

ACTION: Regulatory guide; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing Revision 1 to Regulatory Guide (RG) 5.81, “Target set Identification and Development for Nuclear Power Plants,” as a final RG. RG 5.81 provides guidance the NRC considers acceptable for applicant or licensee analysis, development, documentation, and reevaluation of target set elements and target sets, including preventive operator actions that may be credited to prevent core damage (e.g., non-localized fuel melting, and/or core destruction) or loss of spent fuel coolant and exposure of spent fuel. This revision of the guide (Revision 1) clarifies issues that have been identified through interactions with stakeholders and inspection activities since the original publication of the guide.

DATES: Revision 1 to RG 5.81 is available on December 23, 2019.

ADDRESSES: Revision 1 to RG 5.81 contains Official Use Only—Security Related Information (OUO—SRI). Therefore, this RG is being withheld from public disclosure, but is available to those affected licensees, stakeholders who have established a need to know and cleared stakeholders who have access authorization. For access to RG 5.81, contact the individuals listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Wesley Held, Office of Nuclear Security and Incident Response, U.S. Nuclear Regulatory Commission, telephone: 301–287–3591, email: Wesley.Held@nrc.gov; or Mekonen Bayssie, Office of Nuclear Regulatory Research; telephone: 301–415–1699, email: Mekonen.Bayssie@nrc.gov. Please do not include any potentially classified or sensitive information in your email.

SUPPLEMENTARY INFORMATION:

I. Discussion

The NRC is issuing a revision to an existing guide in the NRC’s “Regulatory Guide” series. This series was developed to describe and make available to the public information regarding methods that are acceptable to the NRC staff for implementing specific parts of the agency’s regulations, techniques that the NRC staff uses in evaluating specific issues or postulated events, and data that the NRC staff needs in its review of applications for permits and licenses.

Regulatory Guide 5.81 provides licensees with guidance on meeting the requirements described in section 73.55(f) of title 10 of the *Code of Federal Regulations* (10 CFR), “Target Sets.” Specifically, it sets forth approaches that the NRC considers acceptable for use by applicants or licensees in analyzing, developing, documenting, and evaluating target set elements and target sets, including operator actions that may be credited to prevent core damage (e.g., non-localized fuel melting, and/or core destruction) or loss of spent fuel coolant and exposure of spent fuel.

This revision of RG 5.81 (Revision 1) incorporates lessons learned from operating experience. Specifically, this revision clarifies issues that have been identified through interactions with stakeholders and inspection activities since the original publication of the guide.

II. Additional Information

Regulatory Guide 5.81 contains OUO—SRI information. Accordingly, this RG is being withheld from public disclosure. It will be made available to those affected licensees and stakeholders who have an established need-to-know for access to the RG. The NRC did not announce the availability of the draft RG for public comment because the guide contains OUO—SRI information. Nonetheless, the NRC is issuing this notice to inform the public of the issuance of this revision to the RG.

On August 14, 2018, the NRC issued a memorandum (ADAMS Accession No. ML19324F694) transmitting the draft regulatory guide for comment to stakeholders who have an established need-to-know for access to the document. The stakeholders’ comment period closed on October, 15, 2018. The NRC received 20 comments from stakeholders. The comments and the associated agency responses to the public comments contain OUO—SRI information and are not available to the public. These comment responses can be obtained by those licensees and stakeholders who have established a need-to-know for access to the regulatory guide. For access to RG 5.81 or the comments and comment resolution document, contact the individuals listed in the **FOR FURTHER INFORMATION CONTACT** section.

III. Congressional Review Act

This RG is a rule as defined in the Congressional Review Act (5 U.S.C. 801–808). However, the Office of Management and Budget has not found it to be a major rule as defined in the Congressional Review Act.

IV. Backfitting

This RG provides applicants or licensees with guidance to meet the requirements set forth in 10 CFR 73.55, “Requirements for Physical Protection of Licensed Activities in Nuclear Power Reactors Against Radiological Sabotage.” Issuance of this regulatory guide does not constitute backfitting as defined in 10 CFR 50.109, “Backfitting,” or affect issue finality of any approval issued under 10 CFR part 52, Licenses, Certificates, and Approvals for Nuclear Power Plants,” because as explained in Section D., “Implementation,” of the regulatory guide, NRC staff does not intend to use the guidance in this regulatory guide to support NRC staff actions in a manner that would constitute backfitting. If, in the future, the NRC seeks to impose a position in this regulatory guide in a manner that constitutes backfitting or affects the issue finality for a Part 52 approval, then the NRC will address the backfitting provision in 10 CFR 50.109 or the applicable issue finality provision in Part 52 respectively.

Dated at Rockville, Maryland, this 17th day of December 2019.

OFFICE OF PERSONNEL MANAGEMENT

Federal Prevailing Rate Advisory Committee; Open Committee Meetings

AGENCY: Office of Personnel Management.

ACTION: Notice of Federal Prevailing Rate Advisory Committee meeting dates in 2020. According to the provisions of section 10 of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that meetings of the Federal Prevailing Rate Advisory Committee will be held on—

Thursday, January 16, 2020
Thursday, February 20, 2020
Thursday, March 19, 2020
Thursday, April 16, 2020
Thursday, May 21, 2020
Thursday, June 18, 2020

Thursday, August 20, 2020
Thursday, September 17, 2020
Thursday, October 15, 2020
Thursday, November 19, 2020
Thursday, December 17, 2020

The meetings will start at 10 a.m. and will be held in Room 5A06A, Office of Personnel Management Building, 1900 E Street NW, Washington, DC.

The Federal Prevailing Rate Advisory Committee is composed of a Chair, five representatives from labor unions holding exclusive bargaining rights for Federal prevailing rate employees, and five representatives from Federal agencies. Entitlement to membership on the Committee is provided for in 5 U.S.C. 5347.

The Committee's primary responsibility is to review the Prevailing Rate System and other matters pertinent to establishing prevailing rates under subchapter IV, chapter 53, 5 U.S.C., as amended, and from time to time advise the Office of Personnel Management.

These scheduled meetings are open to the public with both labor and management representatives attending. During the meetings either the labor

members or the management members may caucus separately to devise strategy and formulate positions. Premature disclosure of the matters discussed in these caucuses would unacceptably impair the ability of the Committee to reach a consensus on the matters being considered and would disrupt substantially the disposition of its business. Therefore, these caucuses will be closed to the public because of a determination made by the Director of the Office of Personnel Management under the provisions of section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463) and 5 U.S.C. 552b(c)(9)(B). These caucuses may, depending on the issues involved, constitute a substantial portion of a meeting.

Annually, the Chair compiles a report of pay issues discussed and concluded recommendations. These reports are available to the public. Reports for calendar years 2008 to 2018 are posted at www.opm.gov/FPRAC. Previous reports are also available, upon written request to the Committee.

The public is invited to submit material in writing to the Chair on Federal Wage System pay matters felt to be deserving of the Committee's attention. Additional information on these meetings may be obtained by contacting the Committee at Office of Personnel Management, Federal Prevailing Rate Advisory Committee, Room 5H27, 1900 E Street NW, Washington, DC, 20415, (202) 606-2858.
