

an electronic filing must be submitted to the EIE system no later than 11:59 p.m. Eastern Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an e-mail notice confirming receipt of the document. The EIE system also distributes an e-mail notice that provides access to the document to the NRC Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the documents on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before a hearing request/petition to intervene is filed so that they can obtain access to the document via the E-Filing system.

A person filing electronically may seek assistance through the "Contact Us" link located on the NRC Web site at <http://www.nrc.gov/site-help/e-submittals.html> or by calling the NRC technical help line, which is available between 8:30 a.m. and 4:15 p.m., Eastern Time, Monday through Friday. The help line number is (800) 397-4209 or locally, (301) 415-4737.

Participants who believe that they have a good cause for not submitting documents electronically must file a motion, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) First class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville, Pike, Rockville, Maryland 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this manner are responsible for serving the document on all other participants. Filing is considered complete by first-class mail as of the time of deposit in the mail, or by courier, express mail, or expedited delivery service upon depositing the document with the provider of the service.

Non-timely requests and/or petitions and contentions will not be entertained absent a determination by the Commission, the presiding officer, or the Atomic Safety and Licensing Board that the petition and/or request should be granted and/or the contentions should be admitted, based on a

balancing of the factors specified in 10 CFR 2.309(c)(1)(i)-(viii). To be timely, filings must be submitted no later than 11:59 p.m. Eastern Time on the due date.

Documents submitted in adjudicatory proceedings will appear in NRC's electronic hearing docket which is available to the public at http://ehd.nrc.gov/ehd_proceeding/home.asp, unless excluded pursuant to an order of the Commission, an Atomic Safety and Licensing Board, or a Presiding Officer. Participants are requested not to include personal privacy information, such as social security numbers, home addresses, or home phone numbers in their filings. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants are requested not to include copyrighted materials in their submissions.

The Commission will issue a notice or order granting or denying a hearing request or intervention petition, designating the issues for any hearing that will be held and designating the Presiding Officer. A notice granting a hearing will be published in the **Federal Register** and served on the parties to the hearing.

Within 30 days from the date of publication of this notice, persons may submit written comments regarding the license transfer application, as provided for in 10 CFR 2.1305. The Commission will consider and, if appropriate, respond to these comments, but such comments will not otherwise constitute part of the decisional record. Comments are not subject to the E-filing rule and should be submitted to the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff, and should cite the publication date and page number of this **Federal Register** notice.

For further details with respect to this license transfer application, see the application dated May 30, 2008, available for public inspection at the Commission's Public Document Room (PDR), located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the Agencywide Documents Access and Management System's (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams.html>. The ADAMS Accession number for the license transfer application is ML081630246. Persons who do not have access to ADAMS or who encounter

problems in accessing the documents located in ADAMS should contact the NRC PDR Reference staff by telephone at 1-800-397-4209, or 301-415-4737 or by e-mail to pdr.resource@nrc.gov.

Dated at Rockville, Maryland this 18th day of February 2009.

For the Nuclear Regulatory Commission.

Shana Helton,

Senior Project Manager, Licensing Branch, Division of Spent Fuel Storage and Transport, Office of Nuclear Material Safety and Safeguards.

BILLING CODE 7590-01-P

OFFICE OF PERSONNEL MANAGEMENT

[OMB Control No. 3206-0219; Form OF 612]

Proposed Information Collection: Request for Comments on an Existing Information Collection

AGENCY: U.S. Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the U.S. Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request for review of an existing information collection. This information collection occurs electronically via the “USAJOBS Resume Builder (online application)” or completion and submission via regular mail, e-mail, fax, or in person of OF 612 “Optional Form Application for Federal Employment” or a resume. The USAJOBS Resume Builder and the OF 612 both reflect the minimal critical elements collected across the Federal Government to assess an applicant's qualifications. The online application on USAJOBS captures the essential information Federal agencies require to evaluate applicants for Federal jobs under the authority of sections 1104, 1302, 3301, 3304, 3320, 3361 3393, and 3394 of Title 5 United States Code.

This notice also announces that the Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request to cancel the form, “Optional Form Application for Federal Employment (OF 612). The OF 612 has been used as an optional form to apply for Federal jobs. Applicants for Federal positions may also submit a resume as an alternative. The information contained in the OF 612 is incorporated in the USAJOBS Resume Builder on the USAJOBS Web site. Individual government agencies are responsible for indicating in the job announcement what minimal critical elements would be required in any job seeker's resume. Therefore, the need to maintain the OF 612 as the only alternative means of applying for Federal positions no longer exists. This action is being taken to facilitate a more seamless employment application process for both Federal agencies and job seekers.

Comments are particularly invited on whether this collection of information is necessary for the proper performance of functions of the Office of Personnel Management; and whether it is feasible to discontinue the use of the OF 612 as

an alternate means of application; whether this information is necessary for the proper performance of functions of OPM, and whether it will have practical utility; whether our estimates of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

We estimate over 50,125,000 applications will be completed annually using the electronic Resume Builder in the USAJOBS Web site.

The OF 612 and the USAJOBS Resume Builder take approximately 40 minutes to read and/or complete, depending on the amount of information the applicant wishes to include. The annual estimated burden is 33,082,500 hours.

For copies of this proposal, contact Willie Harrison by phone (202) 606-0106, by E-mail

Willie.Harrison@opm.gov or by fax at (202) 606-1275. Please include a mailing address with your request.

DATES: Comments on this proposal should be received within 60 calendar days from the date of this publication.

ADDRESSES: Send or deliver comments to: U.S. Office of Personnel Management, USAJOBS Program Office, ATTN: Willie A. Harrison, U.S. Office of Personnel Management, 1900 E Street, NW., Room 2469J, Washington, DC 20415.

Howard Weizmann,

Deputy Director, U.S. Office of Personnel Management.
