

for auxiliary aids, or to submit written comments for dissemination prior to the meeting, is 5:00 p.m. EDT on Monday, July 15, 2024.

ADDRESSES: The meeting will be in-person at the Department of Commerce Herbert C. Hoover Building (1401 Constitution Ave. NW, Washington, DC 20230, Room 1412). Registered participants will be emailed instructions on accessing the designated meeting space. Requests to register (including to speak or for auxiliary aids) and any written comments should be submitted to Mr. Jonathan Chesebro, Office of Energy & Environmental Industries, International Trade Administration, (email: jonathan.chesebro@trade.gov). Members of the public should submit registration requests and written comments via email to ensure timely receipt.

FOR FURTHER INFORMATION CONTACT: Mr. Jonathan Chesebro, Office of Energy & Environmental Industries, International Trade Administration, Room 28018, 1401 Constitution Ave. NW, Washington, DC 20230. (Phone: 202-482-1297; email: jonathan.chesebro@trade.gov).

SUPPLEMENTARY INFORMATION:

Background: The CINTAC was established under the discretionary authority of the Secretary of Commerce and in accordance with the Federal Advisory Committee Act (5 U.S.C. 1001 *et seq.*), in response to an identified need for consensus advice from U.S. industry to the U.S. government regarding the development and administration of programs to expand U.S. exports of civil nuclear goods and services in accordance with applicable U.S. laws and regulations, including advice on how U.S. civil nuclear goods and services export policies, programs, and activities affect the U.S. civil nuclear industry's competitiveness and ability to participate in the international market.

Topics to be considered: The agenda for the Thursday, July 18, 2024, CINTAC meeting will include discussions of potential CINTAC recommendations to the Secretary, a briefing by the TeamUSA Civil Nuclear Working Group, and activities related to the U.S. Department of Commerce's Civil Nuclear Trade Initiative.

Members of the public wishing to attend the meeting must notify Mr. Jonathan Chesebro at the contact information above by 5:00 p.m. EDT on Monday, July 15, 2024, in order to pre-register. Please specify any requests for reasonable accommodation at least five business days in advance of the meeting.

A limited amount of time will be available for brief oral comments from members of the public attending the meeting. To accommodate as many speakers as possible, the time for public comments will be limited to two (2) minutes per person, with a total public comment period of 20 minutes. Individuals wishing to reserve speaking time during the meeting must contact Mr. Jonathan Chesebro and submit a brief statement of the general nature of the comments and the name and address of the proposed participant by 5:00 p.m. EDT on Monday, July 15, 2024. If the number of registrants requesting to make statements is greater than can be reasonably accommodated during the meeting, ITA may conduct a lottery to determine the speakers.

Any member of the public may submit written comments concerning the CINTAC's affairs at any time before and after the meeting. Comments may be submitted to Mr. Jonathan Chesebro in the International Trade Administration's Office of Energy & Environmental Industries. For consideration during the meeting, and to ensure transmission to the Committee prior to the meeting, comments must be received no later than 5:00 p.m. EDT on Monday, July 15, 2024. Comments received after that date will be distributed to the members but may not be considered at the meeting.

Copies of CINTAC meeting minutes will be available within 90 days of the meeting.

Man K. Cho,

Deputy Director, Office of Energy and Environmental Industries.

International Trade Administration

[C-570-169]

Certain Alkyl Phosphate Esters From the People's Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable July 5, 2024.

FOR FURTHER INFORMATION CONTACT: Benjamin Nathan or Gregory Taushani, Office II, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington,

DC 20230, telephone: (202) 482-3834 or (202) 482-1012, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 13, 2024, the U.S. Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation of imports of certain alkyl phosphate esters from the People's Republic of China. Currently, the preliminary determination is due no later than July 17, 2024.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On June 21, 2024, the petitioner¹ submitted a timely request to postpone the preliminary determination in the investigation.² The petitioner stated that postponement of the preliminary determination is necessary because the current schedule does not provide Commerce with adequate time to fully analyze the forthcoming questionnaire responses of the mandatory respondents and issue supplemental questionnaires, as necessary.³

In accordance with 19 CFR 351.205(e), the petitioner submitted its request for postponement of the preliminary determination in this investigation 25 days or more before the scheduled date of the preliminary determination and stated the reasons for its request. Commerce finds no

¹ The petitioner is ICL-IP America, Inc.

² See Petitioner's Letter, "Request for Postponement of the Preliminary Determination," dated June 21, 2024.

³ *Id.*

compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determination in this investigation to no later than 130 days after the date on which it initiated this investigation. The postponed deadline for the preliminary determination is September 20, 2024. Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination in this investigation will continue to be 75 days after the date of the preliminary determination.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: June 28, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Ecosystem Questionnaire for States and Territories To Inform CHIPS R&D Facility Site Selection Process

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for emergency review and approval in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden.

Agency: National Institute of Standards and Technology (NIST).

Title: Ecosystem Questionnaire for States and Territories to Inform CHIPS R&D Facility Site Selection Process.

OMB Control Number 0693-XXXX.

Form Number(s): None.

Type of Request: Emergency submission, New Information Collection Request.

Number of Respondents: 56.

Average Hours per Response: 10 hours.

Burden Hours: 560 hours.

Needs and Uses: CHIPS R&D is seeking to collect information needed for implementation of the CHIPS Act of 2022 (Division A of Pub. L. 117-167) (the Act). The Act tasks the Secretary of Commerce with carrying out sections 9904 and 9906 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (15 U.S.C. 4652, 4654, and 4656). This statute aims to catalyze long-term growth in the domestic semiconductor industry in support of U.S. economic resilience and national security. This information collection is needed in conjunction with a multi-phase site selection process that will be used to identify a flagship research and development prototyping and packaging facility that is anticipated to become the lynchpin of both the National Semiconductor Technology Center (NSTC) and the National Advanced Packaging Manufacturing Program (NAPMP), the two largest research and development programs established by Congress through the CHIPS Act of 2022. The information is important for the Department of Commerce and Natcast—the purpose-built nonprofit entity which serves as the operator of the NSTC, and which is anticipated to serve as the operator of this flagship facility—in order to establish at the outset of the site selection process which states and/or territories have existing semiconductor ecosystems that could support this facility.

Both the NSTC and NAPMP have a need to expeditiously identify facilities in order to accomplish their statutory missions. The NSTC is required to “to conduct advanced semiconductor manufacturing, design and packaging research, and prototyping that strengthens the entire domestic ecosystem.” 15 U.S.C. 4656(c)(2)(A). The NSTC is expected to “significantly reduce the time and cost of moving from design idea to commercialization through access to shared facilities, digital assets and technical expertise for advancing design, prototyping, manufacturing, packaging, and scaling of semiconductors and semiconductor-related products” (<https://www.nist.gov/system/files/documents/2023/04/26/NSTC-Vision-Strategy-Fact-Sheet.pdf>). The NAPMP is expected to “include an Advanced Packaging Piloting Facility (APPF) where successful development efforts will be transitioned and validated for scaled transition to U.S. manufacturing. This is a key facility for technology transfer to high-volume manufacturing” ([\[NAPMP-Vision-Paper-20231120.pdf\]\(#\), pg. 3\).](https://www.nist.gov/system/files/documents/2023/11/19/</p>
</div>
<div data-bbox=)

The information collection will take the form of an Ecosystem Questionnaire for States and Territories to Inform CHIPS R&D Facility Site Selection Process. The Questionnaire will pose identical questions to Economic Development Organizations (EDOs) in all 56 states and territories. This collection is subject to the Paperwork Reduction Act as the RFI would pose identical questions to all 56 states and territories. See 5 CFR 1320.3(c)(4) and (k)). The Ecosystem Questionnaire will request information regarding the extent to which a state or territory can demonstrate: the presence of entities from the semiconductor value chain; a semiconductor workforce and current workforce development programs; semiconductor-related advanced education and research programs; significant state, local, and private investment in the semiconductor ecosystem; and state incentives for semiconductor research and development. The Ecosystem Questionnaire is also structured to be as minimally burdensome as possible, both because responses are predominantly requested in the form of multiple-choice answers, and because the information the Questionnaire solicits should be easily available to EDOs. This will be a one-time collection of information to all 56 states and territories. Only states or territories that submit responses to the Ecosystem Questionnaire will be considered for selection of this facility.

Affected Public: State and local governments.

Frequency: Once.

Respondent's Obligation: Voluntary.

Legal Authority

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should by 11:59 p.m. EST on July 12, 2024 on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering the title of the collection.

Peter Robbins,

Attorney-Advisor, Office of the General Counsel for Legislation and Regulation, Commerce Department.
