SUPPLEMENTARY INFORMATION: Section 4043 of the Employee Retirement Income Security Act of 1974 (ERISA) requires plan administrators and plan sponsors to report certain plan and employer events to PBGC. The reporting requirements give PBGC notice of events that may indicate plan or employer financial problems. PBGC uses the information provided in determining what, if any, action it needs to take. For example, PBGC might need to institute proceedings to terminate a plan (placing it in trusteeship) under section 4042 of ERISA to ensure the continued payment of benefits to plan participants and their beneficiaries or to prevent unreasonable increases in PBGC's losses.

The provisions of section 4043 of ERISA have been implemented in PBGC's regulation on Reportable Events and Certain Other Notification Requirements (29 CFR part 4043). Subparts B and C of the regulation deal with reportable events.

PBGC has issued Forms 10 and 10-Advance and related instructions under subparts B and C (approved under OMB control number 1212-0013). OMB approval of this collection of information expires November 30, 2018. PBGC is requesting that OMB extend its approval for another three years, with modifications. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC is proposing in this renewal request that all reportable events filings include controlled group information,

company financial statements, and the plan's actuarial valuation report. Currently there are five reportable events where some or all of that information isn't required. All three types of information would be added to two of these events ("Active Participant Reduction" and "Distribution to a Substantial Owner"). One type of information would be added to two events ("Transfer of Benefit Liabilities" and "Change in Contributing Sponsor or Controlled Group"), and two types to one event ("Extraordinary Dividend or Stock Redemption"). These reporting requirements give PBGC notice of events that may indicate plan or employer financial problems. The additional information is needed to help PBGC determine a sponsor's ability to continue to maintain a pension plan.

PBGC estimates that requiring this information will add 30 minutes to approximately 30 percent of the 568 reportable events notices it expects to receive in a year under subpart B of the reportable events regulation using Form 10 (out of approximately 590 that includes notices under subpart C using the Form 10-Advance). PBGC further estimates that the total average annual burden of this collection of information is 1,855 hours and \$439,500.

Section 303(k) of the Employee Retirement Income Security Act of 1974 (ERISA) and section 430(k) of the Internal Revenue Code of 1986 (Code) impose a lien in favor of an underfunded single-employer plan that is covered by PBGC's termination insurance program if (1) any person fails to make a required payment when due, and (2) the unpaid balance of that payment (including interest), when added to the aggregate unpaid balance of all preceding payments for which payment was not made when due (including interest), exceeds \$1 million. (For this purpose, a plan is underfunded if its funding target attainment percentage is less than 100 percent.) The lien is upon all property and rights to property belonging to the person or persons that are liable for required contributions (*i.e.*, a contributing sponsor and each member of the controlled group of which that contributing sponsor is a member).

Only PBGC (or, at its direction, the plan's contributing sponsor or a member of the same controlled group) may perfect and enforce this lien. ERISA and the Code require persons that fail to make payments to notify PBGC within 10 days of the due date whenever there is a failure to make a required payment and the total of the unpaid balances (including interest) exceeds \$1 million.

PBGC Form 200, Notice of Failure to Make Required Contributions, and related instructions implement the statutory notification requirement. Submission of Form 200 is required by 29 CFR 4043.81 (Subpart D of PBGC's regulation on Reportable Events and Other Notification Requirements, 29 CFR part 4043).

OMB has approved this collection of information under OMB control number 1212-0041, which expires November 30, 2018. PBGC is requesting that OMB extend its approval for another three years, with minor modifications. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that it will receive 100 Form 200 filings per year and that the average annual burden of this collection of information is 100 hours and \$72,500.
