DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLAZ920000.L13400000.PQ0000.20X; AZA–09973]

Notice of Application for Withdrawal Extension; Notice of Application for Withdrawal Addition; Notice of Segregation; and, Opportunity for Public Meeting for the Barry M. Goldwater Range, Arizona

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of withdrawal applications.

SUMMARY: The United States Department of the Air Force (USAF) and the United States Department of the Navy (USN) have filed applications to extend and expand existing Federal-land withdrawals in Maricopa, Pima, and Yuma counties, Arizona. They have requested an extension of the existing 1,743,426.42-acre withdrawal, along with the withdrawal of an additional 2,366 acres of public lands at Gila Bend airfield from all forms of appropriation under the public land laws, including the mining laws, the mineral leasing laws, and the geothermal leasing laws, subject to valid existing rights for an indefinite period. The decision about these applications will be made by Congress.

DATES: Comments on the withdrawal applications, including their environmental consequences, should be received on or before July 20, 2020. In addition, the USAF, the USN, and the Bureau of Land Management (BLM) will host a public meeting addressing the withdrawal applications and the associated environmental review process. The date and venue for the public meeting is listed in the **SUPPLEMENTARY INFORMATION** section.

ADDRESSES: Comments pertaining to the USAF and USN withdrawal extension proposal or the USAF withdrawal

expansion proposal should be sent to the BLM, Arizona State Office; Attention: Eddie Arreola, One North Central Avenue, Suite 800, Phoenix, AZ 85004. Comments pertaining to this notice may be submitted by any of the following methods:

- *Email:* BLM_AZ_AZSO_BMGRWithdrawal@blm.gov.

- *Fax:* 602–417–9454.

- *Mail:* BLM Arizona State Office, Attn: Eddie Arreola, One North Central Avenue, Suite 800, Phoenix, AZ 85004.

Copies of the legal descriptions and the maps depicting the lands that are the subject of the USAF and USN's application are available for public inspection at the following offices: State Director, BLM Arizona State Office, One North Central Avenue, Suite 800, Phoenix, Arizona 85004; District Manager, BLM Phoenix District Office, 21605 North 7th Avenue, Phoenix, Arizona 85027; and Field Office Manager, BLM Yuma Field Office, 7341 E 30th Street, Yuma, Arizona 85365.

FOR FURTHER INFORMATION CONTACT: Eddie Arreola, Supervisory Project Manager, at 602–417–9505 or email at earreola@blm.gov or at the above addresses. Information on the proposed action (withdrawal extension and addition), including the environmental review process, can be viewed at the project's website at www.barry-m-goldwater-leis.com. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, seven days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The United States Department of the Air Force (USAF) and the United States Department of the Navy (USN), acting on behalf of the United States Marine Corps, have filed an application to extend the current withdrawal of 1,743,426.42 acres of Federal lands from all forms of appropriation under the public land laws, including the mining laws, the mineral leasing laws, and the geothermal leasing laws, subject to valid existing rights, for military use of the Barry M. Goldwater Range (BMGR) in Maricopa, Pima, and Yuma counties, Arizona for an indefinite period (withdrawal extension). In accordance with the Engle Act (43 U.S.C. 155–158), because it exceeds 5000 acres, this withdrawal extension requires an Act of Congress. The USAF has also requested the withdrawal of an additional 2,366

acres of public lands at Gila Bend airfield from all forms of appropriation under the public land laws, including the mining laws, the mineral leasing laws, and the geothermal leasing laws, subject to valid existing rights for an indefinite period (withdrawal extension). These additional acres are adjacent and contiguous to the existing withdrawal, and therefore, under the Engle Act (43 U.S.C. 155–158), their withdrawal, too, requires an Act of Congress. This notice segregates the 2,366 acres for 2 years from all forms of appropriation under the public land laws, including the mining laws, the mineral leasing laws, and the geothermal leasing laws; initiates an opportunity for the public to comment on the proposed withdrawal extension and withdrawal expansion; and announces the date, time, and location of public meetings on both the extension and the expansion.

The BMGR was withdrawn under the Military Land Withdrawal Act (MLWA) of 1999 (Pub. L. 106–65). The existing withdrawal expires on October 4, 2024. In accordance with MLWA, the USAF and USN notified Congress of a continuing military need for the BMGR withdrawn lands. The USAF and USN are jointly preparing a Legislative Environmental Impact Statement (LEIS). The USAF and USN anticipate **Federal Register** publication of a separate Notice of Intent to prepare the LEIS.

As required by section 204(b)(1) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(b)(1), and the BLM regulations at 43 CFR part 2300, the BLM is publishing the notice of the USAF and USN application. While the BLM and the Department of the Interior assist the USAF and USN with the processing of withdrawal applications, and the Secretary of the Interior makes a recommendation to Congress on the proposed withdrawals, it will be Congress that will make the final decision regarding whether to extend the existing BMGR withdrawal and/or expand it to add 2,366 acres at Gila Bend Airfield.

The USAF and USN are requesting that Congress extend the BMGR land withdrawal for an indefinite period due to the anticipated continuation of national defense requirements.

Extension Request: The application requests an extension of the existing BMGR withdrawal of 1,650,246 acres of Federal land in accordance with the Engle Act, (43 U.S.C. 155–158).

The November 30, 2001, **Federal Register** publication (66 FR 59813) identified 1,650,246 acres of public lands and 83,675 acres of former State and private non-contiguous parcels

acquired by the military, for a total withdrawal of 1,733,921 acres.

Since 2001, the BLM has surveyed the western portion of the withdrawal used by the USN and has produced a more accurate acreage than was originally provided in the 2001 **Federal Register** publication. The total calculated acres of Federal interest and acquired lands is 1,743,426.42 acres, of which 1,659,364.92 acres are public lands and 84,061.51 acres are acquired lands. There is a difference of 9,505.89 acres between the 2001 acreage and the resurveyed acreage, even though there is no change in the existing boundary and the legal description remains the same, as noted below. The difference in acreage is due to an accumulation of fractions of acres within the boundary of the existing withdrawal due to more recent and accurate geographic information system mapping.

Addition Request: In accordance with the Engle Act, (43 U.S.C. 155–158), the USAF filed an application requesting withdrawal and reservation of 2,366 acres of additional Federal lands for military training exercises involving the BMGR, Maricopa County, Arizona (the “Addition area”). The USAF requests that the land be withdrawn from all forms of appropriation under the public land laws, including the mining laws, the mineral leasing laws, and the geothermal leasing laws, subject to valid existing rights, and reserved for use of the USAF for testing and training, consistent with the purpose of the BMGR.

Secs. 7 and 8;
Sec. 9, SW $\frac{1}{4}$ and SE $\frac{1}{4}$.

The areas described aggregate 2,366 acres.

In the event any non-federally owned lands within the requested withdrawal area return or pass to Federal ownership in the future, they would be subject to the terms and conditions described above.

The purpose of the requested withdrawal extension and expansion is to withdraw and reserve the lands for use by the USAF and USN for military testing and training.

For a period until July 20, 2020, all persons who wish to submit comments, suggestions, or objections in connection with the withdrawal application may present their comments in writing to the persons and offices listed in the **ADDRESSES** section above. All comments received will be considered before the Secretary of the Interior makes any recommendation for withdrawal to Congress.

As a direct result of the National Emergency declared by the President on Friday, March 13, 2020, in response to the coronavirus (COVID–19) pandemic, no in-person public meeting will be held. Instead, a virtual (online) public meeting will be conducted on Thursday, May 26 at 5:00 p.m. and Thursday, May 28 at 3:00 p.m. via a virtual meeting. The BLM will publish the date and instructions on how to access the online public meeting in the *Arizona Daily Star* (Tucson), *Ajo Copper News*, *Gila Bend Sun*, *Arizona Republic* (Phoenix Metropolitan area), *Casa Grande Dispatch*, *The Glendale Star*, *Yuma Sun*, *Baja El Sol* (Yuma), *La Voz* (Phoenix), and *The Runner* (Tohono O’odham Nation) newspapers for a minimum of 15 days prior to the meetings.

Comments, including names and street addresses of respondents, will be available for public review at the project website noted above. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Subject to valid existing rights, the 2366 acres of Federal lands that are the subject of the USAF application for addition of the withdrawal and reservation for USAF military use, and that are described in this notice, will be segregated from all forms of appropriation under the public land

laws, including the mining laws, the mineral leasing laws, and the geothermal leasing laws. The segregation will continue for a period of 2 years from date of publication in the **Federal Register**, unless the applications/proposal are denied or cancelled, or the withdrawal is approved prior to that date. Licenses, permits, cooperative agreements, or discretionary land use authorizations may be allowed during the period of segregation, but only with the approval of the authorized officer and, as appropriate, with the concurrence of the USAF.

The applications for withdrawal and reservation will be processed in accordance with the regulations at 43 CFR part 2300.

(Authority: 43 U.S.C. 1714(b)(1) and 43 CFR 2300)

[NPS-WASO-NAGPRA-NPS0030082; PPWOCRADNO-PCU00RP14.R50000]

Notice of Intent To Repatriate Cultural Items: Robert S. Peabody Institute of Archaeology, Andover, MA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The Robert S. Peabody Institute of Archaeology, in consultation with the appropriate Indian Tribes or Native Hawaiian organizations, has determined that the cultural items listed in this notice meet the definition of unassociated funerary objects. Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to claim these cultural items should submit a written request to the Robert S. Peabody Institute of Archaeology. If no additional claimants come forward, transfer of control of the cultural items to the lineal descendants, Indian Tribes, or Native Hawaiian organizations stated in this notice may proceed.

DATES: Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to claim these cultural items should submit a written request with information in support of the claim to the Robert S. Peabody Institute of

Archaeology at the address in this notice by May 20, 2020.

ADDRESSES: Ryan Wheeler, Robert S. Peabody Institute of Archaeology, Phillips Academy, 180 Main Street, Andover, MA 01810, telephone (978) 749-4490, email rwheeler@andover.edu.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3005, of the intent to repatriate cultural items under the control of the Robert S. Peabody Institute of Archaeology, Andover, MA, that meet the definition of unassociated funerary objects under 25 U.S.C. 3001.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American cultural items. The National Park Service is not responsible for the determinations in this notice.

History and Description of the Cultural Item(s)

In 1891 and 1892, 385 cultural items were removed by Ernest Volk during excavations at the lowlands village and at Lalor Field in Mercer County, NJ, which today form part of the Abbott Farm National Historic Landmark. Volk was a German archeologist who came to the United States in 1867, and worked for Frederic Ward Putnam of the Harvard Peabody Museum of Archaeology and Ethnology. It is unclear how Volk's collections might have come to the Robert S. Peabody Institute of Archaeology (RSPIA), though possibly via Frederic Ward Putnam, who was associated with curator Warren K. Moorehead and honorary director Charles Peabody during the early twentieth century. The collection at RSPIA was not accessioned or cataloged until recently. Volk's excavation notes detail the graves and proveniences from which the objects were removed. The 385 unassociated funerary objects are two unmodified bone fragments, one mica fragment, 198 ceramic sherds, and 184 stone fragments (consisting of points, bifaces, flakes, scrapers, and round stone).

Consultation with the Delaware Nation, Oklahoma and the Delaware Tribe of Indians has determined affiliation through geographical, archeological, linguistic, historical, and oral traditional information. Scholarly publications and information provided during consultation documents use of the Lowlands/Abbott Farm area by the

Delaware Tribes. Linguistic connections through the Unami language persist from the Early Woodland period to today.

Determinations Made by the Robert S. Peabody Institute of Archaeology

Officials of the Robert S. Peabody Institute of Archaeology have determined that:

- Pursuant to 25 U.S.C. 3001(3)(B), the 385 cultural items described above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the unassociated funerary objects and the Delaware Nation, Oklahoma; Delaware Tribe of Indians; and the Stockbridge Munsee Community, Wisconsin.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to claim these cultural items should submit a written request with information in support of the claim to Ryan Wheeler, Robert S. Peabody Institute of Archaeology, Phillips Academy, 180 Main Street, Andover, MA 01810, telephone (978) 749-4490, email rwheeler@andover.edu, by May 20, 2020. After that date, if no additional claimants have come forward, transfer of control of the unassociated funerary objects to the Delaware Nation, Oklahoma; Delaware Tribe of Indians; and the Stockbridge Munsee Community, Wisconsin may proceed.

The Robert S. Peabody Institute of Archaeology is responsible for notifying the Delaware Nation, Oklahoma; Delaware Tribe of Indians; and the Stockbridge Munsee Community, Wisconsin that this notice has been published.

Dated: March 25, 2020.
