Comments received on the AC may be examined, before and after the comment closing date, in Room 815, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591, weekdays except Federal holidays, between 8:30 a.m. and 4:30 p.m. The Director, Aircraft Certification Service, will consider all communications received on or before the closing date before issuing the final AC.

Background

When following the guidance and procedures outlined in RTCA/DO-160E, Environmental Conditions and Test Procedures for Airborne Equipment, dated December 9, 2004, you are assured your airborne equipment will perform its intended functions by demonstrating compliance with the appropriate airworthiness regulations. Compliance is assured by adhering to the instructions contained in RTCA/DO-160E, which specifies a series of minimum standard environmental test conditions and applicable test procedures for airborne equipment. The purpose of the tests is to determine the performance characteristics of airborne equipment in environmental conditions representative of those that may be encountered in airborne operation of the equipment.
