### Federal Energy Regulatory Commission

[Docket No. ER01-411-000]

#### Southern California Edison Company; Notice of Filing

November 22, 2000.

Take notice that on November 9, 2000, Southern California Edison Company (SCE), tendered for filing the Agreement for Interconnection Service (Agreement), between SCE and Harbor Cogeneration Company (Harbor).

The Agreement specifies the terms and conditions under which SCE will interconnect Harbor's 80,000 kW generating facility with SCE's Harborgen Substation pursuant to SCE's Transmission Owner Tariff.

Copies of this filing were served upon the Public Utilities Commission of the State of California and all interested parties.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or November 30, 2000. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions

### Federal Energy Regulatory Commission

[Docket Nos. RP96-312-043 and GT01-5-000]

#### Tennessee Gas Pipeline Company; Notice of Negotiated Rate

November 22, 2000.

Take notice that on November 15, 2000, Tennessee Gas Pipeline Company (Tennessee), tendered for filing Original Sheet No. 30G for inclusion in Tennessee's FERC Gas Tariff, Fifth Revised Volume No. 1. The filed tariff sheet reflects negotiated rate agreements between Tennessee and its Eastern Express Project 2000 shippers. Tennessee requests that the Commission approve the filed tariff sheet to be effective December 15, 2000.

Tennessee notes that in its October 29, 1999 "Order Issuing Certificate" in Tennessee Docket No. CP99-262-000, the Commission approved the negotiated rates for the Eastern Express Project 2000 shippers. *Tennessee Gas Pipeline Company*, 89 FERC ¶ 61,362 (1999). In accordance with the Commission's October 29, 1999 Order and consistent with the Commission's decisions in *Noram Gas Transmission Company*, FERC ¶ 61,091 (1996) and *Tennessee Gas Pipeline Company* 76 FERC ¶ 61,224 (1996), Tennessee is filing Original Sheet No. 30G.

Tennessee also requests that the Commission make a determination whether the Gas Transportation Agreement between Tennessee and Milford Power Company ("Milford Agreement") constitutes a non-conforming service agreement. In that regard, the Milford Agreement contains two provisions (Article VII and Section 12.3) on which Tennessee seeks a determination because they vary from the corresponding provisions in Tennessee's *pro forma* FT-A Gas Transportation Agreement. First, Article VII provides that any payments (*i.e.*, refunds) due to Milford Power Company from Tennessee will be paid directly to the lender that is financing the Milford Power Plant. Section 12.3 provides that Tennessee will provide written notice to the lender and Milford Power Company in the event of any default that could lead to termination of the Milford Agreement. In the event the Commission determines that the Milford Agreement "deviates in any material aspect" from Tennessee's *pro forma* FT-A Gas Transportation Agreement, Tennessee will, in a compliance filing, revise its FERC Gas Tariff to identify the
