities to members of its organization. Participants shall ensure that their TASC-funded programs and activities are open to all otherwise qualified individuals and entities on an equal basis and without regard to any non-merit factors.

(f) A Participant shall select U.S. agricultural industry representatives to participate in activities based on criteria that ensure participation on an equitable basis by a broad cross section of the U.S. industry. If requested by CCC, a Participant shall submit such selection criteria to CCC for approval.

(g) The Participant must report any actions or circumstances that may have a bearing on the propriety of program activities to the appropriate Attaché/Counselor, and the Participant's U.S. office shall report such actions or circumstances in writing to CCC.

(h) The officers, employees, board members, and agents of the Participant shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, sub-contractors, or parties to sub-agreements. However, Participants may set standards for situations in which the financial interest is not substantial, or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, board members, or agents of the Participant.

#### **§ 1487.20 Amendments.**

(a) Participants may request to modify approved projects if circumstances change in such a way that they would likely affect the progress and ultimate success of a project. Such modification must be made through a written

amendment to the agreement. All requests for project modifications must be made in writing to CCC and must include:

(1) A justification as to why changes to the project as originally designed are needed;

(2) An explanation of the necessary adjustments in approach or strategy; and

(3) A description of necessary changes in the project's time line(s) and/or budget (*e.g.*, shifting of budgetary resources from one-line item to another in order to accommodate the changes).

(b) All requests for project modifications must be reviewed and approved by CCC. Upon approval, CCC will issue an amendment to the agreement, which must be signed by CCC and the Participant.

#### **§ 1487.21 Noncompliance with an agreement.**

(a) If a Participant fails to comply with any term in its project agreement, approval letter, or this part, CCC may take one or more of the enforcement actions in 2 CFR part 200 and, if appropriate, initiate a claim against the Participant, following the procedures set forth in this part. CCC may also initiate a claim against a Participant if program income or CCC-provided funds are lost due to an action or omission of the Participant. If any Participant has engaged in fraud with respect to the TASC program, or has otherwise violated program requirements under this part, CCC may:

(1) Hold such Participant liable for any and all losses to CCC resulting from such fraud or violation;

(2) Require a refund of any assistance provided to such Participant plus interest as determined by FAS; and

(3) Collect liquidated damages from such Participant in an amount determined appropriate by FAS.

(b) The provisions of this section shall be without prejudice to any other remedy that is available under any other provision of law.

#### **§ 1487.22 Paperwork reduction requirements.**

The paperwork and recordkeeping requirements imposed by this part have been approved by OMB under the Paperwork Reduction Act of 1980. OMB has assigned control number 0551-0038 for this information collection.

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Background**

In November 1980, the NRC and FEMA issued "Criteria for Preparation and Evaluation of Radiological Emergency Response Plans and Preparedness in Support of Nuclear Power Plants; Rev. 1" (NUREG-0654/FEMA-REP-1, Rev. 1) as a joint interagency guidance document (45 FR 85862; December 30, 1980). NUREG-0654/FEMA-REP-1, Rev. 1 provides guidance on the 16 Planning Standards referenced in the NRC's regulations in § 50.47 of title 10 of the *Code of Federal Regulations* (10 CFR), and in FEMA's regulations at 44 CFR 350.5. Both agencies use these Planning Standards, and the associated Evaluation Criteria contained in NUREG-0654/FEMA-REP-1, Rev. 1, to evaluate the adequacy of emergency plans and preparedness of commercial nuclear power plant owners and operators, and state, local, and tribal government jurisdictions located near commercial nuclear power plant sites.

Since the publication of NUREG-0654/FEMA-REP-1, Rev. 1, there have been substantial changes to NRC and FEMA regulations, guidance, and policies and advances in emergency preparedness planning and technology. As a result, the NRC and FEMA have issued four supplementary documents and one addendum to update and expand upon the guidance in NUREG-0654/FEMA-REP-1, Rev. 1. This revision consolidates the four supplementary documents and one addendum, and provides updates and additional guidance reflective of over 35 years of improvements and lessons learned in the radiological emergency preparedness community.

The NRC and FEMA held two public meetings on August 22, 2012, and September 13, 2012, to discuss the scope of the proposed revision to NUREG-0654/FEMA-REP-1, Rev. 1 (77 FR 46766; August 6, 2012). To assist in further defining the scope, the NRC and FEMA solicited public comments on specific issues related to NUREG-0654/FEMA-REP-1, Rev. 1 (77 FR 65700; October 30, 2012). Additionally, stakeholder and public engagement sessions were held during staff development of the revised guidance on October 29-31, 2013 and June 25, 2014.

Following development of the revised guidance, the draft NUREG-0654/FEMA-REP-1, Rev. 2 was posted to the Federal Rulemaking website at <https://www.regulations.gov> for public comment (80 FR 30697; May 29, 2015). The original 90-day comment period was scheduled to conclude on August 27, 2015; however, in response to requests from the public for an extension based on the broad scope of the revision and the extensive review necessary to develop comments, the NRC and FEMA granted a 45-day extension to the original comment period (80 FR 50862; August 21, 2015). The comment period closed on October 13, 2015. In total, the agencies received, reviewed, and considered 609 comments during development of this revision. Of the 609 comments, 64 were accepted (draft guidance was revised exactly as recommended), 154 were agreed to in part, and the remaining 391 were either noted or rejected. In all, 218 comments resulted in revisions to the draft guidance. A detailed report on the comment resolutions, including the agencies' rationales for each comment's disposition, will be available online for review in ADAMS under Accession No. ML19350A378 and at <https://www.regulations.gov/>, under Docket ID NRC-2018-0261, within 30 days after issuance of the final NUREG-0654/FEMA-REP-1, Rev. 2.

##### **II. Congressional Review Act**

The NUREG-0654/FEMA-REP-1, Rev. 2 is a rule as defined in the Congressional Review Act (5 U.S.C. 801-808). However, the Office of Management and Budget has not found it to be a major rule as defined in the Congressional Review Act.

Dated at Rockville, Maryland, this 16th day of December, 2019.

For the Nuclear Regulatory Commission.

#### **List of Approved Spent Fuel Storage Casks: Holtec International HI-STORM 100 Multipurpose Canister Cask System, Certificate of Compliance No. 1014, Amendment Nos. 11, 12, 13, and 14; Corrections**

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Correcting amendments.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) published three direct final rules in the **Federal Register** on December 12, 2018, February 26, 2019, and October 3, 2019, that amended its spent fuel storage regulations by revising the Holtec International HI-STORM 100 Multipurpose Canister Cask System listing within the "List of approved spent fuel storage casks" to include Amendment Nos. 11, 12, 13, and 14, respectively, to Certificate of Compliance No. 1014. The technical specifications for Amendment Nos. 11, 12, 13, and 14 contained minor editorial and non-substantive errors. The purpose of this action is to correct these errors.

**DATES:** This rule is effective on December 23, 2019.

**ADDRESSES:** For Amendment Nos. 11 and 12, please refer to Docket ID NRC-2018-0221; for Amendment No. 13, please refer to Docket ID NRC-2019-0030; and for Amendment No. 14, please refer to Docket ID NRC-2019-0160 when contacting the NRC about the availability of information for this action.
