

U.S.C. 552b(c)(1). The determination is based on the consideration that it is expected that discussions throughout will involve classified matters of national security concern. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meetings. To permit the meeting to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the DSB's findings and recommendations to the Secretary of Defense and to the Under Secretary of Defense for Research and Engineering.

Written Statements: In accordance with section 10(a)(3) of the FACA and 41 CFR 102–3.105(j) and 102–3.140, interested persons may submit a written statement for consideration by the DSB at any time regarding its mission or in response to the stated agenda of a planned meeting. Individuals submitting a written statement must submit their statement to the DSB DFO at the email provided in the **FOR FURTHER INFORMATION CONTACT** section of this notice at any point; however, if a written statement is not received at least three calendar days prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the DSB until a later date.

DEPARTMENT OF EDUCATION

[Docket No.: ED–2022–SCC–0098]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; GEPA Section 427 Guidance for All Grant Applications

AGENCY: Office of the Secretary (OS), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a revision of a currently approved information collection.

DATES: Interested persons are invited to submit comments on or before November 28, 2022.

ADDRESSES: Written comments and recommendations for proposed information collection requests should

be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this information collection request (ICR) by selecting “Department of Education” under “Currently Under Review,” then check the “Only Show ICR for Public Comment” checkbox. *Reginfo.gov* provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by clicking on the “View Information Collection (IC) List” link. Supporting statements and other supporting documentation may be found by clicking on the “View Supporting Statement and Other Documents” link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Cleveland Knight, 202–987–0064.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed ICR that is described below. The Department is especially interested in public comments addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public record.

Title of Collection: GEPA Section 427 Guidance for All Grant Applications.

OMB Control Number: 1894–0005.

Type of Review: A revision of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 12,816.

Total Estimated Number of Annual Burden Hours: 38,448.

Abstract: On October 20, 1994, the Improving America's Schools Act,

Public Law 103–382 (The Act), became law. The Act added a provision to the General Education Provisions Act (GEPA), section 427. Section 427 of GEPA requires an applicant for assistance under Department programs to develop and describe in the grant application the steps it proposes to take to ensure equitable access to, and equitable participation in, its proposed project for students, teachers, and other program beneficiaries. Applicants have responded to the GEPA 427 requirements for approximately the last 27 years, and the current form expires in June 2023. In response to the Agency's Equity Plan resulting from the President's Executive Order 13985, we now propose to update that form by expanding the number of questions from one to four.

These four questions are intended to help applicants for Department grant funds to be more intentional and specific as to identifying barriers to equitable access and how they will address those barriers consistent with the requirements of section 427 of GEPA. As with the existing form, applicants retain the flexibility to determine and define for themselves the barriers to “equitable access” and “equitable participation” based on the design of their proposed grant projects and the participants and community the project proposes to serve.

Title of Collection: 2024 Teaching and Learning International Survey (TALIS 2024) International Field Test Questionnaire Revision.

OMB Control Number: 1850-0888.

Type of Review: A revision of a currently approved collection.

Respondents/Affected Public: Individuals and households.

Total Estimated Number of Annual Responses: 2,683.

Total Estimated Number of Annual Burden Hours: 3,133.

Abstract: The Teaching and Learning International Survey (TALIS) is an international survey of teachers and principals focusing on the working conditions of teachers and the teaching and learning practices in schools. The United States will administer TALIS for the third time in 2024, having participated in 2013 and 2018. TALIS 2024 is sponsored by the Organization for Economic Cooperation and Development (OECD). TALIS is steered by the TALIS Governing Board (TGB), comprising representatives from the OECD member countries, and implemented internationally by organizations contracted by the OECD (referred to as the "international consortium" or "IC"). In the U.S., TALIS 2024 is conducted by the National Center for Education Statistics (NCES) of the Institute of Education Sciences, U.S. Department of Education.

TALIS 2024 is focused on teachers' professional environment, teaching conditions, and their impact on school and teacher effectiveness. TALIS 2024 will address teacher training and professional development, teacher appraisal, school climate, school leadership, instructional approaches, pedagogical practices, and teaching experience with and support for teaching diverse populations.

OECD has scheduled the main study to occur in the Northern hemisphere from February through March 2024 and in the Southern hemisphere from June through August 2024. To prepare for the main study, several TALIS countries will conduct pilot studies in February 2022; the U.S. will not participate. Countries will also conduct a field test in the first quarter of 2023, primarily to evaluate newly developed questionnaire items and school recruitment materials; the U.S. will participate in the field test. To meet the international data collection schedule for the field test, U.S. recruitment activities need to begin by August 2022 and U.S. questionnaires must be finalized by December 2022.

TALIS 2024 includes the core TALIS teacher and principal surveys that are required for each participating country, as well as an optional Teacher Knowledge Survey (TKS). The TKS is intended to better understand the teacher pedagogical knowledge base at the national level. The US is including the TKS in the upcoming TALIS 2024

field test and will evaluate these results to determine the feasibility of including TKS as part of the US Main Study.

The previous submission (OMB #1850-0888 v.8) requested approval for: (1) recruitment and pre-survey activities for the 2023 field test sample; (2) administration of the field test; and (3) school recruitment and pre-survey activities for the 2024 main study sample. That package was approved in August 2022. This submission requests approval for the final international versions of the principal and teacher instruments approved for the TALIS 2024 Field Test. The final U.S. adaptations of the 2024 core TALIS and TKS field test questionnaires that will be administered in the TALIS 2024 U.S. Field Test will be submitted to OMB as a non-substantive change request in Winter 2022/23.

Dated: October 25, 2022.
