SOCIAL SECURITY ADMINISTRATION

Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law (Pub. L.) 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes revisions and extensions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, e-mail, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Director to the following addresses or fax numbers.

I. The information collection below is pending at SSA. SSA will submit it to OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than August 2, 2010. 1. Request for Accommodation in Communication Method—0960-0777. In *American Council of the Blind, et al. v. Michael Astrue and Social Security Administration*, class plaintiffs representing Social Security applicants, beneficiaries, recipients, and representative payees who are blind or visually impaired challenged the adequacy of the communication methods SSA uses in its notices and other communications. Prior to the court's order of October 20, 2009 in *American Council of the Blind*, SSA

offered three modes of communications for blind and visually impaired Social Security recipients: (1) A standard print notice by first-class mail; (2) a standard print notice by first-class mail with a follow-up telephone call; and (3) certified mail. In *American Council of the Blind*, the court required SSA to offer two additional modes of communication to blind or visually impaired applicants, beneficiaries, recipients, and representative payees: (4) Braille, and (5) Microsoft Word files (on data compact discs).

In *American Council of the Blind*, the court further ordered SSA to implement Section 504 through 45 CFR 85.51 of the Code of Federal Regulations (CFR) meaning SSA must "take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public." To meet the court's mandates, SSA uses Form SSA-9000, Request for Accommodation in Communication Method, to gather information from blind or visually impaired individuals about why their particular accommodation (other than the five accommodations already offered by the agency) will allow SSA to communicate effectively with them. This form asks respondents to describe the type of accommodation they want, to disclose the condition they have that necessitates the need for a different type of accommodation, and to explain why none of the five methods described above are sufficient for their needs. The respondents are Social Security applicants, beneficiaries, recipients, and representative payees who are blind or visually impaired and are asking SSA to send them notices and other communications in an alternative method besides the five modalities we describe in this notice.

Type of Request: Revision of an OMB-approved information collection.

Personal Interview (over the phone or in-person)	2,250	1	10	375
