

country. Although this distorts the true price of the aircraft, the foreign government may require this sort of extra compensation as a condition of awarding the contract to purchase the aircraft. As described in the Offsets Regulations, U.S. firms are required to report information on contracts for the sale of defense articles or defense services to foreign countries or foreign firms that are subject to offsets agreements exceeding \$5,000,000 in value. U.S. firms are also required to report annually information on offsets transactions completed in performance of existing offsets commitments for which an offsets credit of \$250,000 or more has been claimed from the foreign representative.

Commerce's annual report to Congress includes an aggregated summary of the data reported by industry in accordance with the Offsets Regulations and the DPA (50 U.S.C. 4568). As provided by section 723(c) of the DPA, BIS will not publicly disclose individual firm information it receives through offsets reporting unless the firm furnishing the information specifically authorizes public disclosure. The information collected is sorted and organized into an aggregate report of national offsets data and therefore does not identify company-specific information.

To enable BIS to prepare the next annual offsets report reflecting calendar year 2024 data, affected U.S. firms must submit required information on offsets agreements and offsets transactions from calendar year 2024 to BIS no later than June 15, 2025.

#### Closure Determination

A Senior Advisor, performing the Non-Exclusive Functions and Duties of the Chief Financial Officer and Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined, pursuant to 5 U.S.C. 1009(d), that the portion of the meeting dealing with pre-decisional changes to the Commerce Control List and the U.S. export control policies shall be exempt from the provisions relating to public meetings found in 5 U.S.C. 1009(a)(1) and 1009(a)(3). The remaining portions of the meeting will be open to the public. The exemption is authorized by section 1009(d) of the FACA, which permits the closure of advisory committee meetings, or portions thereof, if the head of the agency to which the advisory committee reports determines such meetings may be closed to the public in accordance with subsection (c) of the Government in the Sunshine Act (5 U.S.C. 552b(c)). In this case, the applicable provisions of 5 U.S.C. 552b(c) are subsection 552b(c)(4), which

permits closure to protect trade secrets and commercial or financial information that is privileged or confidential, and subsection 552b(c)(9)(B), which permits closure to protect information that would be likely to disclose information the premature disclosure of which would be likely to significantly frustrate implementation of a proposed agency action.
