

multiplied by burden hours per notice. As described above, 30 percent of the burden hours are then assigned to each of the FDIC, OCC, and the Board, while 10 percent are assigned to FHFA.

The number of appraisers who leave an AMC annually, either by resigning, being laid off, or having their licenses revoked or surrendered, is estimated to be 4,130. The burden estimate of 0.08 hours per notice is unchanged from the estimate provided for the currently-approved ICR. Therefore, the estimated total hour burden is: 4,130 notices \times 0.08 hours = 330 hours (rounded to the nearest whole number). The estimated burden hours attributable to FHFA are 330 hours \times 10 percent = 33 hours.

C. Response to Comments Received

In accordance with the requirements of 5 CFR 1320.8(d), FHFA published an initial notice and request for comments regarding the renewal of the PRA clearance for this information collection in the **Federal Register** on August 23, 2021 (60-day notice).²² The 60-day comment period closed on October 22, 2021.

FHFA received one comment. The commenter questioned FHFA's estimate that 3,860 entities meet the regulatory definitions of an AMC. The commenter stated that "[b]ased on the federal definition of an AMC and our understanding of the number of state licensed AMCs, this estimate of approximately 3,860 entities meeting the definition of an AMC seems exceedingly high. We believe there are approximately 300 licensed entities doing business as AMCs." The commenter does not provide any detail to explain how they arrived at their much lower estimate of 300 compared to FHFA and FDIC's 3,860. Their comment gives no basis to ascertain the source of the discrepancy, either as to the underlying data or the analysis of the regulatory definition of AMCs.

FHFA has reviewed the comment and continues to have confidence in the 3,860 estimate of AMCs. ASC's 2020 Annual Report states that "[a]s of December 31, 2020, the Registry contained 3,417 AMCs." The FDIC's review determined that there are 3,854 total active AMCs in the Registry (both federally and non-federally regulated) as of June 2021, which we rounded to 3,860 in our 60-day notice. FHFA concurs with the FDIC's review of the ASC Registry in June 2021. Both the FDIC analysis and the ASC Annual Report substantiate FHFA's estimate and confirms our concurrence with the FDIC's review. FHFA remains confident that the

number is accurate. Accordingly, FHFA will not change the number of AMCs in the 30-day notice.

D. Comments Request

In accordance with the requirements of 5 CFR 1320.10(a), FHFA is publishing this second notice to request comments regarding the following: (1) Whether the collection of information is necessary for the proper performance of FHFA functions, including whether the information has practical utility; (2) the accuracy of FHFA's estimates of the burdens of the collection of information; (3) ways to enhance the quality, utility, and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

SUPPLEMENTARY INFORMATION:

Background: The WTCHP STAC was established by Title I of the James Zadroga 9/11 Health and Compensation Act of 2010, Public Law 111–347 (Jan. 2, 2011), as amended by Public Law 114–113 (Dec. 18, 2015) and Public Law 116–59 (Sept. 27, 2019), adding Title XXXIII to the Public Health Service (PHS) Act (codified at 42 U.S.C. 300mm to 300mm–61).

Purpose: The purpose of the WTCHP STAC is to review scientific and medical evidence and to make recommendations to the Administrator of the World Trade Center (WTC) Health Program regarding additional WTC Health Program eligibility criteria, potential additions to the List of WTC-Related Health Conditions (List), and research regarding certain health conditions related to the September 11, 2001, terrorist attacks.

Title XXXIII of the PHS Act established the WTC Health Program within the Department of Health and Human Services (HHS). The WTC Health Program provides medical monitoring and treatment benefits to eligible firefighters and related personnel, law enforcement officers, and rescue, recovery, and cleanup workers who responded to the September 11, 2001, terrorist attacks in New York City, at the Pentagon, and in Shanksville, Pennsylvania (responders), and to eligible persons who were present in the dust or dust cloud on September 11, 2001 or who worked, resided, or attended school, childcare, or adult daycare in the New York City disaster area (survivors). Certain specific activities of the Administrator of the WTC Health Program are reserved to the Secretary, HHS, to delegate at his discretion; other duties not explicitly reserved to the Secretary, HHS, are assigned to the Director of the National Institute for Occupational Safety and Health (NIOSH). The administration of the WTCHP STAC is left to the Director of NIOSH in his role as Administrator. CDC and NIOSH provide funding, staffing, and administrative support services for the WTCHP STAC. The charter was reissued on May 12, 2021 and will expire on May 12, 2023.

Matters To Be Considered: The agenda will include a presentation about revisions to the existing *Policy and Procedures for Adding Types of Cancer to the List of WTC-Related Health Conditions*, a report from the STAC workgroup regarding adding uterine cancer to the List, deliberations by the

full committee on the STAC recommendation to the Administrator of the WTC Health Program on whether to add uterine cancer to the List, and recommendations on peer reviewers to review the evaluation of the evidence for adding the health condition to the List. The revised draft *Policy and Procedures for Adding Types of Cancer to the List of WTC-Related Health Conditions* is available on the WTC Health Program website at https://www.cdc.gov/wtc/stac_meeting.html. An agenda is also posted on the WTC Health Program website at https://www.cdc.gov/wtc/stac_meeting.html. Agenda items are subject to change as priorities dictate.

Meeting Information: This is a virtual meeting conducted via Zoom. The public is welcome to follow the proceedings via live webcast. No registration is required. The webcast link for November 18, 2021 is <https://www.ustream.tv/channel/QyXBRzYjVCS>. For additional information please visit the WTC Health Program website at https://www.cdc.gov/wtc/stac_meeting.html.

Public Participation

Interested parties may participate in this activity by submitting written views, opinions, recommendations, and data. You may submit comments on any topic related to this activity. Comments received, including attachments and other supporting materials, are part of the public record and subject to public disclosure. Do not include any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure. If you include your name, contact information, or other information that identifies you in the body of your comments, that information will be on public display. CDC will review all submissions and may choose to redact, or withhold, submissions containing private or proprietary information such as Social Security numbers, medical information, inappropriate language, or duplicate/near duplicate examples of a mass-mail campaign. CDC will carefully consider all comments submitted into the docket. CDC does not accept comment by email.

Oral Public Comment: The public is welcome to participate, via Zoom, during the public comment period on November 18, 2021, from 1:00 p.m. to 1:30 p.m., EST. Please note that the public comment period ends at the time indicated above. Each commenter will be provided up to five minutes for comment. A limited number of time slots are available and will be assigned on a first come-first served basis.
